## **Solicitation/Contract Form Continuation**

Instrument Name: Transcranial Magnetic Stimulation (TMS) Systems

Product Service Code : 6515

### **Salient Characteristics**

#### Minimum Clinical Performance Requirements

- MagVenture TMS Therapy systems\*/ MagPro magnetic stimulator systems can be used with greater than 8 different FDA cleared transducer coils of different sizes and geometries. All coils FDA cleared for range of indications: MDD, MOD in adolescents, OCD, ANX-DEP, and mPNS for pain.
- MagPro stimulator systems can empirically capture and record the rate of change of current flow ( $di/dt$ ) in the transducer coil; for verification of actual realized stimulus power being communicated through the coil.
- MagVenture TMS /magnetic stimulator systems use liquid cooled transducer coils that enable un-interrupted patient treatment, with zero waiting time between TMS sessions, and delivery of greater than 5000 consecutive pulses at 75% system output power with average stimulation frequency of one pulse per second, when starting/ room temp equals 25C.
- MagPro stimulator systems are the only magnetic stimulator systems that produce clicking sounds below the OSHA defined 90dB Sound Pressure Level (SPL) threshold for requirement of hearing protection to prevent hearing loss from prolonged exposure to loud noise, when sampled at a 100% stimulator intensity at a distance of 10 cm (4 inches) from the surface of the transducer coil.
- MagVenture TMS Therapy systems are compatible with and have two-way communication with FDA cleared Localite TMS Navigator- (MRI Image based) neuro-navigation systems.
- MagVenture TMS Therapy system does not require any monthly subscription payment or (per-1:1se) fee to operate.
- MagVenture System Footprint: 24"L x 28"W x 40"H; Chair weight: 187 lbs/85 kg; Chair Capacity: Max Patient Weight: 330 lbs/ 150 kg

- The recommended room size for the MagVenture rTMS system with Localite is 10x10.

### Source Considerations

- MagVenture devices require a single NEMA 5-20R wall receptacle with dedicated 10V/20 amp circuit as power source
- If used with Patient 360 System, CAT6 cable preferred (minimum CAT5); and a router or modem with an ethernet cable with RJ45 connector.

### Biomedical Tech considerations

- Operator Training requirements: New system purchases include one day of on-site in-service training by a representative and two remote virtual training sessions (one hour each) with an experienced MagVenture user, which are included with every MagVenture system. MagVenture's local representatives and factory personnel are available for additional on-site clinical training, at a cost.
- Consumable/Spare/Repair parts inventory considerations: operational consumable supplies included with the initial purchase. Additional caps and pillowcases available for purchase.
- Special Calibration Equipment: MagVenture TMS Therapy/MagPro stimulator systems, when used in non-networked, stand-alone configuration, allow creation, storage and recall of more than 50 different stimulation protocols from the stimulator's console. MagVenture TMS systems can be relocated from one office location to another by end users without any need for recalibration or re-initiation.
- Quality history/Supportability considerations: MagVenture TMS Therapy systems can be configured with an optional electronic patient record management system that utilizes a HIPPA compliant, cloud-based patient database.
- Ease of Maintenance/repair considerations/ Support and Service considerations: A MagVenture representative can be onsite with 72hrs if required, in most locations in the continental USA. For products under warranty taken out of service as a result of any defect in materials or workmanship, a loaner device will dispatch within 96 hours of determination of the defect.

- MagVenture TMS Therapy systems are the only TMS systems FDA cleared (as TMS devices to treat depression) with three different treatment protocols; (37 min 10Hz, 19 min 10Hz, and 3 min Express TMS protocols), and two different treatment coils (one focal, one deep acting).
- MagVenture TMS Therapy system is the only TMS that can be used with an FDA cleared robotic coil positioning arm (Axilum TMS Cobot)
- MagVenture has a quality management system meeting requirement as per DS/EN ISO 13485

252.232-7006	Wide Area WorkFlow Payment Instructions.	2023-01		

#### WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	2021-05		

### PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense

telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [ ] will [ ] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

## **Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services**

## Addendum to Evaluation - Commercial Product and Commercial Services

### 5 2.212-2 ADDENDUM

The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation is Lowest Price, Technically Acceptable (LPTA). Award will be made on all or nothing basis. The following evaluation factors shall be used to evaluate offers. Award will be made to the responsible offeror once the Contracting Officer determines the quotation is technically acceptable and the proposed prices are fair and reasonable. Award may be made without discussions with offerors (except communications conducted for the purpose of minor clarification). However, the Government reserves the right to conduct discussions if it is later determined by the contracting officer to be necessary.

**1. Technical Acceptability:** Offer will be found technically acceptable if the offer meets the requirements specified in the solicitation.

The offerors response for EACH salient must begin with a "YES" or "NO" followed by an explanation for the response in sufficient detail that provides an unambiguous response.

**Acceptable** - The offerors shall meet the submission of offers instructions set forth in the solicitation. The proposed products must meet **EACH** of the salient characteristics and required features. If providing an "equal(s)" item(s), comply with FAR Provision 52.211-6, Brand Name only. Explain in detail how the proposed items will meet the salient characteristics of the items as specified here in the solicitation. Offerors shall demonstrate that the product proposed complies with the technical requirements described in the salient characteristics via the submission of a written capability statement, product literature, or other materials, with their offer. Offerors shall cross-reference their product to its "equal" in the solicitation via the use of part numbers or another methodology that clearly identifies what the submitted product is equal to.

**Unacceptable** - An unacceptable rating will be assessed on any offeror that presents items that demonstrate any of the following:

Failure to meet the submission of offers instructions set forth in the solicitation.

Failure to explain how your company will meet the requirements in sufficient detail for the Government to determine whether the items satisfactorily meet the requirements of this solicitation.

**2. Price:** Pricing will be reviewed to determine reasonableness based on competition. Contractors must submit their proposals to the email address below only:

Proposals must be submitted on time via email to: Gerri Hernandez at geraldine.i.hernandez.civ@health.mil. Potential contractors must be registered in (SAM) to be eligible for award. The SAM website is
