- 1) Is this a brand new contract or is there an incumbent performing these services?  
Can you please provide the current/previous contract number?

The incumbent is McCain Dees & Associates Inc. Contract # 12FPC423P0014.

- 2) The SOW references the following items, but they do not appear to be included in the solicitation attachments we have:
- Exhibit 1 identifying the proposed market areas
  - Exhibit 2 identifying the proposed land use types
  - The GIS shapefile/map information described in Section D

Could you please provide those files or confirm where they can be accessed?

The two exhibits you can reference are provided as attachments. Since there are only 3 counties, GIS files of the market areas are not needed. It is understood they are each of the counties.
