**SCOPE OF WORK**

**BACKGROUND**

Chandler, Arizona encompasses 72 square miles in south-east Maricopa County, and is a prominent suburb of Phoenix, Arizona. It is bordered on the north and west by Tempe, to the north by Mesa, to the east by Gilbert, to the west by Phoenix and to the south by the Gila River Indian Community. Chandler is an inviting community with an exceptionally high quality of life for approximately 288,000 residents and boasts nearly 4,000 hotel rooms, world-class shopping, outdoor recreation, and a vibrant downtown district. Located just minutes away from Sky-Harbor International Airport along Interstate 10, Chandler is Arizona's fourth largest city and located in Metro Phoenix which has a population of 4.5 million.

Chandler is home to corporate campuses for Fortune 1000 companies including Intel, Northrop Grumman, Insight, Wells Fargo Bank, Bank of America, Microchip Technology, Avnet, and CVS Health. These companies, along with a diverse mix of others, provide excellent employment opportunities and benefit from Chandler's highly educated workforce. As a Community of Innovation, Chandler has also attracted emerging technologies, such as autonomous vehicle development and testing.

**ANTICIPATED SCOPE**

The city seeks to conduct a comprehensive Cost of Service (COS) study (water, wastewater, reclaimed water, solid waste) to evaluate current rates and align revenue requirements with necessary operations, maintenance, debt, infrastructure, and reserves. This initiative aims to establish sustainable, equitable rates across all customer classifications attempting to reach full cost of service alignment.

The study will be built upon the city's 10-year financial forecasts that incorporate operational expenses, capital improvement projects, and debt funding strategies to recommend a comprehensive five-year rate schedule for all utilities.

In general, the COS study for water, wastewater, and reclaimed water is to include:

- Create proposed revenue requirements by customer class, compared to current revenue under existing rates validated against the city rate model projections.
- Prepare analysis of the impact of peak demands on the cost of providing service.
- Discussion of options to modify existing rate structures for more conservation, while still ensuring stable revenue recovery and ease of administration.
- Prepare analysis of base rate and variable rate for water, wastewater and reclaimed water charges, to ensure amounts are reasonable.
- Prepare analysis of fixed Monthly Base Charge vs Base and Variable rate for Wastewater Single Family and Multi-Family.
- Review of largest industrial user historical information and current status (based on prior report that justifies they have paid "their fair share" into the system), to validate they are not adding burden on rates today.
- Create a data model that will allow for different scenarios to be looked at including should our largest industrial user increase or decrease their water or wastewater flows by x%, that would evaluate those changes to the revenue and rates.

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

- Provide projected impact that the proposed rate structure will have on future consumption patterns, and the resulting impact on the cost of providing service.
- Develop strategies for implementing significant rate changes in order to reduce the adverse impact on specific customer classes (i.e. spread rate changes, achieve a certain percentage alignment).
- Provide customer bill impacts of recommended changes, including monthly bills for typical levels of consumption
- Provide a utility fee comparison to surrounding cities for each customer class using current rates and any proposed changes to rates.
- Prepare analysis of meter installation fees and pretreatment fees for cost recovery
- Provide draft and final reports summarizing findings, assumptions, methodology and recommendations. Rate recommendations should be in both percents and dollars, annual and monthly.
- In person attendance at a kickoff meeting and any meetings deemed critical including City Council work session(s) or Council Meeting(s) where the results will be presented.

The city's 2026 utility rates are available online at [Chandler Utility Account Changes | City of Chandler, AZ](#).

The COS study should evaluate the costs and utilization to operate the solid waste utility under existing conditions, as follows:

- Curbside and Alley Solid Waste Removal: Costs and how much of monthly rate is subsidizing other operations (Recycling and Solid Waste Collection Center (RSWCC), Household Hazardous Waste (HHW) and Bulk) and if the current alley charge is sufficient for additional costs related specifically to alley services.
- Provide analysis of cost and process regarding Curbside Recycling
- Provide analysis of cost and process regarding Bulk Collection
- Provide analysis of cost and process regarding Containers (extra, replacements)
- Develop proposed rates needed to operate with 100% cost recovery.
- Provide options of industry practices or partnerships that may financially benefit solid waste operations.

