

Industry should anticipate the majority of proposal requests will be small business set-asides (SBSA) but several may be full and open (unrestricted). Proposal requests are expected to be released in a phased approach as existing contract period of performance ends to ensure no gaps in support. Vendors are asked to indicate interest by completing the attached sources sought form and support declared capability (by MAPSS requirement) with a capability statement compliant with instructions provided. MDA will evaluate responses to this notification and use the information provided to frame the structure of capability areas and determine which portions of the MAPSS requirements will be solicited as SBSAs.

A summary of each requirement is provided by Tranche (below). Interested businesses must be capable of performing requirements for which they declare capability as the prime contractor, enterprise-wide, i.e., at all MDA locations noted in each requirement. Please note that the descriptions and details are examples of potential requirements and are provided for the purpose of assisting interested businesses to better understand these requirements. The resulting responses will assist MDA with defining the MAPSS initial acquisition strategy. These are not full work statements and may not represent the final requirements of any resultant request for proposal.

Participation is voluntary, but encouraged if your company is interested in competing for a future MAPSS requirements. This is initial market research to solicit Industry's feedback which will be used to form the basis of the overall MAPSS Acquisition Strategy. Market research will be refreshed in future years - by tranche - to ensure the Acquisition Strategy remains relevant. The final NAICS determination and contract vehicle for each requirement/capability area will depend on the group of work solicited at the time of proposal request.

Lastly, we recommend that the persons completing this survey be involved in the management and execution of these contracts as well as persons who will be involved in the development of proposals for MAPSS solicitations. Marketing materials and brochures are not requested and provide little value to this effort. Once you have completed your response(s), please email it to the Consolidated Support Program Office at MAPSS@MDA.mil. Responses are due by noon (12:00PM) Central Time, Thursday, 3 October 2024.

Missile Defense Agency (MDA) Agile Professional Services Solutions (MAPSS) Request for Information (RFI)

Tranche #2 Initial Sources Sought Market Research

September 2024

Tranche 2		Target Awards: July – September 2027
Intelligence		Est Value: \$50.7M [^] FTE Range: 1-50 OASIS+ (INTEL); NAICS: 541690 (\$19.0M) Set-Aside Goal: TBD (\$B)
TN SOCI / Legacy NAICS Intel 541690 \$16.5M		
Counterintelligence		Est Value: \$44.4M [^] FTE Range: 1-50 OASIS+ (INTEL); NAICS: 541690 (\$19.0M) Set-Aside Goal: TBD (\$B)
TN SOCI / Legacy NAICS Intel 541690 \$16.5M		
Program Protection		Est Value: \$101.4M [^] FTE Range: 51-100 OASIS+ (INTEL); NAICS: 541690 (\$19.0M) Set-Aside Goal: TBD (\$B)
TN SOCI / Legacy NAICS Intel 541690 \$16.5M		
Trusted Workforce Security		Est Value: \$19M [^] FTE Range: 1-50 OASIS+ (INTEL); NAICS: 541690 (\$19.0M) Set-Aside Goal: TBD (\$B)
TN SOCI / Legacy NAICS Intel 541690 \$16.5M		
Facilities Lifecycle Management		Est Value: \$104.4M [^] FTE Range: 51-100 OASIS+ (FAC); NAICS: 541330 (\$25.5M) OASIS+ (T&E); NAICS: 541330e1 (\$47.0M) Set-Aside Goal: SB
Legacy NAICS 541330e1 \$41.5M		
Test Support		Est Value: \$586M [^] FTE Range: 301-400 OASIS+ (R&D or Ent Sol); NAICS: 541715e3 (1,300) Set-Aside Goal: TBD (\$B)
Legacy NAICS 541715e3 1,250		
Provisional		
Notes: [^] Contract Values are ESTIMATES; based on Value at Award + Travel or Pre-Award GCE - Five (5) year Period of performance (PoP) for each requirement - **Requirements consolidation/de-consolidation, estimated contract value, FTE range, anticipated contract vehicle, and potential set-aside goal are all SUBJECT TO CHANGE**		

The purpose of this RFI is to collect market research information to facilitate the development the overarching MAPSS Acquisition Strategy for Advisory and Assistance Support (A&AS) services. Data collected as part of this RFI as it pertains to Tranche #2 includes the potential deconsolidation & merge of TEAMS Next Intelligence and Security Programs & Counterintelligence (SOCI) into four (4) separate requirements for Intelligence, Counterintelligence, Program Protection, and Trusted Workforce Security, as well as Facilities Lifecycle Management and Test Support. Tranche #2 market research will be refreshed – approximately March 2026 – to ensure the Acquisition Strategy remains relevant and is updated, if required.

