**13. CONTRACT:**

A. Each bid is received with the understanding that the acceptance in writing by the city of the offer to furnish any or all of the commodities or services described therein shall constitute a contract between the bidder and the city which shall bind the bidder on his part to furnish and deliver the articles quoted at the prices stated in accordance with the conditions of said accepted bid. The city, on its part, may order from such contractor, except for cause beyond reasonable control, and to pay for, at the agreed prices, all articles specified and delivered.

B. It is understood that the bidder has reviewed the contract documents with the understanding that the City of Dunwoody requires that all agreements between the parties must be entered into via this document. If any exceptions are taken to any part, each must be stated in detail and submitted as part of the bid. If no exceptions are stated, it is assumed that the bidder fully agrees to the provisions contained in the "Sample Contract" in its entirety.

C. When the contractor has performed in accordance with the provisions of this agreement, the City of Dunwoody shall pay to the contractor, within thirty (30) days of receipt of any department approved payment request and based upon work completed or service provided pursuant to the contract, the sum so requested, less the retainage stated in this agreement, if any.

**17. SUBSTITUTIONS:**

The absence of such a substitution list shall indicate that the bidder has taken no exception to the specifications contained herein.

**18. INELIGIBLE BIDDERS:**

The city may choose not to accept the bid of a bidder who is in default on the payment of taxes, licenses or other monies due to the city. Failure to respond to three (3) consecutive times for any given commodity/service may result in removal from the supplier list under that commodity/service.

**19. BUSINESS LICENSE:**

Each successful bidder shall provide evidence of a valid city of Dunwoody business license if the bidder maintains an office within the City of Dunwoody. Unincorporated, out of city, and out of State bidders are required to provide evidence of a certificate to do business in any town, County or municipality in the State of Georgia, or as otherwise required by city ordinance or resolution.

**20. ALTERATIONS OF SOLICITATION AND ASSOCIATED DOCUMENTS:**

Alterations of city documents are strictly prohibited and will result in automatic disqualification of the firm's solicitation response. If there are "exceptions" or comments to any of the solicitation requirements or other language, then the firm may make notes to those areas, but may not materially alter any document language.

**21. TAX LIABILITY:**

Local and state governmental entities must notify contractors of their use tax liability on public works projects. Under Georgia law, private contractors are responsible for paying a use tax equal to the sales tax rate on material and equipment purchased under a governmental exemption that is incorporated into a government construction project: excluding material and equipment provided for the installation, repair, or expansion of a public water, gas or sewer system when the property is installed for general distribution purposes. To the extent the tangible personal property maintains its character (for example the installation of a kitchen stove), it remains tax-exempt. However, if the installation incorporates the tangible personal property into realty, e.g., the installation of sheetrock, it becomes taxable to the private contractor.

See O.C.G.A. 48-8-3(2) and O.C.G.A. 48-8-63

**22. GENERAL CONTRACTORS LICENSE:**

All General Contractors must have a current valid license from the State Licensing Board for Residential and General Contractors, unless specifically exempted from holding such license pursuant to Georgia law (O.C.G.A. Section 43-41-17).

**23. ENVIRONMENTAL SUSTAINABILITY**

The City of Dunwoody is committed to environmental sustainability. The city believes we have a unique opportunity to further expand our leadership in the area of environmentally preferable purchasing, and through our actions, elicit changes in the marketplace. By further incorporating environmental considerations into public purchasing, the City of Dunwoody will positively impact human health and the environment, remove unnecessary hazards from its operations, reduce costs and liabilities, and improve the environmental quality of the region. As such the city encourages the incorporation of environmental sustainability into proposals.

