- M. Should any required insurance lapse during the contract term, requests for payments originating after such lapse may not be processed at the Airports Authority's discretion until the Airports Authority's Contracting Officer receives satisfactory evidence of reinstated coverage as required by this Contract, effective as of the lapse date. The Contractor shall require and verify that all Subcontractors maintain insurance meeting the Contractor's requirements on specific coverages and limits and as stated herein and Contractor shall ensure that the *Metropolitan Washington Airports Authority* is also included as an additional insured on insurance required from its Subcontractors. The Contractor shall submit an invoice and all required supporting documentation, to include the Invoice Attachment Form, as a single attachment to MWAA.Invoices@mwaa.com with a copy to the COTR. Invoices shall be properly identified with the Contractor's name, address, and applicable Contract/Purchase Order number. The Invoice Attachment Form is available at <https://www.mwaa.com/business/contracting-manuals-forms-and-other-resources> and shall provide information on all subcontractors, each subcontractor's scope of services, and the subcontract dollar amount for those services. The Authority reserves the right to reject invoices that do not conform to these requirements. If submitting more than one invoice, each invoice must be submitted in a separate email message. Inquiries about the status of payments and other invoice-related matters should be sent to Accounts.Payable@mwaa.com.
- C. If the Authority finds that the Contractor achieved satisfactory progress during the period invoiced, the Authority shall authorize payment to be made in full. If however, the Contractor has not made satisfactory progress, the Authority may retain a maximum of ten (10) percent of the amount of the payment until the Contractor achieves satisfactory progress. When the Work is substantially complete, the Authority may retain from previously withheld funds and future progress payments that amount which the Contracting Officer considers adequate for protection of the Authority and shall release to the Contractor all the

remaining withheld funds. Also, on completion and acceptance of each portion of Work, or other division of the Contract, for which the price is stated separately in the Contract, the Authority will make payment for the completed Work without retention.

- D. All material and Work covered by progress payments made shall, at the time of payment, become the sole property of the Authority, but shall not be construed as:
 - 1. Relieving the Contractor from the sole responsibility for all material and Work upon which payments have been made or the restoration of any damaged Work; or
 - 2. Waiving the right of the Authority to require the fulfillment of all the terms of the Contract.
- E. The Authority shall pay the final amount due the Contractor under this Contract after:
 - 1. Completion and acceptance of all Work;
 - 2. Submission of a final invoice; and
 - 3. Presentation of releases of all claims, liens and encumbrances against the Authority arising by virtue of this Contract. The release shall identify other claims, liens and encumbrances, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this Contract have been assigned. Any assignment must be approved by the Contracting Officer.
- F. The Authority shall make payment within thirty (30) calendar days after receipt of a proper invoice.
- G. The Contractor shall pay its subcontractors within ten (10) days following receipt of payment from the Authority. A Subcontractor's Work is satisfactorily completed when all the tasks called for in the Subcontract have been accepted and documented as required by the Authority. When the Authority has made an incremental acceptance of a portion of a Contract, the Work of a Subcontractor covered by that acceptance is deemed to be satisfactorily completed. The Contractor also agrees to return any retainage withheld from subcontractors within ten (10) days after the subcontractor has satisfactorily completed its Work. Any delay or postponement of payment to a subcontractor may not take place without prior approval of the Authority. A finding of subcontractor non-payment is a material breach of this Contract. The Authority may, at its discretion increase allowable retainage or withhold progress payments unless and until the Contractor demonstrates timely payment of sums due subcontractors. Provided, however, that the presence of a "pay when paid" clause in a subcontract shall not preclude Authority inquiry into allegations of non-payment. Provided, further, that the remedies above shall not be employed when the Contractor demonstrates that failure to pay results from a bona fide dispute with its Subcontractor or Supplier. The Contractor shall incorporate this provision into all subcontracts that result from the Contract.

34 Warranty

- A. Notwithstanding inspection and acceptance by the Authority or any provision concerning the conclusiveness thereof, the Contractor warrants that all Work performed under this Contract will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this Contract. The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor within 30 days from the date of acceptance by the Authority. This notice shall state either (1) that the Contractor shall correct or reperform any defective or nonconforming services, or (2) that the Authority does not require Correction or reperformance.
- B. If the Contractor is required to correct or reperform, it shall be at no cost to the Authority, and any Work corrected or reperformed by the Contractor shall be subject to this clause to the same extent as Work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting Officer may, by contract or otherwise, correct or replace with similar services and charge to the Contractor the cost occasioned to the Authority thereby, or make an equitable adjustment in the contract price.