Participation is voluntary, but encouraged if your company is interested in competing for a future MAPSS Tranche #2 contract.

Proprietary information is not sought by MDA.

There is no limit on the number of responses from any company; however responses submitted should be targeted toward responding to the survey questions listed for the identified MAPSS Requirement/Contract of Interest selected. Some MAPSS requirements will have

additional survey questions. Responses should include:

- 1) A completed 'Standard Form'. If additional information is needed to respond to these questions, it must be entered into the space provided on the second page of the PDF form.
- 2) A Capabilities Statement file. This file must contain *relevant* experience information and address any additional survey questions not on the 'Standard Form'. Contractor format is acceptable for this file but it must be a single stacked/combined file of the documents you wish to provide to demonstrate capability, not to exceed eight (8) pages.
 - Note: Relevant experience includes projects/contracts that are similar to the described MAPSS requirement and that have occurred in the past 5 years. Please do not provide general capability statements.
 - The Capability Statement should contain at least one (1) relevant project to demonstrate capability and include the following information:

DISTRIBUTION STATEMENT A.

Approved for public release; distribution is unlimited.

Approved for Public Release

24-MDA-11898 (11 Sep 24)

1. Customer Name and Customer/Client POC Email
2. Period of Performance and Total Contract Value
3. Description of Product and/or Services Provided; available Contractor Performance Assessment Reporting System (CPARS) Data, if applicable

We recommend that the persons completing this survey be involved in the management and execution of these contracts as well as persons who will be involved in the development of proposals for MAPSS solicitations. Marketing materials and brochures are not requested and provide little value to this effort. Once you have completed your response(s), please email it to the Consolidated Support Program Office at MAPSS@MDA.mil. Responses are due by noon (12:00PM) Central Time, Thursday, 3 October 2024.

Tranche 2 Requirement Descriptions

Tranche 2 – MAPSS Intelligence

Aid the Missile Defense Agency (MDA) Engineering Directorate with analyzing intelligence requirements and associated products for MDA and the Intelligence Community to sustain the Missile Defense System (MDS) throughout the acquisition life cycle. This area covers support to the MDA Intelligence Requirements Division for all-source intelligence on current and emerging threats provided by the Intelligence Community for use by missile defense developers, operators, and MDA senior leadership.

- Work locations may include, but are not limited to: Fort Belvoir, VA; Schriever Space Force Base, CO; and, Redstone Arsenal, AL
- Estimated level of effort: 1-50 Full Time Equivalent
- Anticipated contract vehicle & NAICS information:
 - OASIS+ (INTEL); NAICS: 541690 (\$19.0M)

Tranche 2 – MAPSS Counterintelligence (CI)

Aid the Missile Defense Agency (MDA) Engineering Directorate with Counterintelligence mission areas authorized by DoD Directive to detect, identify, deter and mitigate criminal, international terrorism and Foreign Intelligence and Security Service (FISS) threats to MDA programs, personnel, facilities, information, technologies and activities worldwide. This includes CI Functional Services; collections; inquiries; awareness and reporting; activities supporting research, development, and acquisition; Technical Surveillance Countermeasures (TSCM) Investigations; and Cyberspace activities.

- Work locations may include, but are not limited to: Fort Belvoir, VA; Schriever Space Force Base, CO; Redstone Arsenal, AL; Dahlgren, VA; Quantico, VA; and, Elmendorf Air Force Base, AK
- Estimated level of effort: 1-50 Full Time Equivalent
- Anticipated contract vehicle & NAICS information:
 - OASIS+ (INTEL); NAICS: 541690 (\$19.0M)

DISTRIBUTION STATEMENT A.