#### 14. INDEMNIFICATION AND INSURANCE

- 14.1 The Contractor shall indemnify, defend and hold completely harmless the City, TSW, and the members (including, without limitation, members of the City's Council), officers, employees and agents of each, with regards to Paragraph 14, each and all collectively referred to as the City, from and against any and all liabilities (including statutory liability and liability under Workers' Compensation Laws), losses, suits, claims, demands, judgments, fines, damages, costs and expenses (including all costs for investigation and defense thereof, including, but not limited to, court costs, paralegal and expert fees and reasonable attorneys' fees) which may be incurred by, charged to or recovered from any of the foregoing by (i) reason or on account of damage to or destruction or loss of any property of the City, or any property of, injury to or death of any person resulting from or arising out of or in connection with the performance of this Contract, or the acts or omissions of the Contractor's directors, officers, agents, employees, subcontractors, licensees or invitees, regardless of where the damage, destruction, injury or death occurred, unless such liability, loss, suit, claim, demand, judgment, fine, damage, cost or expense was proximately caused solely by the City's negligence or by the joint negligence of the City and any person other than the Contractor or the Contractor's directors, officers, agents, employees, subcontractors, licensees, or invitees, or (ii) arising out of or in connection with the failure of the Contractor to keep, observe or perform any of the covenants or agreements in this Contract which are required to be kept, observed or performed by the Contractor, or (iii) arising out of or in connection with any claim, suit, assessment or judgment prohibited by Section 14.4 below by or in favor of any person described in Section 14.5 below, or (iv) arising out of or in connection with any action by Contractor or its directors, officers, agents, employees, subcontractors, licensees or invitees. agrees to give the Contractor reasonable notice of any suit or claim for which indemnification will be sought hereunder, to allow the Contractor or its insurer to compromise and defend the same to the extent of its interests, and to reasonably cooperate with the defense of any such suit or claim. In carrying out its obligations under this section, the Contractor shall engage counsel reasonably acceptable to the City. In any suit, action, proceeding, claim or demand brought in respect of which the City may pursue indemnity, the City shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of the City unless (1) the Contractor and the City shall have mutually agreed to the contrary, (2) the Contractor has failed within a reasonable time to retain counsel reasonably satisfactory to the City, or (3) the City and the Contractor are both named parties in any such proceeding and, in the sole judgment of the City, representation of both the City and the Contractor by the same counsel would be inappropriate due to actual or potential differing interests between them. - 14.2 In addition to indemnification provisions stated above, if the City's use of any service, software, firmware, programming, or other item provided by or on behalf of the Contractor is enjoined due to infringement of another person or entity's intellectual property rights, the Contractor shall promptly, at its sole cost and expense, modify the infringing item so that it no longer infringes, procure for the City the legal right to continue using the infringing item, or procure for the City a non-infringing item, or procure for the City a non-infringing replacement item having equal or greater functional capabilities as the infringing item.
- 14.3 The Contractor shall assume all responsibility for loss caused by neglect or violation of any state, federal, municipal or agency law, rule, regulation or order. The Contractor shall give to the proper authorities all required notices relating to its performance, obtain all official permits and licenses, and pay all proper fees and taxes. It shall promptly undertake proper monetary restitution with respect to any injury that may occur to any building, structure or utility in consequence of its work. The Contractor will notify the City in writing of any claim made or suit instituted against the Contractor because of its activities in performance of the Contract.
- 14.4 No recourse under or upon any obligation, covenant or agreement contained in this Contract, or any other agreement or document pertaining to the work or services of the Contractor hereunder, as such may from time to time be altered or amended in accordance with the provisions hereof, or any judgment obtained against the City, or by the enforcement of any assessment or by any legal or equitable proceeding by virtue of any statute or otherwise, under or independent of this Contract, shall be had against any member (including, without limitation, members of the City's Council, or members of the citizens advisory committees of each), any officer, employee or agent, as such, past, present, or future of the City, either directly or through the City or otherwise for any claim arising out of or in connection with this Contract or the work or services conducted pursuant to it, or for any sum that may be due and unpaid by the City. Any and all personal liability of every nature, whether at common law or in equity, or by statute or by constitution or otherwise, of any such member, officer, employee, or agent, as such, to respond by reason of any act or omission on his or her part or otherwise for any claim arising out of or in connection with this Contract or the work or services conducted pursuant to it, or for the payment for or to the City, or any receiver therefore or otherwise, of any sum that may remain due and unpaid by the City, is expressly waived and released as a condition of and in consideration of the execution of this Contract and the promises made to the Contractor pursuant to this Contract.
- 14.5 In any and all claims against the City, or any of their officers, members, agents, servants or employees, by any employee of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation of the Contractor under this Section 14 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefit payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, disability benefit acts or other employee benefit acts.
- 14.6 No provisions of Section 14 herein shall be construed to negate, abridge, or otherwise reduce any other right of indemnity that the City may have as to any party or person described therein.
- 14.7 Insurance
- 14.7.1 General Liability and Automobile Liability. The Contractor shall purchase and maintain in force during the term of the Contract, at its own cost and expense, to protect the Contractor, the City, and the members (including, without limitation, all members of the governing City's Council and the citizens' advisory committees of each), officers, agents, and employees of each, from and against any and all liabilities arising out of or in connection with the Contractor's performance of the Contract