The city owns and operates a Recycling Solid Waste Collection Center (RSWCC). The center is for residential customers who have a utility account with the city to drop off refuse (for free up to 4 times a year in combination with bulk collection services or for a fee above the free visits) and recyclables (always free to drop off).

- Cost of service of the facility for covered residence users and Chandler resident non-ratepayers who drop-off approved materials and are charged the appropriate fees according to the citywide fee schedule.
- Options for opening to outside Chandler residents.
- Cost of service related to different options for hours and days of operation including Sunday utilization and hours of operation on Sundays.
- Look at load weights (gathered at RSWCC with historical information available) to determine options including maintaining limited free usage by weight with a pay for additional weight option vs. all loads pay for use.

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

- Household Hazardous Waste (HHW): Costs to dispose and look at cost recovery (currently no charge), costs of service of current operations requiring scheduled deliveries versus open during RSWCC operations with un-scheduled deliveries, costs to collect similar to bulk or door to door.
- Develop proposed rates needed to operate with 100% cost recovery, options for rates needed to operate with partial cost recovery.

The consultant will recommend phases of the project and provide details on anticipated timeline to complete the study. The city may request additional, closely related services as needed.

The City will make the final payment within 60 days after the Contractor has delivered the last of the partially completed items and the Parties agree on the final payment. If the City is found to have improperly terminated the Agreement for cause or default, the termination will be converted to a termination for convenience in accordance with the provisions of this Agreement.

5.4 Termination for Cause. The City may terminate this Agreement for Cause upon the occurrence of any one or more of the following events: in the event that (a) the Contractor fails to perform pursuant to the terms of this Agreement, (b) the Contractor is adjudged a bankrupt or insolvent, (c) the Contractor makes a general assignment for the benefit of creditors, (d) a trustee or receiver is appointed for Contractor or for any of Contractor's property (e) the Contractor files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or similar laws, (f) the Contractor disregards laws, ordinances, rules, regulations or orders of any public body having jurisdiction, or (g) the Contractor fails to cure default within the time requested. Where Agreement has been so terminated by City, the termination will not affect any rights of City against Contractor then existing or which may thereafter accrue.

5.5 Indemnification. The Contractor (Indemnitor) must indemnify, defend, save and hold harmless the City and its officers, officials, agents and employees (Indemnitee) from any and all claims, actions, liabilities, damages, losses or expenses (including court costs, attorneys' fees and costs of claim processing, investigation and litigation) (Claims) caused or alleged to be caused, in whole or in part, by the wrongful, negligent or willful acts, or errors or omissions of the Contractor or any of its owners, officers, directors, agents, employees, or subcontractors in connection with this Agreement. This indemnity includes any claim or amount arising out of or recovered under workers' compensation law or on account of the failure of the Contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. The Contractor must indemnify Indemnitee from and against any and all Claims, except those arising solely from Indemnitee's own negligent or willful acts or omissions. The Contractor is responsible for primary loss investigation, defense and judgment costs where this indemnification applies. In consideration of the award of this Agreement, the Contractor agrees

5.6 Insurance Requirements. Contractor must procure insurance under the terms and conditions and for the amounts of coverage set forth in Exhibit C against claims that may arise from or relate to performance of the work under this Agreement by Contractor and its agents, representatives, employees, and subcontractors. Contractor and any subcontractors must maintain this insurance until all of their obligations have been discharged, including any warranty periods under this Agreement. These insurance requirements are minimum requirements for this Agreement and in no way limit the indemnity covenants contained in this Agreement. The City in no way warrants that the minimum limits stated in Exhibit C are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work under this Agreement by the Contractor, the Contractor's agents, representatives, employees, or subcontractors. Contractor is free to purchase such additional insurance as may be determined necessary.

The Contractor must be responsible for the completeness and accuracy of Contractor's services, data, and other work prepared or compiled under Contractor's obligation under this Agreement and must correct, at Contractor's expense, all willful or negligent errors, omissions, or acts that may be discovered. The fact that the City has accepted or approved the Contractor's work will in no way relieve the Contractor of any of Contractor's responsibilities.

