Item Information

Item # 1: (936 - 73) Alton Mental Health Center, located at 4500 College Avenue, Alton, IL 62002 is seeking a qualified vendor to provide combined IT security, server, and platform support services for both the Video Surveillance System (VSS) and the Electronic Access Control System (ACS) for a one-year term beginning 07/01/2026 and ending 06/30/2027. The scope, structure, and exclusions must be compatible with Building Automation Security Services to ensure consistency across all critical facility systems. This procurement is strictly limited to IT-side support, cybersecurity, server and workstation maintenance, software platform stability, and data protection. The vendor shall not provide physical security device maintenance, installation, or field programming. Systems covered include but may not be limited to: Video Surveillance Management Software (VMS); Video recording servers and storage; Security operator workstations; Access Control System (ACS) servers and databases; Credential and access management platforms; and Supporting operating systems and virtual environments. Vendor responsibilities include but may not be limited to: Operating system and security patching; Cybersecurity hardening per Illinois DoIT standards; Endpoint protection and malware prevention; Backup and disaster recovery testing; User account and access management; and Monitoring and incident response. This procurement will exclude the following: Cameras, readers, door hardware, locks, or cabling; Physical device installation or repair; Field programming or configuration; and Construction or system expansion work. All bids must include all costs associated with the project, including but not limited to, all labor, materials, equipment, supervision, and incidentals necessary to complete the work described above. Scope of work is attached.