- 24.8 The delay or failure of the City at any time to insist upon a strict performance of any of the terms, conditions and covenants herein shall not be deemed a waiver of that breach or any subsequent breach or default in the terms, conditions, or covenants of this Contract. The Contractor shall not be relieved of any obligation hereunder on account of its failure to perform by reason of any strike, lockout, or other labor disturbance.
- 24.9 If the City/County shall, without any fault, be made a party to any litigation commenced between the Contractor and a third party arising out of the Contractor's operations and activities at the premises, then the Contractor shall pay all costs and reasonable attorney's fees incurred by or imposed upon the City in connection with such litigation for all trial and appellate proceedings. The City/County shall give prompt notice to the Contractor of any claim or suit instituted against it by such third party. The provisions of this Section supplement and are not intended to be in lieu of the indemnification provisions of Section 5 hereof. The provisions of this Section shall survive the acceptance of the services and payment therefore, and the expiration or earlier termination of this Contract.
- 24.10 The City/County shall have the right to recover from the Contractor all of the City's/County's costs and expenses incurred in enforcing the provisions of this Contract including, but not limited to, (1) the cost of administrative investigation and enforcement (including, without limitation, audit fees and costs, attorneys' fees) and (2) the cost of any trial, appellate or bankruptcy proceeding (including, without limitation, investigation costs, audit fees and costs, attorneys' fees, court costs, paralegal fees and expert witness fees). This provision shall survive the expiration or termination of the Contract.
- 24.11 The Contractor shall not during the term of the Contract knowingly hire or employ (on either a full-time or part-time basis) any employee of the City/County.
- 24.12 The Contractor shall be required, during the term of the Contract, at no additional cost to the City, to take such reasonable security precautions with respect to its operations at City Hall as the City in its discretion may from time to time prescribe. The Contractor shall comply with all regulations, rules and policies of any governmental authority, including the City, relating to security issues.
- 24.13 The City/County may, but shall not be obligated to, cure, at any time, upon five (5) days written notice to the Contractor (provided, however, that in any emergency situation the City/County shall be required to give only such notice as is reasonable in light of all the circumstances), any default by the Contractor under this Contract; whenever the City/County so cures a default by the Contractor, all costs and expenses incurred by the City/County in curing the default, including, but not limited to, reasonable attorneys' fees, shall be paid by the Contractor to the City on demand.
- 24.14 The City shall, in its discretion, be entitled to deduct from the compensation to which the Contractor is otherwise entitled hereunder, an amount equal to any liabilities of the Contractor to the City/County which are then outstanding. In the event that additional work beyond the scope of this Contract is requested by the City Manager and it results in any extra charges to the City/County, the Contractor shall so advise the City in writing of the amount of the extra charges. The City/County is not required to pay any extra charges for additional work unless such work and the charges therefore have been approved in advance and have been confirmed in writing within twenty-four (24) hours by the City Manager, in his or her exclusive discretion.
- 24.15 The Contractor is an independent contractor and nothing contained herein shall be construed as making the Contractor an employee, agent, partner or legal representative of the City/County for any purpose whatsoever. The Contractor acknowledges that it does not have any authority to incur any obligations or responsibilities on behalf of the City/County, and agrees not to hold itself out as having any such authority. Nothing contained in this Contract

shall be construed to create a joint employer relationship between the City/County and the Contractor with respect to any employee of the Contractor or of its subcontractors.