- C. If the Authority does not require Correction or reperformance, the Contracting Officer shall make an equitable adjustment in the Contract price.

35 Notification of Ownership Changes

The Contractor shall notify the Contracting Officer in writing when the Contractor becomes aware that a change in its ownership is certain to occur. The Contractor shall also include this provision in all subcontracts under this Contract, requiring each subcontractor to notify the Contracting Officer in writing when the subcontractor becomes aware that a change in its ownership is certain to occur.

36 Consent to Assignment

The Contractor shall obtain the written consent of the Contracting Officer prior to any assignment of any part or all of this Contract.

37 Bankruptcy

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, written notification of the bankruptcy to the Contracting Officer within five days of the initiation of the proceedings. This notification shall include the date on which the bankruptcy petition was filed and the identity of the court in which the bankruptcy petition was filed.

38 Changes

- A. The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this Contract in any one or more of the following:
1. Work to be performed;
 2. Time of performance (e.g., hours of the day, days of the week); or
 3. Place of performance of the Work.
- B. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the Work under this Contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the Contract price, the delivery schedule, or both, and shall modify the Contract.
- C. The Contractor must submit any proposal for adjustment under this clause within 30 days from the date of receipt of the written order. If however, the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the Contract.
- D. If the Contractor's proposal for adjustment includes the cost of property made obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.
- E. Failure to agree to any adjustment shall be a dispute under the Disputes clause. Nothing in this clause however, shall excuse the Contractor from proceeding with the Contract as changed.

39 Modification Proposals

The Contractor, in connection with any proposal it makes for a Contract modification, shall furnish a price breakdown, itemized as required by the Contracting Officer. Unless otherwise directed, the Contractor shall provide a breakdown in sufficient detail to permit an analysis of all material, labor, equipment, subcontract, and overhead costs, as well as profit, and the breakdown shall cover all Work involved in the modification, whether

such Work was deleted, added or changed. The Contractor shall support any amount claimed for subcontracts with a similar price breakdown. In addition, if the proposal includes a time extension, the Contractor shall furnish a justification. The Contractor shall furnish the proposal, together with the price breakdown and time extension justification, by the date specified by the Contracting Officer.

40 RESERVED

41 Claims for Additional Costs

If the Contractor wants to make a claim for an increase in the Contract sum, it shall give the Authority written notice of the intent to do so within twenty (20) calendar days following the occurrence of the event giving rise to the claim. The Contractor shall give this written notice prior to proceeding to execute the Work, except in an emergency endangering life or property. No such claim shall be valid unless so made. Any change in the Contract sum resulting from such claim shall be authorized by Contract modification.

42 Disputes

A. General

It is the Authority's policy to encourage resolution of disputes by mutual agreement between the Contracting Officer and the Contractor. Consistent with this intent, the Authority requires, as a condition precedent to the initiation of litigation, the exhaustion of the administrative disputes procedure described in this Contract provision. If the dispute is not resolved by the administrative disputes procedure, the Contractor may proceed to court litigation in accordance with the agreements contained in this Contract.

B. Waiver of Jury Trial

To the fullest extent permitted by law, the Contractor and the Authority hereby waive their respective rights to a trial by jury on any dispute or claim or cause of action upon, arising under, arising out of or related to, the Contract. In addition, the Contractor and the Authority hereby waive their respective rights to trial by jury in any other proceeding or litigation of any type brought by any of the contracting parties against the other party whether with respect to contract claims or actions, tort claims, or otherwise. Without limiting the foregoing, the Authority and the Contractor further agree that their respective rights to a trial by jury are waived as to any action, counterclaim, or other proceeding that seeks, in whole or in part, to challenge the validity or enforceability of the Contract. This waiver of jury trial shall also apply to any subsequent amendments, modifications, renewals or supplements to the Contract.

C. Performance Pending Dispute

The Contractor shall proceed diligently with performance of the Contract's requirements, including the disputed portions, pending resolution of any dispute.