Approved for public release; distribution is unlimited.

Approved for Public Release
24-MDA-11898 (11 Sep 24)

Tranche 2 – MAPSS Program Protection

Aid the Missile Defense Agency (MDA) Engineering Directorate with support to develop, implement, maintain, and assess security, emergency management, and program protection for the emerging and fielded Missile Defense Systems (MDS) around the world as well as to protect missile defense technologies, facilities, information, and people.

- Work locations may include, but are not limited to: Fort Belvoir, VA; Schriever Space Force Base, CO; Redstone Arsenal, AL; Dahlgren, VA; Pacific Missile Range Facility, HI; and, Vandenberg Space Force Base, CA
- Estimated level of effort: 51-100 Full Time Equivalent
- Anticipated contract vehicle & NAICS information:
 - OASIS+ (INTEL); NAICS: 541690 (\$19.0M)

Tranche 2 – MAPSS Trusted Workforce Security

Aid the Missile Defense Agency (MDA) Engineering Directorate with support of the MDA Counter Insider Threat Program per DoD Directives, Presidential Memoranda, and other issuances; and, for support of the MDA Special Security Office implementing and administering the Defense Special Security System.

- Work locations may include, but are not limited to: Fort Belvoir, VA; Schriever Space Force Base, CO; and, Redstone Arsenal, AL
- Estimated level of effort: 1-50 Full Time Equivalent
- Anticipated contract vehicle & NAICS information:
 - OASIS+ (INTEL); NAICS: 541690 (\$19.0M)

Tranche 2 – MAPSS Facilities Lifecycle Management

Aid the Missile Defense Agency (MDA) with facility and infrastructure planning and programming; real property asset management; facilities and infrastructure design, acquisition, construction, and configuration management; integration and operations functions to synchronize strategic planning, acquisition, and financial management activities. These activities also include site activation, sustainment, demolition and disposal, deployment, and integration for real property buildings and infrastructure during Missile Defense System mission deployments globally; as well as support to Foreign Military Sales on a case-by-case basis.

- Work locations may include, but are not limited to: Fort Belvoir, VA; Vandenberg Space Force Base, CA; Fort Greely, AK; Clear Space Force Station, AK; and Redstone Arsenal, AL
- Estimated level of effort: 51-100 Full Time Equivalent
- Anticipated contract vehicle & NAICS information:
 - OASIS+ (FAC); NAICS: 541330 (\$25.5M)
– Or –
OASIS+ (T&E); NAICS: 541330e1 (\$47.0M)
– Or –
 - **MDA Stand-alone contract (**Facilities Design & Construction/Demolition are prohibited under OASIS+)

Tranche 2 – MAPSS Test Support

Aid the Missile Defense Agency (MDA) Test Directorate (DT) with test life cycle execution and responsibilities. These activities include planning, development, implementation, sustainment, execution, analysis, and assessment of testing and test related functions. Test related functions include test processes, procedures, plans, policies, and activities related to test resources and infrastructure; as such, test life cycle support includes developmental and operational system and component flight tests, ground tests, cyber tests, wargames, and exercises in accordance with applicable MDA and Department of Defense guidelines. Additionally, test support under this requirement will also augment the development of enterprise and program (element-specific) policies, plans, processes, procedures; the implementation of guidance; and the interpretation of internal and external agency regulations, policies, directives, and other related documents.

- Work locations may include, but are not limited to: Dahlgren, VA; Schriever Space Force Base, CO; Vandenberg Space Force Base, CA; Albuquerque, NM; Hanscom Air Force, MA; El Paso, TX; Redstone Arsenal, AL; and, OCONUS locations including Kwajalein, Meck Island, and Wake Island
- Estimated level of effort: 301-400 Full Time Equivalent
- Anticipated contract vehicle & NAICS information:
 - OASIS+ (R&D –or– Enterprise Solutions/Unrestricted); NAICS: 541715e3 (1,300 Employees)

Missile Defense Agency (MDA) Agile Professional Services Solutions (MAPSS) Request for Information (RFI)

Initial Sources Sought Market Research by Tranche – Feedback Form

We recommend that the persons completing this survey be involved in the management and execution of these contracts as well as persons who will be involved in the development of proposals for MAPSS solicitations. Marketing materials and brochures are not requested and provide little value to this effort. Once you have completed your response(s), please email it to the Consolidated Support Program Office at MAPSS@MDA.mil. Proprietary information is not sought by MDA. Responses are due by noon (12:00PM) Central Time, Thursday, 3 October 2024.

