### Project Description:

The City of Leander, herein after “the City” seeks proposals from qualified and experienced firms to this Request for Qualifications (RFQ) in search of professional consultants with project experience in American with Disabilities Act (ADA) survey, evaluation, transition plan development and implementation to bring the City’s programs, services, and facilities into compliance with Title II of ADA and the Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG).. The major deliverable is a comprehensive ADA Self Evaluation and Transition Plan for the City. to conduct a comprehensive ADA self-evaluation and develop a transition plan aimed at enhancing accessibility across city programs, services, facilities, and digital platforms. This initiative is part of the city’s commitment to ensure compliance with ADA requirements and improve equitable access for individuals with disabilities. The project will assess current policies, practices, and physical infrastructure.)