D. Steps of Administrative Disputes Procedure

1. Claim Submission

The Contractor shall submit a written claim signed and certified as true and accurate and that it is made in good faith based upon supporting facts and cost and pricing data that are current, accurate and complete as of date of submission and date of any agreement; the claim and certifications shall be made by a duly authorized officer of the Contractor. The claim at a minimum shall include: a) the basis of liability; b) basis of request for additional compensation, time extension request or other relief requested; c) a narrative that fully explains the basis for liability; d) a statement that it is made in good faith, that the supporting facts and cost and pricing data are current, accurate and complete as of the date of certification, and the amount of additional compensation, time of performance, or other relief requested reasonably and accurately reflect

the added cost, added time of performance, and other damage the Contractor reasonably believes it has incurred; and e) the claim must include or specifically reference all actual cost accounting records, actual schedule data, as-built data, or other data or facts that relate to any aspect of the Contractor's claim.

2. Prohibited Claim Formats

Monetary claims based on anticipatory profits are prohibited. Monetary claims based on a total cost approach are prohibited. Time extension requests or claims based on a total time approach are prohibited.

E. Claims Review and Disposition

1. Contracting Officer Discussions

Discussions between the Contracting Officer and the Contractor concerning the claim presented shall occur within a reasonable period of time after submission of the certified claim and receipt by the Contracting Officer of sufficient information, including, but not limited to, information resulting from an audit, if deemed necessary. Discussions shall be conducted in good faith for the resolution of the dispute, including the exchange of relevant information. If requested by the Contracting Officer, the COTR shall provide the Contracting Officer with a written response to the claim that references the applicable provisions of the statement of work, Contract requirements, and applicable Contract provisions and may include a specific request that the COTR obtain additional information or audit access, or both from the Contractor. The Contractor shall provide such additional information or audit access and failure to promptly provide such information or access shall be a bar to the claim.

2. Alternative Dispute Resolution (ADR)

Non-binding evaluative mediation is established as the ADR for this Contract. The parties agree that the following procedures shall apply:

- a. Selection of the neutral mediator shall be as made by the parties by a mutually agreeable date; a neutral means an individual who is trained or experienced in conducting dispute resolution proceedings and in providing dispute resolution services related to relevant contracts.
- b. All statements made as a part of the proceeding and all memoranda, work products or other materials made during the course of the mediation are deemed confidential and are to be treated in accordance with Virginia Code Section 8.01-576.10; in addition, the statements and any written materials are considered privileged settlement discussions, are not party admissions, and are made without prejudice to any party's legal position, if mediation does not result in an agreement.
- c. Materials prepared for the mediation are not subject to disclosure in any other judicial or administrative proceeding.
- d. Informal discovery is permissible in the form of production or inspection of certain categories of documents.
- e. The parties agree to split evenly the costs of the mediator and any incidental costs associated with holding the mediation.

3. Impasse and Litigation

If the ADR procedure does not result in an agreement, the Contracting Officer can declare an impasse.

4. Contracting Officer's Final Decision

Within sixty (60) calendar days of the declaration of an impasse, the Contractor shall request a written final decision by the Contracting Officer and provide documentation to support its claim. The Contracting Officer shall issue a final decision within sixty (60) calendar days from receipt of the request unless the Contracting Officer determines the dispute is complex in nature. The final decision of the Contracting Officer shall be final and conclusive unless within thirty (30) calendar days from receipt of the Contracting Officer's final decision, the Contractor mails or otherwise furnishes a written notice of appeal in accordance with the Contracting Officer's Final Decision.

5. Litigation

Following the completion of the administrative disputes resolution process without an agreement, as indicated by the timely receipt of a notice of appeal, the dispute may be resolved by litigation without a jury before a court of competent jurisdiction within the Commonwealth of Virginia.

F. Remedies for inappropriate claims

The following remedies are provided for the Authority's use in the event the Contractor submits reckless or frivolous claims or false, misleading, or material misrepresentations relating to claims.

