#### **PROCUREMENT LOBBYING ACT REQUIREMENTS**

The Procurement Lobbying Act of 2005 (State Finance Law §§139-j and 139-k) imposes new requirements on the New York State Unified Court System's (UCS) procurement process. The requirements include: restrictions on contacts by vendors to UCS personnel, mandatory documentation by UCS of certain vendor contacts, and additional vendor responsibility, disclosure and submission requirements. The requirements are described in detail below.

#### **CONTACT RESTRICTIONS AND CONTACT RECORDING:**

Except for a few types of contacts, vendors are prohibited from contacting anyone other than the contact person(s) designated in the RFB/RFP about the procurement during the restricted period of the procurement. The restricted period starts on the Issue Date of the RFB/RFP (see RFB/RFP cover sheet), which is the same date that notice of the procurement opportunity appears in the New York State Contract Reporter. The restricted period ends on the date that the Office of the State Comptroller (OSC) approves the contract. The only contacts that vendors can make to other than the designated contact person(s) are: participation in pre-bid conferences, contract negotiations after a tentative contract award and contacts related to certain kinds of complaints, including grievance proceedings. Vendors are also prohibited from making contacts that would result in a violation or attempted violation of the conflict of interest rules applicable to judges (part 100 of the Rules of the Chief Administrator of the Courts) and non-judicial employees (Section 50.1 of the Rules of the Chief Judge). UCS employees are required to document certain vendor contacts and the documentation must include certain information about the person making the contact, including name, address, telephone number, occupation and place of principal employment. The documentation requirement applies to vendor contacts that are intended to influence certain aspects of the procurement and includes some permissible and/or routine contacts such as submission of a bid and participation in a pre-bid conference, as well as some contacts made to the designated contact person(s).

#### **VENDOR SUBMISSIONS & VENDOR RESPONSIBILITY:**

Vendors are required to submit the following with their bids or proposals:

- affirmation of understanding and agreement to comply with the Procurement Lobbying Act's contact restrictions (UCS 421); and
- disclosure of prior findings of non-responsibility made against the vendor by any government agency during the four-year period preceding the bid or proposal submission date for:
  1. violations of the Procurement Lobbying Act's contact restrictions; or
  2. any intentional provision of false or incomplete information to a government agency (regardless of whether or not the false or incomplete information was related to the Procurement Lobbying Act - UCS 420).

Vendors must also certify that the disclosure provided on UCS 420 is complete, true and accurate. In addition, all UCS contracts are required to contain a clause permitting UCS to terminate the contract if the vendor's certification is found to be intentionally false or intentionally incomplete.

UCS is required to make a determination of vendor responsibility with regard to the vendor's compliance with the Procurement Lobbying Act in addition to the vendor responsibility determination that is made based on the Vendor Responsibility Questionnaire in Attachment III.

#### **BACKGROUND:**

The Procurement Lobbying Act (State Finance Law §139-k) obligates the New York State Unified Court System (UCS) to require bidders/vendors to disclose any finding of non-responsibility made against them within the previous four (4) years by any governmental entity based on: (a) a violation of the Procurement Lobbying Act's contract restrictions (State Finance Law §139-j(3)); or (b) the intentional provision of false or incomplete information to a governmental entity. UCS is required to consider any failure of the bidder/vendor to timely disclose complete and accurate information concerning these prior determinations of non-responsibility in making its own required determination of vendor responsibility with regard to the vendor's compliance with the Procurement Lobbying Act. In addition, UCS is prohibited by the Act from awarding a contract to a bidder/vendor that (i) fails to timely disclose accurate or complete information concerning the prior determinations of non-responsibility required to be disclosed; or (ii) knowingly and willfully violates the Act's contract restrictions, unless a finding is made: (a) that the award of the contract to the bidder/vendor is necessary to protect public property or public health or safety; and (b) that the bidder/vendor is the only source capable of supplying the required goods/services within the necessary timeframe. See State Finance Law §§139-j(10)(b) and 139-k(3).
