SECTION 1 - INSTRUCTIONS TO BIDDERS

1.1 Questions and Comments

- 1.1.1 Submit all questions, comments, exceptions, and suggestions to the Designated Point of Contact by the Deadline for Questions and Comments. Questions and comments received after the deadline may not be acknowledged.
- 1.1.2 If taking exceptions to any portion of this solicitation, submit the exceptions in writing to the Designated Point of Contact by the Deadline for Questions and Comments. Identify specific sections and paragraph numbers to which exceptions are taken. If requesting changes to language, identify specific words or phrases to be changed and provide new requested language. If the County agrees to the changes, the solicitation will be revised and an amendment will be posted.
- 1.1.3 Failure to take exceptions prior to the deadline stated or as directed will be deemed a waiver of any objection. Bids that are conditional or include exceptions may be considered non-responsive and will be rejected.
- 1.1.4 Requests for complete replacement of the County's Standard Agreement terms will not be granted.

1.2 Revisions to the Solicitation

The County may cancel, revise, or reissue this solicitation, in whole or in part, for any reason. Revisions will be posted as an amendment on the Vendor Self Service site. No other revision of this solicitation will be valid. Bidders are responsible for ensuring that they have received all amendments prior to submitting bids.

1.3 Corrections and Modifications to Bids

Bids may be withdrawn, modified, or replaced at any time prior to the Due Date and Time. Withdrawn bids may be resubmitted up to the time designated for receipt of bids. After the Due Date and Time, bids may not be modified unless requested by the County.

1.4 Communication

- 1.4.1 County solicitations, once published, are under a "Cone of Silence". Violation by a bidder or bidder's representative will result in rejection of the bid and may result in a bidder being found non-responsive, barred from participating in this or future procurements, and becoming subject to other legal penalties.
- 1.4.2 Other than the Designated Point of Contact, no bidder or person acting on behalf of a prospective bidder may communicate with or discuss any matter relating to the solicitation with any officer, agent, or employee of the County except the specific types of communication defined in Section 107.401 SLCRO.

1.5 Pre-Bid Conference and Site Visits

- 1.5.1 If a pre-bid conference is scheduled and accommodations under the Americans Disabilities Act (ADA) are required, prospective bidders must submit a request for such accommodations to the Designated Point of Contact in advance.
- 1.5.2 Answers to questions raised prior to and at the pre-bid conference will be posted as an amendment on the Vendor Self Service site.
- 1.5.3 If the pre-bid meeting is mandatory, bidders who did not attend the pre-bid meeting will be disqualified.

1.6 Prohibited Prior Work

- 1.6.1 No person or entity may submit a bid in response to this solicitation if that person or entity has:
 - A. Assisted the County in drafting or establishing specifications, requirements, or cost estimates for this procurement, or
 - B. Had access and exposure to information pertinent to this procurement that is unavailable to other bidders.
- 1.6.2 Bidders that received assistance from any such person or entity or who will use the person or entity in performing the requested services will be disqualified.
- 1.6.3 The prohibition does not apply to general, non-specific advice or information offered to or requested by the County to aid in developing the solicitation, or to comments made subsequent to publication of the solicitation.

1.7 Submission and Opening of Bids

- 1.7.1 Allow time for all documents to be uploaded to the County's bidding portal. Bidders are responsible for ensuring bids are submitted before the deadline.
- 1.7.2 The Director of Procurement may accept or reject any bids and may waive any irregularities in the bids if such waiver does not substantially change the offer or provide a competitive advantage to any bidder.
- 1.7.3 Bids must be submitted electronically through the County's designated online bidding system. Bids submitted by email, paper, fax, or hand delivery will not be accepted except in the limited circumstance of an emergency exception due to a verified system outage of the County's online bidding system. The Director of Procurement in such cases may authorize an alternative submission method for that specific event.
- 1.7.4 Bids must be signed by a legally authorized representative of the submitting firm.

- 1.7.5 All bids and materials submitted with bids become the property of the County. The County is subject to the Missouri Sunshine Law (RSMO Chapter 610). Bid contents, with select exceptions, become public records open to inspection by interested parties after a contract is executed or all bids are rejected.
- 1.7.6 Failure to comply with the requirements of this IFB or evidence of unfair bid practices is cause for rejection of the bid.

1.8 No Commitment

This solicitation does not commit the County to make an award, nor will the County pay any costs incurred preparing and submitting bids, or in making necessary studies for the preparation of bids. The County may reject all bids and cancel this solicitation.

1.9 Bid Pricing

- 1.9.1 Submit prices for identified items using the Vendor Self Service Portal. If A Bid Sheet is included in this IFB, a copy of the Bid Sheet may be submitted with bids, but the official bid prices will be those entered in the Vendor Self Service portal.
- 1.9.2 The County is exempt from Missouri sales and use tax and will provide an exemption certificate to the awarded bidder. Do not include sales tax in bid prices.

1.10 Amendments

Changes to the specifications or requirements will be posted on the Vendor Self Service site as an amendment. Bidders are responsible for compliance with all changes, modifications, or requirements put out through amendment. The County will not be responsible for failure to check the bidding platform prior to submission of a bid.

1.11 Modification or Withdrawal of Bid

- 1.11.1 Bids may be withdrawn any time prior to the scheduled closing time for receipt of bids. No bid may be modified or withdrawn for a period of 120 calendar days after the scheduled closing time.
- 1.11.2 Bidders are responsible for submitting bids, and any modifications or revisions, so as to reach the County's Division of Procurement by the time specified in the IFB documents. Any bid, modification, or revision received by the Division of Procurement after the exact time specified for receipt of offers will be considered late and will not be considered.
- 1.11.3 Bids submitted early may be withdrawn only by emailed notice to the Point of Contact prior to the submission deadline.

