Services are child-centered, family-focused, and community-based. Emphasis is on reducing out-of-home and out-of-community placements. Notwithstanding the requirements specified herein, the written protest shall be addressed to the City's Purchasing Agent and shall include the basis for the protest and the relief sought to be considered valid. The City shall issue a decision in writing stating the reasons for the action taken. This decision shall be final unless the offeror appeals within ten (10) days of receipt of the written decision by instituting legal action as provided in City Code §33.1-106. Nothing in this subsection shall be construed to permit an offeror to challenge the validity of the terms or conditions of the RFP. Pending final determination of a protest or appeal, the validity of a contract awarded and accepted in good faith in accordance with this chapter shall not be affected by the fact that a protest or appeal has been filed.

DIGITAL ACCESSIBILITY REQUIREMENTS

Purpose/Intent:

The City of Norfolk is committed to accessibility in accordance with state and federal law, including a web presence and online tools and services that everyone can access. The Web Content Accessibility Guidelines (WCAG) are a set of criteria to help make web technologies and web content more accessible. Following these guidelines makes content accessible to a wider range of people with disabilities, including blindness and low vision, deafness and hearing loss, learning disabilities, cognitive limitations, limited movement, speech disabilities, photosensitivity, and combinations of these. Employing accessibility best practices also improves the user experience of all users.

Regulations promulgated by the Department of Justice under Title II of the Americans with Disabilities Act ("ADA") mandate that state and local governments use WCAG Version 2.1, Level AA as the technical standard for the governments' web content and mobile apps. This standard also applies to the government's content, tools, and platforms posted or run by a contractor or vendor.

Accessibility Requirements:

1. Compliance Standard: All deliverables under this contract — including websites, mobile apps, documents (PDFs, Word, PowerPoint, spreadsheets), social media content, software interfaces, and multimedia — must comply with all technical and other standards for digital accessibility

applicable to local governments under Title II of the Americans with Disabilities Act (“ADA”) (including but not limited to WCAG 2.1 Level A and Level AA, as required by the Title II ADA regulations in effect as of April 24, 2026), and with any technical or other standards required by Virginia law, including but not limited to the Information Technology Access Act, Virginia Code § 2.2-3500 et seq.

2. Testing and Verification: The vendor shall provide evidence of compliance with the Compliance Standard, including but not limited to third-party audits or accessibility conformance reports. Any defects or non-conforming elements discovered shall be remedied at no additional cost to the City.
3. Maintenance and Upgrades: Any updates, enhancements, or patches must not degrade accessibility; new or modified content must also meet the Compliance Standard.
4. Forward Compatibility: The vendor shall design and build with future compliance in mind, including readiness for WCAG 2.2 success criteria or subsequent standards (such as WCAG 3), so that migration or upgrades will be feasible without complete redesign.
5. Documentation: Vendor shall deliver relevant accessibility documentation (Voluntary Product Accessibility Template (“VPAT”) or equivalent), and provide training / support materials as needed.
6. Enforcement and Remedies: Failure to meet these standards shall constitute breach of contract, entitling the City to any and all remedies available in law and equity, and as provided in this contract, including but not limited to, the right of the City to obtain alternate performance of the obligations in this contract by another vendor at Contractor’s expense.