1. Remedies for Reckless or Frivolous Claims

In the event that the Contractor makes a claim against the Authority and the Contractor's claim, as certified by an officer of the Contractor, is a) found by a court to be based on any reckless statement contained in the certification of the claim or b) is found by a court to be of frivolous nature or materially overstated in amount, then the Contractor shall be liable to the Authority and shall pay to it a percentage of costs incurred by the Authority in investigating, analyzing, negotiating, mediating and litigating (including attorneys' fees) the frivolous or overstated claim. The percentage of costs referenced shall be equal to the percentage of the Contractor's total claim which is determined through litigation to be the result of a reckless statement or frivolous claim. "Frivolous" shall mean having no basis in law or in fact. This remedy is a contractual remedy and does not otherwise affect the other rights of the Authority in law or in equity.

2. Remedies for False or Misleading Statements or Material Misrepresentation

Any claim by the Contractor that is based on false or reckless statements that mislead the Authority or material misrepresentations shall entitle the Authority to a full recovery of all costs incurred by the Authority in investigating, analyzing, negotiating, mediating and litigating (including attorneys' fees) the claim. This remedy is a contractual remedy and does not otherwise affect the other rights of the Authority in law or in equity.

43 Suspension of Work

- A. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to suspend all, or any part of the Work called for by this Contract for a reasonable period of time to be determined by the Contracting Officer after the Contracting Officer delivers the order to the Contractor and for any further period to which the parties may agree. The order shall be specifically identified as a "Suspension of Work Order" issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the Work covered by the order during the period of Work suspension. Within a period of 90 days after a Suspension of Work Order is delivered to the Contractor, or within any extension of that

period to which the parties shall have agreed, the Contracting Officer shall either cancel the Suspension of Work Order or terminate the Work covered by such order as provided in the Default or Termination for the Convenience of the Authority clauses of this Contract.

- B. If a Suspension of Work Order issued under this clause is cancelled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment to the delivery schedule or Contract price, or both, and modify the Contract in writing accordingly, if:
 - 1. The Suspension of Work Order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this Contract; and
 - 2. The Contractor asserts a claim in writing for such adjustment within 30 days after the end of the period of Work suspension; provided that, if the Contracting Officer decides the facts justify such action, the Contracting Officer may receive and act upon any such claim submitted at any time before final payment under this Contract.
- C. If the Contracting Officer does not cancel the Suspension of Work Order and the Work covered by the order is terminated for the convenience of the Authority, the Contracting Officer shall allow reasonable costs resulting from the Suspension of Work Order in arriving at the amount due to the Contractor.
- D. If the Contracting Officer does not cancel the Suspension of Work Order and the Work covered by the order is terminated, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the Suspension of Work Order.

44 Termination for Convenience of the Authority

- A. The Authority may terminate performance of Work under this Contract in whole or, from time to time, in part, if the Contracting Officer determines that a termination is in the Authority's interest. The Contracting Officer shall terminate the Work by delivering to the Contractor a "Notice of Termination" specifying the extent of termination and the effective date.
- B. After receipt of a "Notice of Termination," and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause;
 - 1. Stop work as specified in this notice.
 - 2. Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the Contract.
 - 3. Terminate all subcontracts to the extent they relate to the Work terminated.
 - 4. Assign to the Authority, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Authority shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
 - 5. With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.
 - 6. As directed by the Contracting Officer, transfer title and deliver to the Authority (i) the fabricated or unfabricated parts, Work in process, completed Work, supplies, and other material produced or acquired for the Work terminated, and (ii) the completed or partially completed plans, drawings,

information, and other property that, if the Contract had been completed, the Contractor would be required to furnish to the Authority.

7. Complete performance of the Work not terminated.
 8. Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this Contract that is in the possession of the Contractor and in which the Authority has or may acquire an interest.
 9. As directed or authorized by the Contracting Officer, use its best efforts to sell and/or return at the Authority's expense to manufacturers, suppliers, or distributors for full credit less any applicable restocking charges, any property of the types referred to in subparagraph 6. above; provided, however, that the Contractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Authority under this Contract, credited to the price or cost of the Work, or paid in any other manner directed by the Contracting Officer.
- C. After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than one year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this one-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after one year of any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and the Authority will pay the amount determined by the Contracting Officer.
- D. Subject to paragraph C. above, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on Work done. However, the agreed amount, whether under this paragraph D. or paragraph E. below, exclusive of costs shown in subparagraph E.3. below, may not exceed the total Contract price as reduced by (A) the amount of payments previously made and (B) the Contract price of Work not terminated. The Contracting Officer shall modify the Contract and pay the Contractor the agreed amount. Paragraph E. below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- E. If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of Work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph D. above:
1. The Contract price for completed supplies or services accepted by the Authority (or sold or acquired under subparagraph B.9. above) not previously paid for, adjusted for any saving of freight and other charges.
 2. The total of -
 - a. The costs incurred in the performance of the Work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph E.1. above;
 - b. The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract if not included in subdivision a. above; and

