

# TerraGreen® Kick®

GREEN SEAL® BATHROOM CLEANER

TerraGreen Kick is a safer alternative to harsh acid cleaners, with the same cleaning power. This unique, deactivated acid works on contact with soils to break down hard water scale, rust, lime, soap scum, mold, and mildew stains. TerraGreen kick is an all-in-one bathroom cleaner, safe for use on sinks, toilets, urinals, water fountains, showers, tubs, tile, grout, and more.

TerraGreen Kick Plus delivers the same cleaning power as TerraGreen Kick, in a convenient ready-to-use formula.

**LOW ODOR & NO HARSH FUMES**

**NON-CORROSIVE & WORKER FRIENDLY**

**CUSTOMIZABLE CLEANING POWER (KICK ONLY)**

**CUTS THROUGH TOUGH SOILS & BUILDUP**

Kick	64oz SCS <sup>2</sup> /4	191028-33
Kick Plus	32oz/12	201038-20

# TerraGreen® Kick®

## GREEN SEAL® BATHROOM CLEANER

### DIRECTIONS

Use the SCS<sup>2</sup> dispenser to fill a bucket, equipment, or properly labeled spray bottle with solution. Use cold water.

- 1) **Apply** to surfaces to be cleaned.
- 2) **Wait**, allowing a few minutes dwell time.
- 3) **Scrub** with light-duty (non-scratching) abrasive pad.
- 4) **Rinse** all surfaces with water. Rinse pads and equipment with water before storage.

Prolonged contact with metal surfaces may stain or etch the surface. Always ensure adequate rinse after cleaning.

### RECOMMENDED DILUTION

Use cold water, adding concentrate to water at following dilution ratios (concentrate: water):

- Normal: 1:64
- Heavy-Duty: 1:32
- Extra Heavy-Duty: 1:16

Use the appropriate color tip on the SCS<sup>2</sup> dispenser to deliver the desired dilution.

### DIRECTIONS (RTU QUART)

- 1) **Lower Water Level:** Push water down, using swab/brush – promotes improved cleaning at water line.
- 2) **Apply** cleaner underneath and around flush ring.
- 3) **Wait.** Allow a few minutes dwell time.
- 4) **Clean/Flush/Rinse.** Clean entire surface area. Flush. Rinse swab/brush.

Use-dilution labels available from Brulin or local distributor.