Company & POC Information:

POC First Name:		POC Last Name:	
POC Email:		POC Phone #:	
Company Name:			
Business Size:		Socioeconomic status:	
Will you be submitting a Capabilities Statement/Package with your RFI response?			

MAPSS Requirement/Contract of Interest:

A) Do you agree with the anticipated NAICS(s) being considered for this requirement/contract of interest?

Yes or No:	
If 'no', please provide comment(s):	

B) Do you agree with the anticipated Contract Vehicle (and potential Domain(s), if applicable)?:

Yes or No:	
If 'no', please provide comment(s):	

Survey Questions

1) Does your company currently do work with/for MDA?	
Please state what work/contract numbers here:	
2) Are you familiar with MDA's TEAMS Next requirement for this/similar (consolidated or deconsolidated) work?	
3) Understanding things can change in the future, does your company have the capability today to perform the outlined description for the MAPSS Requirement/Contract of Interest selected?	
4) Does your company have similar or previous experience with the type of work outlined for the MAPSS Requirement/Contract of Interest selected?	
5) Does your company have a current, approved DCAA accounting system necessary for performing cost type contracts?	
6) Is your company likely to partner with another (i.e., use a joint venture) for the MAPSS Requirement/Contract of Interest selected?	
7) Is your company likely to subcontract out areas the MAPSS Requirement/Contract of Interest selected?	
-- If yes, approximately how much?	

**Missile Defense Agency (MDA) Agile Professional Services Solutions (MAPSS) Request
for Information (RFI)**

Initial Sources Sought Market Research by Tranche – Feedback Form

8) At this time, what is the highest level security clearance held by the personnel are
you able to provide to support the MAPSS Requirement/Contract of Interest
selected?

9) At this time, what is your contactor facility clearance level (FCL)?

Optional Feedback. Please provide additional feedback here or further expand on any responses provided above.

Missile Defense Agency (MDA) Agile Professional Services Solutions (MAPSS) Request for Information (RFI)

Initial Sources Sought Market Research by Tranche – Additional Questions

Responses to the additional questions count toward the overall page count of your capability statement (not to exceed eight (8) pages). Responses to these questions are not to be submitted in the "Optional Feedback" section of the Standard Form.

Tranche 2 - MAPSS Intelligence - Additional Survey Question

10) At this time, what is your company's experience with developing intelligence requirements and products to support an organization and the Intelligence Community to sustain a complex weapon system through the acquisition life cycle?

Tranche 2 - MAPSS Counterintelligence (CI) - Additional Survey Question

10) At this time, what is your company's experience with Counterintelligence mission areas authorized by Department of Defense Directive to detect, identify, deter and mitigate criminal, international terrorism and Foreign Intelligence and Security Service (FISS) threats to a complex weapon system's programs, personnel, facilities, information, technologies and activities worldwide?

Tranche 2 - MAPSS Program Protection - Additional Survey Questions

10) At this time, what is your company's experience with developing, implementing, maintaining, and assessing security for a complex weapons system?

11) At this time, what is your company's experience with supporting an organization-wide declassification program in compliance with requirements and procedures outlined in Executive Orders, Directives, and Instructions?

12) At this time, what is your company's experience with protecting the workforce, facilities, and information related to complex weapon systems from loss, compromise, unauthorized disclose, acts of terrorism, insider threat, and the effects of natural disasters?

13) At this time, what is your company's experience with international security related to complex weapon systems?

Tranche 2 - MAPSS Trusted Workforce Security - Additional Survey Questions

10) At this time, what is your company's experience with the full range of insider threat identification, investigation, mitigation, and closure?

11) At this time, what is your company's experience with implementing and administering the Defense Special Security System?