- 24.16 The Contractor and its subcontractors, if any, shall maintain complete and accurate books and records in accordance with generally accepted accounting principles, consistently applied, and shall be in a form reasonably acceptable to the City Manager or designee. The Contractor and its subcontractors shall account for all expenses of any nature related to transactions in connection with this Contract in a manner which segregates in detail those transactions from other transactions of the Contractor and subcontractors, and which support the amounts reported and/or invoiced to the City. At a minimum, the Contractor's and subcontractor's accounting for such expenses and transactions shall include such records in the form of electronic media compatible with or convertible to a format compatible with computers utilized by the City at its offices; a computer run hard copy; or legible microfilm or microfiche, together with access to the applicable reader. All such books and records and computerized accounting systems shall upon reasonable notice from the City be made available in DeKalb County, Georgia, for inspection, examination, audit and copying by the City through and by its duly authorized representatives at any time for up to four (4) years after the year to which books and records pertain. Such inspection, examination, or audit may include, but is not limited to a review of the general input, processing, and output controls of information systems, using read only access, for all computerized applications used to record financial transactions and information. The Contractor and subcontractor shall freely lend its own assistance in a timely manner in making such inspection, examination, audit, or copying and, if such records are maintained in electronic and other machine-readable format, shall provide the City and/or its representative such assistance as may be required to allow complete access to such records. The City Manager may require the Contractor and subcontractors to provide other records the City Manager, in his or her sole discretion, deems necessary to enable the City to perform an accurate inspection, examination or audit of expenses incurred in and transactions related to performance of this Contract. Such records shall be provided within thirty (30) days of request thereof. In the event that expenses incurred or reimbursed are found by such inspection, examination, or audit to have been overpaid, the Contractor and its subcontractors agree that such amounts shall be payable to the City. If, prior to the expiration of the above-stated four (4) year record retention period, any audit or investigation is commenced by the City, or any claim is made or litigation commenced relating to this Contract by the City, the Contractor, or a third party, the Contractor shall continue to maintain all such records, and the City shall continue to have the right to inspect such records in the manner stated above, until the inspection, examination, audit, claim, or litigation is finally resolved (including the determination of any and all appeals or the expiration of time for an appeal). This provision shall survive the expiration or earlier termination of this Contract. In the event of any conflict between any provision of this Contract and generally accepted accounting principles or generally accepted auditing standards, the provisions of this Contract shall control even where this Contract references such provisions or standards. In particular, without limitation, the Contractor and subcontractors shall maintain all records required under this Contract to the full extent required hereunder, even if some or all such records would not be required under such generally accepted accounting principles or auditing standards. If as a result of an inspection, examination or audit, it is established that amounts are due from the Contractor to the City, the Contractor shall forthwith, upon written demand from the City, pay the City such amount, together with interest on the amount due at the rate of eighteen (18%) percent per annum, or if less, the maximum rate of interest allowed by law, from the date such additional amounts were overpaid by the City. Further if such inspection, examination or audit establishes that the Contractor has over billed such amounts for any Contract period by two (2%) percent or more, then the entire expense of such inspection, examination or audit shall be paid by the Contractor.
- 24.17 The Contractor and subcontractors shall prepare and provide the City/County with all detailed reports as required under the Contract on a timely basis. The City/County reserves the right to modify the reporting procedures or the form and content of any report as it deems necessary.
- 24.18 There are no third-party beneficiaries to this Contract and nothing contained herein shall be construed to create such.
- 24.19 Time is of the essence for the performance of each of the Contractor's obligations under this Contract.
- 24.20 In computing any period of time established under this Contract, except as otherwise specified herein the word "days," when referring to a period of time that is ten (10) days or less means business days, and when referring to a period of time that is more than ten (10) days means calendar days. The day of the event, from which the designated period of time begins to run shall not be included. A business day is any day other than Saturday, Sunday, or Federal, State of Georgia or City holidays.

