

ADDENDUM NO. 3

PALM BEACH COUNTY WATER UTILITIES DEPARTMENT

UTILITY DISTRIBUTION & COLLECTION SYSTEM

CONTINUING ENGINEERING SERVICES

Project No. PBCWUD 26-019

QUESTIONS AND ANSWERS:

Q1 – Can you please email me any and all information that is not listed on the PBC Vendor site?

A1 – All information relevant to this RFP is posted on the PBC Vendor site.

Q2 - Does Palm Beach County have standard platform(s) established for hydraulic modeling of the sanitary, water and storm systems that will be required by the selected firms? If so, what modeling platform(s) is/are standardized for each system?

A2 – All the hydraulic modeling is in InfoWater.

Q3 – Is GIS data available of the Palm Beach County infrastructure assets? If so, in what format and quality will be made accessible to the selected firms?

A3 – GIS data is in Esri (Environmental Systems Research Institute).

Q4 – For this contract, do the subs need to be certified for CCNA? Particularly, in the surveying category, we would like to have Dennis J. Leavy as part of our team, but he is no longer CCNA certified for category 5.01 Topography Land Surveying.

A4 – To qualify the solicitation, the proposal team has to meet all CCNA categories specified in the advertisement. It is acceptable for proposal firms that have submitted their CCNA annual renewal applications but have not yet received a confirmation of the recertification at the proposal due date, to submit their proposals. The recertification must be obtained prior to the Final Selection Committee meeting.

Dated this 16th day of June 2026