5.12 Withholding Payment. The City reserves the right to withhold funds from the Contractor's payments up to the amount equal to the claims the City may have against the Contractor until such time that a settlement on those claims has been reached.

Any provisions in this Agreement that may appear to give the City the right to direct the Contractor as to the details of accomplishing the work or to exercise a measure of control over the work means that the Contractor must follow the wishes of the City as to the results of the work only. These results must comply with all applicable laws and ordinances.

5.15 Project Staffing. Prior to the start of any work under this Agreement, the Contractor must assign to the City the key personnel that will be involved in performing services prescribed in the Agreement. The City may acknowledge its acceptance of such personnel to perform services under this Agreement. At any time hereafter that the Contractor desires to change key personnel while performing under the Agreement, the Contractor must submit the qualifications of the new personnel to the City for prior approval. The Contractor will maintain an adequate and competent staff of qualified persons, as may be determined by the City, throughout the performance of this Agreement to ensure acceptable and timely completion of the Scope of Services. If the City objects, with reasonable cause, to any of the Contractor's staff, the Contractor must take prompt corrective action acceptable to the City and, if required, remove such personnel from the Project and replace with new personnel agreed to by the City.

5.16 Subcontractors. Prior to beginning the work, the Contractor must furnish the City for approval the names of subcontractors to be used under this Agreement. Any subsequent changes are subject to the City's written prior approval.

5.17 Force Majeure. If either party is delayed or prevented from the performance of any act required under this Agreement by reason of acts of God or other cause beyond the control and without fault of the Party (financial inability excepted), performance of that act may be excused, but only for the period of the delay, if the Party provides written notice to the other Party within ten days of such act. 5.20 Legal Worker Requirements. A.R.S. § 41-4401 prohibits the City from awarding a contract to any contractor who fails, or whose subcontractors fail, to comply with A.R.S. § 23-214(A). Therefore, Contractor agrees Contractor and each subcontractor it uses warrants their compliance with all federal immigration laws and regulations that relate to their employees and their compliance with § 23-214, subsection A. A breach of this warranty will be deemed a material breach of the Agreement and may be subject to penalties up to and including termination of the Agreement. City retains the legal right to inspect the papers of any Contractor's or subcontractor's employee who provides services under this Agreement to ensure that the Contractor and subcontractors comply with the warranty under this provision.

5.21 Lawful Presence Requirement. A.R.S. §§ 1-501 and 1-502 prohibit the City from awarding a contract to any natural person who cannot establish that such person is lawfully present in the United States. To establish lawful presence, a person must produce qualifying identification and sign a City-provided affidavit affirming that the identification provided is genuine. This requirement will be imposed at the time of contract award. This requirement does not apply to business organizations such as corporations, partnerships, or limited liability companies.

By entering into this Agreement, Contractor certifies and agrees Contractor does not currently use and will not use for the term of this Agreement: (i) the forced labor of ethnic Uyghurs in the People's Republic of China; or (ii) any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China; or (iii) any contractors, subcontractors or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China.

5.23 Covenant Against Contingent Fees. Contractor warrants that no person has been employed or retained to solicit or secure this Agreement upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, and that no member of the Chandler City Council, or any City employee has any interest, financially, or otherwise, in Contractor's firm. For breach or violation of this warrant, the City may annul this Agreement without liability or, at its discretion, to deduct from the Agreement price or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.

5.24 Non-Waiver Provision. The failure of either Party to enforce any of the provisions of this Agreement or to require performance of the other Party of any of the provisions hereof must not be construed to be a waiver of such provisions, nor must it affect the validity of this

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

Agreement or any part thereof, or the right of either Party to thereafter enforce each and every provision.

