Description

Eielson Air Force Base is issuing this Request for Information (RFI) to solicit industry feedback on the attached draft statement of work to install a camera surveillance system within our dorms' common areas. As part of our ongoing market research, the Government is seeking input from industry subject matter experts to help refine this requirement, identify potential ambiguities, and ensure our specifications align with current commercial best practices. Vendors are highly encouraged to review the draft SOW and provide comments, recommended technical additions, or alternative solutions that would enhance system reliability, security, and maintainability. The intent is to describe a camera system on multi level buildings. The system has to remain off the network, cover all common areas, and maintain recording for at least 4 hours when the power fails.

Please email your responses to SSgt Harding at sherea.harding@us.af.mil or TSgt Gilbert at Brandon.Gilbert.9@us.af.mil

Disclaimer: This posting is issued solely for information and planning purposes and does not constitute a Request for Proposal (RFP), Request for Quotation (RFQ), or a promise to issue a solicitation in the future. The Government will not pay for any information or administrative costs incurred in response to this notice.
