Description

Rock Island Arsenal Joint Manufacturing and Technology Center (RIA-JMTC) has requirements for Vendor Managed Inventory (VMI) services for their Tool and Fixture Design department. These services include, but are not limited to, the resupply/stock of designated items by a vendor through regular onsite inventory counts and managing inventory levels to pre-determined levels. Items to include things such as commercially available hardware and raw materials are to be stocked, monitored, and maintained to predetermined stock levels. This effort is anticipated to result in a single award, firm fixed price (FFP), five (5) year, Indefinite Delivery Indefinite Quantity (IDIQ) type contract.