5.25 Disclosure of Information Adverse to the City's Interests. To evaluate and avoid potential conflicts of interest, the Contractor must provide written notice to the City, as set forth in this Section, of any work or services performed by the Contractor for third parties that may involve or be associated with any real property or personal property owned or leased by the City. Such notice must be given seven business days prior to commencement of the services by the Contractor for a third party, or seven business days prior to an adverse action as defined below. Written notice and disclosure must be sent to the City's Purchasing and Materials Manager. An adverse action under this Agreement includes, but is not limited to: (a) using data as defined in the Agreement acquired in connection with this Agreement to assist a third party in pursuing administrative or judicial action against the City; or (b) testifying or providing evidence on behalf of any person in connection with an administrative or judicial action against the City; or (c) using data to produce income for the Contractor or its employees independently of performing the services under this Agreement, without the prior written consent of the City. The Parties agree that all data, regardless of form, including originals, images, and reproductions, prepared by, obtained by, or transmitted to the Contractor or its subcontractors in connection with the Contractor's or its subcontractor's performance of this Agreement is confidential and proprietary information belonging to the City. Except as specifically provided in this Agreement, Contractor or its subcontractors must not divulge data to any third party without the City's prior written consent. Unless prohibited by law, within ten calendar days after completion or termination of services under this Agreement, the Contractor or its subcontractors must promptly deliver, as set forth in this Section, a copy of all data to the City. All data must continue to be subject to the confidentiality agreements of this Agreement. Contractor or its subcontractors assume all liability to maintain the confidentiality of the data in its possession and agrees to compensate the City if any of the provisions of this Section are violated by the Contractor, its employees, agents or subcontractors. Contractor agrees to reimburse the City for any costs incurred by the City to investigate potential breaches of this data and, where applicable, the cost of notifying individuals who may be impacted by the breach. Contractor agrees that the requirements of this Section must be incorporated into all subcontracts entered into by Contractor. It is further agreed that a violation of this Section must be deemed to cause irreparable harm that justifies injunctive relief in court. **2. Accessibility Standards**

**2.1 Conformance Standard**

All digital deliverables produced, licensed, or maintained under this Agreement, including those identified in Section 1.1 above, shall conform with the [Web Content Accessibility Guidelines \(WCAG\) 2.1, Level AA success criteria](#), as published by the World Wide Web Consortium (W3C), or any successor standard mutually agreed upon in writing by the parties.

**2.2 Applicable Law**

This Supplement supplements, and does not limit, Service Provider's obligation to comply with all applicable accessibility-related legislation and regulation. Relevant legal frameworks include, without limitation:

Section 508 of the Rehabilitation Act of 1973 (as amended), where applicable to federal contractors and recipients of federal funding

Titles II and III of the Americans with Disabilities Act (ADA)

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

Applicable state or local accessibility requirements in the jurisdictions in which deliverables will be used

**3. Accessibility Testing and Conformance Reporting**

3.1 Testing Obligation

Service Provider shall conduct accessibility testing for each deliverable prior to delivery and at each material update. Testing must incorporate both automated scanning tools and substantive manual evaluation, including testing with commonly used assistive technologies.

3.2 Required Assistive Technologies

At a minimum, testing shall include the following assistive technology combinations:

Screen reader with desktop browser: NVDA with Firefox

Screen reader on macOS: VoiceOver with Safari

Screen reader on mobile: VoiceOver with iOS Safari

Keyboard-only navigation (no pointing device)

Voice recognition software (e.g., Dragon NaturallySpeaking)

Browser zoom at 200% and 400% magnification

3.3 Accessibility Conformance Report (ACR) / VPAT

Service Provider shall prepare and deliver an Accessibility Conformance Report (ACR), using the current edition of the Voluntary Product Accessibility Template (VPAT®), for each product deliverable. For SaaS or cloud-based products, updated ACRs shall be provided:

At initial delivery

Following any material update, new feature release, or significant UI change

No less frequently than every twelve (12) months for the duration of the Agreement

The ACR shall document the conformance status of each applicable WCAG 2.2 Level AA success criterion and shall clearly identify any known non-conformance, partial conformance, and the basis for any claim of “not applicable.” Vague or unsupported conformance claims shall not be accepted.

3.4 Client’s Right to Audit

The Client reserves the right to commission an independent accessibility audit of any deliverable at any time, at the Client’s cost, and to share the results with Service Provider. Where the audit identifies non-conformance not previously disclosed in Service Provider’s ACR, the provisions of Section 4 (Remediation) shall apply.