- c. A sum, as profit on subdivision a. above, determined by the Contracting Officer in effect on the date of this Contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, the Contracting Officer shall allow no profit under this subdivision c. and shall reduce the settlement to reflect the indicated rate of loss.
- 3. The reasonable costs of settlement of the Work terminated, including -
 - a. Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - b. The termination and settlement of subcontracts (excluding the amounts of such settlements);
 - c. Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory; and
 - d. Other costs determined to be reasonable by the Contracting Officer.
- F. Except for normal spoilage, and except to the extent that the Authority expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph E. above, the fair value, as determined by the Contracting Officer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the Authority or to a buyer.
- G. The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraphs C., E., or I., except that, if the Contractor failed to submit the termination settlement proposal within the time provided in paragraphs C. or I., and failed to request a time extension, there is no right of appeal. If the Contracting Officer has made a determination of the amount due under paragraphs C., E., or I., the Authority shall pay the Contractor (1) the amount determined by the Contracting Officer, if there is no right of appeal or if no timely appeal has been taken, or (2) the amount finally determined on an appeal.
- H. In arriving at the amount due the Contractor under this clause, there shall be deducted -
 - 1. All unliquidated advance or other payments to the Contractor under the terminated portion of this Contract;
 - 2. Any claim which the Authority has against the Contractor under this Contract; and
 - 3. The agreed price for, or the proceeds of, sale of materials, supplies or other things sold or sold under the provisions of Paragraph B.9 of this clause and not recovered by or credited to the Authority.
 - 4. The amount credited to the Contractor for materials, supplies or other things that are returned to the manufacturers, suppliers or distributors in accordance with Paragraph B.9 of this clause and not recovered by or credited to the Authority.
- I. If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the Contract. The Contracting Officer shall make any equitable adjustment agreed upon. The Contractor shall submit any proposal for an equitable adjustment under this clause within 90 days from the effective date of termination, unless extended in writing by the Contracting Officer.

- J. 1. The Authority may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the Contract, if the Contracting Officer believes that the total of these payments will not exceed the amount to which the Contractor will be entitled.
2. If the total payments exceed the amount the Authority finally determines to be due, the Contractor shall repay the excess to the Authority upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.
- K. Unless otherwise provided in this Contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this Contract for three years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this Contract. The Contractor shall make these records and documents available to the Authority, at the Contractor's office, at all reasonable times, without any direct charge.

45 Default

- A. If the Contractor: 1) fails to comply with the terms of this Contract; 2) refuses or fails to prosecute the Work, or any separable part, with the diligence that will ensure its completion within the time specified in this Contract including any extension; or 3) fails to complete the Work within this time, the Authority may, by written notice to the Contractor, terminate the right to proceed with the Work (or the separable part of the Work). In this event, the Authority may take over the Work and complete it by Contract or otherwise, and may take possession of and use any materials, appliances, and plants on the Work site necessary for completing the Work. The Contractor and its sureties shall be liable for any damage to the Authority resulting from the Contractor's refusal or failure to comply with the Contract or to complete the Work within the specified time, whether or not the Contractor's right to proceed with the Work is terminated. This liability includes any increased costs incurred by the Authority in completing the Work.
- B. The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause, if:
1. The delay in completing the Work or failure to comply with Contract terms arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: (i) acts of God or of the public enemy, (ii) acts of the Authority in either its sovereign or contractual capacity, (iii) acts of another contractor in the performance of a contract with the Authority, (iv) fires, (v) floods, (vi) strikes, (vii) freight embargoes, (viii) unusually severe weather, or (ix) delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers, and
2. The Contractor, within ten (10) days from the beginning of any delay (unless extended by the Contracting Officer in writing), notifies the Contracting Officer in writing of the causes of delay or failure to comply with Contract terms. The Contracting Officer shall ascertain the facts and the extent of delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, the Contracting Officer shall extend the time for completing the Work.
- C. If, after termination of the Contractor's right to proceed, the Authority determines that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Authority.

