Description

This is a combined synopsis/solicitation for commercial products prepared in accordance with RFO FAR Part 12. This announcement constitutes the only solicitation; quotations are being requested and a written solicitation will not be issued.

Solicitation No. 75H71326Q00007 has been issued as a Request for Quotation (RFQ) for a firm-fixed-price commercial products contract for Medical Supplies on an "As Needed Basis" for the Indian Health Service, Portland Area Office, Western Oregon Service Unit, Salem, Oregon.

The requirement includes medical supplies for the Western Oregon Service Unit, including the items listed in Attachment 1 - Schedule of Items. Supplies shall be furnished on an as-needed basis, delivered within 3 to 10 business days after order, and provided in accordance with Attachment 2 - Specifications Sheet.

The anticipated period of performance includes one 12-month base period and four 12-month option periods. The base period is anticipated to be July 20, 2026 through July 19, 2027. Each option period, if exercised, will continue for 12 months following the prior performance period. The actual start date and end date will be stated in the resulting award.

The place of delivery/performance is the Western Oregon Service Unit campus, Chemawa Indian Health Center, 3750 Chemawa Road NE, Salem, Oregon 97305. Government acceptance will occur at the Western Oregon Service Unit.

The Contractor may submit invoices through IPP after supplies have been delivered and accepted. Invoices shall identify the applicable order number, CLIN(s), item description(s), quantities delivered, unit prices, extended prices, delivery date, and include packing slips or other receiving documentation for the invoice period.

INSTRUCTIONS TO RESPONDENTS AND EVALUATION CRITERIA

Submission of Quotes

Quotations shall be submitted electronically to jacob.blalock@ihs.gov and PORAQAcquisition@ihs.gov no later than July 9, 2026 at 5:00 PM Pacific Time. The email subject line should read: 75H71326Q00007 - WOSU Medical Supplies Quote.

The Government may consider a quotation received after the due date and time only if the Contracting Officer determines that doing so would not unduly delay the acquisition and would be in the Government interest. Offerors are responsible for ensuring timely receipt.

Quotes shall include:

Completed price quote (Attachment 1 - Schedule of Items) with unit and extended prices for every CLIN for the base period and all four option periods. Pricing shall include all supplies, packaging, shipping, handling, F.O.B. destination delivery, overhead, profit, and other costs necessary to provide the requirement.

Attachment 1 identifies example manufacturer and part/reference numbers for item identification. Offerors may quote products that meet or exceed the referenced item characteristics and must identify the offered manufacturer and part/reference number in the pricing schedule.

Prior experience and past performance on recent and relevant medical supply, healthcare supply, clinical supply, or similar supply requirements, including at least three references.

Confirmation of active SAM.gov registration for Federal Government contracts and the offeror's UEL.

Completed IEE Form.

Offerors shall quote on an all-or-none basis. Quotations that do not include pricing for all required items for the base period and all four option periods may be determined unacceptable.

Questions

Questions regarding this solicitation shall be submitted in writing via email to jacob.blalock@ihs.gov and PORAOAcquisition@ihs.gov no later than four (4) business days prior to the closing date. The subject line shall include the solicitation number 75H71326Q00007.

BASIS FOR AWARD

The Government intends to award a contract to the responsible Offeror whose conforming quote represents the best value to the Government, considering only Price and Past Performance. Price and Past Performance are approximately equal in importance. The Government may award to other than the lowest-priced Offeror.

The Government reserves the right to:

Make no award

Evaluate quotes without discussions

Communicate with Respondents for clarification purposes only

Exclude quotes that fail to follow solicitation instructions

EVALUATION FACTORS

The Government will first determine whether quotations are complete, eligible for the ISBEE set-aside, and conform to the material solicitation requirements, including all-or-none pricing and submission of required representations. Conforming quotations will be evaluated using only Price and Past Performance. The Government may make no award if no quotation conforms to the solicitation, if no offeror is responsible, or if pricing is not determined fair and reasonable.

The following factors will be used to evaluate quotations:

Factor 1 - Price. The Government will evaluate the total evaluated price, including the base period and all four option periods. Total evaluated price will be calculated by adding the extended annual totals for the base period and all four option periods. The Government will evaluate prices for reasonableness and may consider whether pricing is materially unbalanced, uneven across periods, or otherwise not in the Government interest.

Factor 2 - Past Performance. The Government will evaluate the recency and relevance of the offeror and any proposed major subcontractor experience providing comparable medical supply, healthcare supply, clinical supply, or similar supply requirements. The Government may consider information submitted by the offeror, Government records, and other reasonably available past performance information.

Relative Importance: Price and Past Performance are approximately equal in importance. Neither factor is significantly more important than the other. The Government may make price/past performance tradeoffs and may award to other than the lowest-priced offeror if the quotation represents the best value to the Government.

Options: The Government will evaluate quotations for award purposes by adding the total price for all option periods to the total price for the basic requirement. Evaluation of options does not obligate the Government to exercise any option.

AWARD INFORMATION

A single award is anticipated. Written notice of award or acceptance of a quotation furnished to the successful offeror within the time for acceptance specified in the quotation shall result in a binding contract without further action by either party. Before the quotation specified expiration time, the Government may accept a quotation whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