**4. Remediation of Accessibility Barriers**

4.1 Remediation as Defect Correction

Accessibility barriers constitute defects. Remediation of accessibility barriers identified prior to or following delivery shall be treated as defect correction and shall not constitute a change in scope, nor shall it give rise to additional fees or charges payable by the Client.

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

4.2 Remediation Timeframes

Upon written notice from the Client of an identified accessibility barrier, Service Provider shall remediate the issue within the following timeframes, measured from the date of written notification:

<b>Severity</b>	<b>Description</b>	<b>Remediation Timeframe</b>
Critical (WCAG Level A)	Barriers that completely block access to core functionality for users with disabilities	5 business days
High (WCAG Level AA)	Significant barriers that substantially impair access to primary features	15 business days
Medium (WCAG Level AA)	Barriers that cause difficulty but do not fully prevent task completion	30 business days
Low / Advisory	Best-practice improvements and WCAG Level AAA recommendations	Next scheduled release

4.3 Interim Workarounds

Where immediate remediation is not technically feasible within the specified timeframe, Service Provider shall provide a documented interim workaround that enables users with disabilities to accomplish the same task or access the same information by an equivalent means, pending full remediation.

4.4 Remediation Plan

For High or Critical severity barriers that cannot be remediated within the specified timeframe, Service Provider shall provide a written remediation plan within five (5) business days of notification, specifying the root cause, the proposed fix, the estimated delivery date, and any interim mitigations in place.

**5. Subcontractors and Third-Party Components**

5.1 Obligation to Bind Subcontractors

The Service Provider's accessibility obligations extend to all subcontractors, consultants, and third parties engaged in performing this Agreement. The Service Provider shall ensure that all such parties are contractually bound to meet the same accessibility standards required under this Supplement.

5.2 Third-Party and Open-Source Components

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

Where deliverables incorporate third-party libraries, plugins, open-source components, or embedded content, the Service Provider shall:

Conduct accessibility assessment of such components as part of overall conformance testing

Document known accessibility limitations of third-party components in the ACR

Use reasonable efforts to select accessible third-party components and to replace inaccessible components within an agreed timeline where alternatives are available

## **6. Ongoing Obligations**

### **6.1 Maintenance and Updates**

Where this Agreement involves maintenance, ongoing development, iterative releases, or managed SaaS services, Service Provider's accessibility obligations are continuous. Accessibility conformance is not a one-time delivery requirement: it must be maintained throughout the term of the Agreement.

### **6.2 Regression Prevention**

Service Provider shall integrate accessibility testing into its development and release processes to prevent regression. Where a release introduces a previously non-existent accessibility barrier, that barrier shall be remediated in accordance with Section 4.2.

### **6.3 Notification of Known Issues**

Service Provider shall proactively notify the Client in writing of any known accessibility barriers identified during internal testing prior to delivery or release, including the severity classification, affected components, and planned remediation timeline. Service Provider shall not withhold known barrier information pending a Client-initiated audit.

## **7. Indemnification**

### **7.1 Service Provider Indemnification**

Service Provider's obligation to meet accessibility standards creates a corresponding allocation of liability. If the Service Provider's failure to deliver accessible products results in legal claims against the Client : including complaints, investigations, civil suits, or regulatory actions under the ADA, Section 508, or equivalent law : the responsibility for those legal and financial consequences should rest with the party that created the problem, not the party that purchased the product in reliance on the Service Provider's compliance.

### **7.2 Carve-Outs and Limitations**

The Service Provider's indemnification obligation under Section 7.1 shall not apply to the extent that a claim arises from:

Modifications made by the Client to a deliverable after acceptance, where such modifications introduced or directly caused the accessibility barrier;

Content, design specifications, or directives provided by the Client to the Service Provider, where the Client was informed in writing that such content or specifications would result in non-conformance;

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

The Client's failure to implement a remediation delivered by the Service Provider in accordance with Section 4; or

Third-party components or services not supplied or selected by the Service Provider.

Where the Client makes a design or content decision that the Service Provider has advised in writing may result in non-conformance, the Service Provider shall document that advice contemporaneously. Verbal advice shall not give rise to a carve-out unless accompanied by written confirmation.