- D. The rights and remedies of the Authority in this clause are in addition to any other rights and remedies provided by law or under this Contract.

46 Force Majeure

Except for defaults of Subcontractors at any tier, the Contractor shall not be in default because of any failure to perform this Contract or deliver goods under its terms if the failure arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of these causes are: (1) acts of God or of the public enemy, (2) acts of the Authority in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) strikes, (6) freight embargoes, and (7) unusually severe weather. In each instance, the failure to perform or deliver must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the Work so as to endanger performance.

If the failure to perform or deliver is caused by the failure of a Subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Contractor and Subcontractor, and without the fault or negligence of either, the Contractor shall not be deemed to be in default, unless –

1. The subcontracted supplies or services were obtainable from other sources;
2. The Contracting Officer ordered the Contractor in writing to purchase these supplies or services from another source; and
3. The Contractor failed to comply reasonably with this order.

Upon request of the Contractor, the Contracting Officer shall ascertain the facts and extent of the failure. If the Contracting Officer determines that any failure to perform or deliver results from one or more of the causes above, the Contractor shall revise the delivery schedule, subject to the rights of the Authority under the termination clause of this Contract.

47 Trademarks, Copyrights and Patents

The Contractor shall respect all trademark, copyright and patent rights of the Authority and shall not make, use or sell material reflecting such rights for any purpose other than fulfillment of the Contract requirements without the express permission of the Authority. The Contractor shall not sell or distribute or cause to be sold or distributed to anyone other than the Authority, either directly or indirectly, any goods ordered which display or incorporate any of the Authority's trademarks, copyrighted material or patents.

48 Notice and Assistance Regarding Patent and Copyright Infringement

- A. The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this Contract of which the Contractor has knowledge.
- B. In the event of any claim or suit against the Authority, on account of any alleged patent or copyright infringement arising out of the performance of this Contract or out of the use of any supplies furnished or work or services performed hereunder, the Contractor shall furnish to the Authority, when requested by the Contracting Officer, all evidence and information in possession of the Contractor pertaining to such suit or claim.
- C. Except as otherwise provided, and except to the extent infringement was caused by the Authority, the Contractor agrees to indemnify the Authority and its officers, agents, and employees against liability, including costs and expenses, for infringement upon any patent or copyright arising out of the performance of this Contract.

49 Compliance with Employment Eligibility Verification, Form I-9 and E-Verify

The Contractor shall ensure that it is in compliance with the Immigration Reform and Control Act of 1986, Pub. L. 99-603 (8 U.S.C. 1324a) and the regulations issued thereunder, and that it will maintain compliance as long as any work is being performed under this Contract with the Authority. The Contractor shall also ensure that its subcontractors are in compliance with the Immigration Reform and Control Act of 1986, Pub. L. 99-603 (8 U.S.C. 1324a) and the regulations issued thereunder, and that its subcontractors will maintain compliance as long as they are performing any work under this Contract.

The Contractor shall enroll as a contractor in the E-Verify system, available at: <https://www.e-verify.gov/>, or provide satisfactory proof to the Contracting Officer that the Contractor is registered with and participating in the E-Verify program.

The Contractor shall use E-Verify to verify all new employees, and comply with the requirements of the E-Verify program Memorandum of Understanding.

The Contractor shall provide proof to the Contracting Officer that all Subcontractors are registered with and participating in the E-Verify program and ensure the requirements of the E-Verify program are included in each subcontract that

A. Is for:

1. Commercial or non-commercial services (except for commercial services that are part of the purchase of a Commercial Off-the-Shelf (COTS) item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or
2. Construction or construction-related services;

B. Has a value of more than \$3,000.

50 General Civil Rights Provisions

The Contractor agrees to comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision binds the Contractor and subcontractors from the Solicitation period through the completion of the Contract. This provision is in addition to that required of Title VI of the Civil Rights Act of 1964.

51 Title VI Clauses for Compliance with Nondiscrimination Requirements

During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

- A. Compliance with Regulations: The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
