IFB 161015 Traffic Control and Incident Response Service Question and Answers

1. I found a discrepancy in the Zone C listings. Line items 10 and 11 are exactly the same. I would estimate one should read "Stationary shoulder" and the other "Stationary shoulder-multiple setup" as they are listed in Zones D and E.

Refer to Addendum #2. The description for lines 10 and 11 in Lot 1 (Zone C) are:

Lot 1, Line 10: STATIONARY SHOULDER CLOSURE – MUTLIPL SET-UP (TTC-4.0) Zone C

Lot 1, Line 11: STATIONARY OPERATION ON SHOULDER (TTC-4.0) Zone C