- 24.23 The Contractor, the City, and the County hereby mutually waive any claim against each other and their respective members, officials, officers, agents and employees for damages (including damages for loss of anticipated profits) caused by any suit or proceedings brought by either of them or by any third party directly or indirectly attacking the validity of this Contract or any part thereof, or any addendum or amendment hereto, or the manner in which this Contract was solicited, awarded or negotiated, or arising out of any judgment or award in any suit or proceeding declaring this Contract, or any addendum or amendment hereto, null, void or voidable or delaying the same, or any part thereof, from being carried out.

Each governmental agency allowed by the Contractor to purchase products and/or services in connection with this Contract shall do so independent of the City or any other governmental entity. Each agency shall be responsible for its own purchases and shall be liable only for goods and services ordered, received and accepted by it. The City shall have no liability to the Contractor or any governmental agency resulting from the purchase by that agency of products and/or services from the Contractor in connection with this Contract.
  
- 24.25 Contractor must adhere to the City's Travel Policy.

## SPECIAL CONDITIONS

### ARTICLE 1 – THE WORK

---

#### 1.1 Summary of the Work

The Dunwoody Gateway Signs project work consists of site preparation, monument sign installation, lighting and landscaping at 13 locations identified in the construction drawings. The project also includes an add alternate for 9 of the 13 locations.

#### 1.2 General

1.2.1 All Work under this contract shall be constructed in accordance with the lines and grades shown on the Plans or approved Shop Drawings or as directed by the city's representative. Any error or apparent discrepancy in the data shown or omissions of data required to accurately accomplish the stake-out survey shall be referred immediately to the Project Manager for interpretation or correction.

1.2.2 All surveying and engineering shall be provided by the Contractor at his expense.

1.2.3 Limit use of the premises to construction activities in areas indicated. Maintain safe traffic flow. Allow for Owner occupancy and use by the public.

1.2.4 Confine operations to areas within the construction limits/easements indicated. Portions of the site beyond areas in which construction operations are indicated are not to be disturbed.

1.2.5 Keep access points serving properties clear and available to the Owner and occupants at all times. Do not use these areas for parking or storage of materials.

**1.3 Property Damage:** Exercise extreme care to minimize damage to property adjacent to the construction site, including rights-of-way. Repair and/or replace any damage resulting from Contractor's activities in a manner acceptable to the property owner and the Project Manager as soon as practicable.

#### 1.4 Access to Properties and Maintenance of Traffic Flow

1.4.1 For the convenience of the public, the Contractor shall so conduct his operations as to offer the least possible obstruction and inconvenience, and he shall have under construction no greater amount of work than he can prosecute properly with due regard to the rights of the public. A minimum **48-hour notice** shall be given to property owners and/or residents prior to temporary driveway closures.

## **ITB 26-05: DUNWOODY TRAILWAY WAYFINDING PROJECT SPECIAL CONDITIONS**

- 1.4.2 Once construction operations begin, it shall be the Contractor's responsibility to maintain access and traffic-flow until final Project acceptance. Construction operations shall be scheduled and executed in such a manner as to cause minimal inconvenience to owners of abutting property. Convenient access to all properties, roads, highways, sidewalks, and driveways affected by the Work shall be maintained. Routes normally used by vehicular traffic shall be safely negotiable without slipping, sliding or loss of traction. Maintenance operations are to be performed on a daily basis to provide access and to maintain traffic flow at all times.
- 1.4.3 No material or equipment shall be stored where it will interfere with the free and safe passage of public traffic. At the end of each workday, and at other times when construction operations are not in progress for any reason, the Contractor shall remove all equipment and other obstructions from that portion of a roadway intended for public use.
- 1.4.4 The Contractor throughout the prosecution of the Work shall maintain access to fire hydrants and fire alarm boxes. Hydrants, alarm boxes, and standpipe connections shall be kept clear of obstructions and visible at all times. If visibility cannot be maintained, the Contractor shall provide clearly visible signs showing the location of the fire hydrant.
- 1.4.5 Utility companies and public agencies having facilities within the limits of the Work shall have access to their facilities at all times for inspection and repair.