- 1.11.4 Withdrawn bids may be resubmitted up to the time designated for receipt of bids provided that they are then fully in conformance with this IFB.

1.12 Mistakes in Bids

- 1.12.1 If there is a significant and obvious disparity between the unit prices or lump sum of the lowest apparent responsible bidder and other bidders, the apparent low bidder may be contacted to validate the bid price. This does not relieve a bidder from the responsibility for the submission of a correct bid and no change to the price may be made. If the bidder can provide convincing evidence that indicates the bid was a mistake to the satisfaction of the Director of Procurement, the bid for that item or items may be withdrawn without penalty.
- 1.12.2 Bidders have two business days after the unofficial bid tabulation is posted on the County's website to notify the Director of Procurement, in writing, of any alleged mistake in bid. Such communication must include convincing evidence that supports the existence of the mistake. Only the Director of Procurement may waive irregularities or accept mistakes in bids.
- 1.12.3 If the basis of award is "all or nothing", then the entire bid may be forfeited. If the basis of award is "line by line", the bidder's other line-item prices may be considered. If the basis of award is "by groups" and the mistake is part of any group or line items, the entire group will not be considered for award.

1.13 Electronic Signature

By submitting a bid or quote electronically, the bidder acknowledges and warrants that it has made a legal offer, is bound by all responsibilities of a legal offer, is subject to penalties for failing to be bound by a legal offer exactly as if the bid or quote had been physically signed and that the person whose signature is electronically affixed is authorized to sign and submit the bid or quote.

1.14 Minority and Women-Owned Business Enterprises

- 1.14.1 "M/WBE" means a Minority and Women-Owned Business Enterprise that is certified by agencies accepted by the Director of Procurement; presently the Missouri Regional Certification Committee (MRCC) agencies, and the St. Louis Development Corporation (SLDC). Certification would have to be in place at the time of proposal submission.
 - A. A minority-owned business enterprise (MBE) is a for-profit enterprise at least 51% owned, operated, and controlled by a minority group member who is Asian, Black, Hispanic, or Native American.
 - B. A woman-owned business enterprise (WBE) is a for-profit enterprise at least 51% owned, operated, and controlled by a female.

- 1.14.2 A 5% bid discount will apply to bids from M/WBEs for contracts of \$300,000 or less. The discounted amount will be used in evaluating bid prices, but the actual bid amount will be the basis for the contract award. To qualify for the discount, the M/WBE bidder must include a copy of its current certification approval letter or an electronic screen print of the certification with a current date stamp.

1.15 Acceptance and Award

- 1.15.1 Award, if made, will be to the responsive, responsible bidder offering the lowest price or prices.
- 1.15.2 After receipt and review of bids, an unofficial tabulation will be posted on the County website. Posting of the tabulation does not constitute an award. The County will issue a Purchase Order or contract to the successful bidder.

1.16 Determination of Responsiveness

- 1.16.1 Each bid will be reviewed for compliance with the instructions in this solicitation. The County may waive minor informalities or irregularities that do not alter the material terms of the bid or prejudice the competitive process.
- 1.16.2 Failure to conform to any revisions in instructions or specifications may render a bid non-responsive.
- 1.16.3 If a bid is found non-responsive, the County will notify the bidder, and the bid will receive no further consideration..

1.17 Determination of Responsibility

Prior to awarding a contract, the County will make a determination of a bidder's responsibility based on information submitted with the bid, information submitted upon County request, information resulting from the County's inquiry of bidder's references and investigations into the bidder's background, and the County's own knowledge of the bidder. The County may consider matters such as the bidder's integrity, compliance with public policy, record of past performance, and financial and technical resources. Bidders determined to be non-responsible and who cannot be made to be responsible within timelines set by the County will not be considered further.

1.18 Required Forms

- 1.18.1 Forms required at time of bid submittal for all bids:
 - A. Bid Form (Attached)
 - B. Any other document required by the IFB to determine the bid price, scope, or its binding offer.
- 1.18.2 Forms Requested at time of bid submittal

The following documents are requested to be submitted with the bid. However, the County may, at its sole discretion, allow a bidder to submit or correct these documents after bid opening, within a timeframe specified by the County. The selected bidder agrees to collect, store, and maintain such signed agreements for all staff.

Regardless of any such approval, the contractor is responsible for all performance, whether self-performed or performed by a subcontractor, and is fully responsible for the acts, errors, or omissions of a subcontractor and persons employed by a subcontractor. Nothing in this contract or in any subcontract will create any contractual relationship between any subcontractor and the County.

The Contractor shall ensure that every subcontractor, subconsultant, and supplier performing work or providing goods or services under this Contract is bound in writing to comply with all obligations, representations, certifications, standards, and requirements applicable to the Contractor under this Contract, to the extent such obligations relate to the work performed by the subcontractor. Upon request, the Contractor shall provide the County with copies of executed subcontract agreements or relevant flow-down provisions demonstrating compliance with this Section.

The County reserves the right to require the removal or replacement of any subcontractor or supplier that fails to comply with these flow-down requirements or that the County determines, in its sole discretion, poses a performance, legal, safety, or security risk.

Changes requested by the contractor must be submitted to the County project manager. If the County agrees, a contract modification will be executed. Changes that materially alter the scope of the contract will not be allowed, and the County project manager has no authority to authorize such changes.
- 4.12.2 No action taken by the contractor that affects any provision of the contract will entitle the contractor to any equitable adjustment unless the action has been specifically addressed in a change order/contract modification fully executed prior to such action.

4.13 Notices

Any notice to any contractor from the County relative to any part of this contract must be in writing and considered delivered and the service completed when the notice is sent to the County project manager or the Director of Procurement.