7.3 Insurance

Service Provider shall maintain, at minimum, Errors and Omissions (E&O) / Professional Liability insurance with policy limits of not less than \$3,000,000 per occurrence and in the aggregate, throughout the term of the Agreement and for three (3) years following expiry or termination. The Service Provider shall name the Client as an additional insured and shall provide certificates of insurance upon request. Indemnification obligations under this Supplement are in addition to, and not limited by, applicable insurance coverage.

**8. Representations and Warranties**

8.1 Service Provider Representations

Service Provider represents and warrants that, as of the date of delivery of each deliverable and at each material update:

The deliverable has been designed and developed with accessibility as an integral design requirement, not a post-development retrofit.

Service Provider employs, or retains consultants with, demonstrable expertise in digital accessibility and WCAG 2.2. Expertise can be demonstrated by using disabled testers with lived experience using assistive technology, or by non-expired certifications such as Trusted Tester or the International Association of Accessibility Professionals Certified Professional in Web Accessibility (IAAP CPWA).

Accessibility testing has been conducted in accordance with Section 3 of this Supplement; The ACR, if needed, which is provided under Section 3.3 is accurate, complete, and not materially misleading; and

Service Provider is not aware of any accessibility barriers in the deliverable that have not been disclosed in the ACR.

8.2 No Warranty by Conduct

The Client's acceptance of a deliverable or payment of an invoice shall not constitute a waiver of any accessibility warranty or of the Client's rights under this Supplement.

**9. Reporting and Communication**

9.1 Designated Accessibility Contact

Each party shall designate a named individual as its Accessibility Contact for purposes of this Supplement. Accessibility Contacts shall be responsible for receiving and transmitting notices, coordinating testing activities, and escalating disputes under this Supplement.

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

Client Accessibility Contact: As set forth in the Agreement

Service Provider Accessibility Contact: As set forth in the Agreement

9.2 Annual Accessibility Report

For Agreements with a term exceeding twelve (12) months, Service Provider shall provide the Client with an Annual Accessibility Report no later than thirty (30) days after each anniversary of the Effective Date. The report shall include:

ACR/VPATs for all active deliverables

A summary of accessibility barriers identified and remediated in the preceding twelve months

Known open barriers, their severity classifications, and planned remediation timelines

Any changes to the Service Provider's internal accessibility program, processes, or tooling

**10. Dispute Resolution**

10.1 Good Faith Resolution

In the event of a dispute regarding the accessibility conformance of any deliverable, the parties shall first attempt to resolve the matter through good-faith negotiation between the designated Accessibility Contacts within fifteen (15) business days of written notice of the dispute.

10.2 Independent Expert

If the parties are unable to resolve a conformance dispute through negotiation, either party may request that an independent accessibility expert, mutually agreed upon or appointed by a relevant industry body, conduct a binding evaluation. The cost of the independent expert shall be borne by the party whose position is not upheld, or shared equally if the expert finds partial merit on both sides.

10.3 Escalation

Disputes not resolved under Sections 10.1 or 10.2 shall be escalated in accordance with the dispute resolution provisions of the Master Agreement.

**11. General Provisions**

11.1 Order of Precedence

In the event of any conflict or inconsistency between this Supplement and the body of Agreement with respect to accessibility obligations, this Supplement shall prevail to the extent of the inconsistency.

11.2 Severability

If any provision of this Supplement is held to be invalid or unenforceable, the remaining provisions shall continue in full force and effect.

11.3 Entire Agreement on Accessibility

**CITY OF CHANDLER**  
**NOTICE OF REQUEST FOR PROPOSAL BG6-918-5096**

This Supplement, together with the Agreement, constitutes the entire agreement between the parties with respect to accessibility requirements. Vague or general contractual language: including catch-all compliance clauses or statements that the Service Provider will make “reasonable efforts” toward accessibility or to follow federal, state, and local laws does not substitute for or supplement the specific requirements set out herein.

11.4 Amendment

This Supplement may only be amended by a written instrument signed by duly authorized representatives of both parties.