### **ARTICLE 2 – TIME REQUIREMENTS, BASIS FOR PAYMENT, LIQUIDATED DAMAGES**

- 2.1 Time for Completion:** The Contractor shall commence actual physical work on the Project within **ten (10) calendar days** of the date of the Notice to Proceed. The Contractor shall complete the work of each project ready for use not later than the number of calendar days as set forth below.
- 2.1.1 **Substantial Completion:** Work of Project shall commence within ten (10) calendar days of the date of Notice to Proceed. Substantial Completion of all the Work within project shall be achieved within **180** days of the Notice to Proceed
- 2.1.2 **Final Completion:** Final completion of all work including corrective work shall be achieved within 30 calendar days from Certified Substantial Completion
- 2.2 Basis of Payment and Retainage:** Payment shall be made on the basis of prices given in the bid. Lump sum prices shall be paid on the percent complete based upon a breakdown of lump sum items

## ITB 26-05: DUNWOODY TRAILWAY WAYFINDING PROJECT SPECIAL CONDITIONS

in the Bid and materials delivered to the job site. Unit prices will be applied to the actual quantities furnished and installed, as specified, in order to determine payment. **For each application of payment, the owner shall retain a sum equal to (10%) ten percent of total earned amount.**

**2.3 Liquidated Damages:** Contractor and Owner recognize that time is of the essence and is an essential element of this Agreement and that Owner will suffer financial loss if the Work is not completed within the times specified in 2.1 above, plus any approved extensions. The parties also recognize the delays, expense, and difficulties involved in legally proving the true value of the damages which the Owner will sustain by failure of the Contractor to complete the Work on time.

2.3.1 Substantial Completion - Accordingly, instead of requiring any such proof, Owner and Contractor agree that in the event that the work to be done under this Contract is not substantially completed within the times specified (and such additional extension of time as the Owner may have granted), the Owner will retain from the compensation otherwise to be paid to the Contractor, including progress payments, the sum of **\$500.00** for each additional day required to bring the work to Substantial Completion.

Substantial Completion is achieved when all items of work are completed in accordance with the Contract Documents, so that the project can be safely, conveniently and beneficially utilized for the purposes for which it is intended.

2.3.2 Final Completion - After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times or any proper extension thereof granted by Owner, the Owner will retain from the compensation otherwise to be paid to the Contractor, including progress payments, the sum of **\$250.00** for each additional day required to bring the work to Final Completion.

Final Completion is achieved when all corrective or punch list work is complete and the project is totally and completely capable of being utilized for the purposes for which is intended.

2.3.3 These fixed liquidated damages, as stated above, are established not as a penalty but are calculated and agreed upon in advance by the Owner and the Contractor due to the uncertainty and impossibility of making a determination as to the actual and consequential damages incurred by the Owner as a result of the failure on the part of the Contractor to complete the Work on time. The parties agree that the stipulated sum is a reasonable estimate of the probable loss by Owner. Such liquidated damages referred to herein are intended to be and are cumulative and shall be in addition to every other remedy now or hereafter enforceable at law, in equity, by statute, or under the Contract.

# ITB 26-05: DUNWOODY TRAILWAY WAYFINDING PROJECT SPECIAL CONDITIONS

Major Work Items are those items that make up a minimum of 20% of the total contract amount. The Contractor shall perform any additional Work concurrently with the original Work, and shall use additional manpower, additional shifts, overtime or other means to maintain the project schedule and Contract time.

## 2.5 Special Times and Work Restrictions

Lane closures are not permissible between the hours of 7:00 A.M. to 9:00 A.M. and 4:00 P.M. to 6:00 P.M. Monday through Friday.
