52.204-7 SYSTEM FOR AWARD MANAGEMENT-REGISTRATION (FEB 2026)

The Offeror shall have an active Federal Government contracts registration in the System for Award Management (SAM) when submitting an offer or quotation in response to this solicitation and at the time of award. As part of the SAM registration process, the Government collects information, as described in paragraphs (b) through (d) of this provision, that is necessary to identify the Offeror and for the Offeror to be awarded Federal Government contracts. To register in SAM, go to <https://www.sam.gov>. Allow for processing time when registering in SAM. If the Offeror is not registered in SAM, it should register immediately after receiving this solicitation.

(a) Definitions. As used in this provision-

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest-level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate owner (e.g., joint ventures).

Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.

Taxpayer identification number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.

Unique entity identifier (UEI) has the meaning provided in the clause at FAR 52.204-13, System for Award Management—Maintenance, of this solicitation.

(b) Identifiers. The Offeror shall obtain and provide the following identifying information:

(1) Unique entity identifier (UEI).

(i) The Offeror shall obtain a UEI to register in SAM. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI to the Offeror. Go to <https://www.sam.gov> for instructions on obtaining a UEI.

(ii) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “Unique Entity Identifier” followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer. The Offeror shall also enter its EFT indicator, if applicable.

(iii) The Contracting Officer will use the UEI to verify that the Offeror has an active Federal Government contracts registration in SAM.

(2) Taxpayer identification number (TIN).

(i) The Offeror shall provide its TIN or related information to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M; and implementing regulations issued by the IRS. The Offeror shall consent for TIN validation; and

(3) Commercial and Government Entity (CAGE) code.

(i) The Offeror shall provide a CAGE code and legal business name (Do not use a “doing business as” name) for—

(A) Itself;

(B) Its immediate owner(s), if any;

(C) Its highest-level owner, if any; and

(D) Any predecessor(s), or predecessor of an Offeror’s predecessor, that held a Federal contract or grant within the last three years.

(ii) If the Offeror is in the United States or its outlying areas and does not already have a CAGE code assigned, the DLA CAGE Branch will assign a CAGE code to the Offeror as a part of the SAM registration process. For information on obtaining a CAGE code go to <https://cage.dla.mil/>.

(iii) The Offeror shall get from any immediate and/or highest-level owner(s) their respective CAGE code(s) to provide the code(s) as part of the registration (FAR 52.204-7(b)(3)(i)).

(iv) If the Offeror is located outside of the United States or its outlying areas, and does not already have a CAGE code assigned, the Offeror may obtain a CAGE code as indicated in the following table.

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (FEB 2026)

(a) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

- (1) The solicitation number;
- (2) The name, address, telephone number of the Offeror;
- (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) Period for acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is “late” and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror’s initial offer should contain the Offeror’s best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) Debriefings. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency’s evaluation of the significant weak or deficient factors in the debriefed Offeror’s offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (FEB 2026)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

(1) Subfactor 1: Government Inspection and Acceptance, PWS Paragraph 6.1.1, Subtask 2. In order for this subfactor to be rated Acceptable all supplies and/or services must be completed in accordance with this PWS, to be considered acceptable. The Government has five (5) business days, in coordination with the contractor, to perform a walk-through of the project to affirm compliance with PWS.

(2) Subfactor 2: Safety, PWS Paragraph 6.1.3.1. In order for this subfactor to be rated Acceptable [all employees wear adequate personal protection equipment (PPE) required for delivery and assembly and all other project efforts. The contractor must provide all supervision, materials, tools, and equipment to support the resurfacing of break room flooring in accordance with manufacturer's recommendations.

(3) Subfactor 3: Cleaning and Close-out Submittal, PWS Paragraph 6.1.4. In order for this subfactor to be rated Acceptable in the following:

- a. Work area must be clean and free of trash and debris upon completion of floor maintenance and/or repair and left in neat and clean condition.
- b. The contractor must make every reasonable effort to protect the privately owned possessions remaining in the work area from loss or damage.
- c. Any portion of the property damaged by the contractor or subcontractor during the course of the work must be repaired at no additional cost to the Government. The term "damages" shall include imperfection on the wall from tape, a ding, or scuff, etc. caused by the workers of the contract operation.

Past Performance: There is no requirement to consider past performance for procurements under FAR Part 8 or Subpart 16.5, and doing so often results in a much longer evaluation process. Therefore, evaluation of past performance is NOT recommended unless you can demonstrate to the KO that it will provide meaningful discrimination between offerors. This is rarely the case when placing an order against a GSA Schedule or an IDIQ contract. In the event that past performance is considered on this LPTA requirement, it will only be done on the basis of acceptable/unacceptable and will be considered only after the technical proposal/quotation is determined acceptable.

(b) Factor 2: Cost/Price

(1). The Offeror's firm-fixed price proposal will be evaluated for award purposes based upon the total evaluated price which consists of the offeror's proposed prices for the base period. The offeror's price proposal will be evaluated, using one or more of the techniques defined in FAR 15.404, in order to determine if it is reasonable and complete. Normally, price reasonableness is established through cost and price analysis techniques as described in FAR 15.404. For a price to be complete, all solicitation requirements must be priced, figures correctly calculated and prices presented in a clear and useful format. The Government reserves the right, but is not obligated, to conduct a realism analysis.

(2) Reserved

(3) Ratings

(a) Each technical/management subfactor will receive one of the ratings described in Table 1. The subfactor ratings will not be rolled up into an overall color rating for the Technical/Management factor.

Table 1. Technical/Management Ratings	
Rating	Description
Acceptable	Proposal/quotation clearly meets the minimum requirements of the solicitation.
Unacceptable	Proposal/quotation does not clearly meet the minimum requirements of the solicitation.

The Technical/Management subfactors will be evaluated and rated either Acceptable or Unacceptable. In order for a proposal to be rated Technically Acceptable overall, each of the subfactors must be rated Acceptable.

The Government intends to evaluate quotes and award a contract without exchanges. However, the Government reserves the right to conduct exchanges or seek clarifications if the KO determines they are necessary. If exchanges are required, the number of quotes being competitively considered may be narrowed to all of the most highly rated quotes. The Government further reserves the right to reduce the number of quotes being competitively considered to the greatest number that will permit efficient competition among the most highly rated quotes. If an offeror's quote is removed from further consideration for award, written notice of the removal will be provided to the offeror. In the event issues pertaining to the solicitation cannot be resolved to the KO's satisfaction, the Government reserves the right to cancel the solicitation. In such event, offerors will be notified in writing. It is the sole responsibility of the offeror to ensure that the electronic files submitted are virus free and can be opened and read by the Government. Quote submissions shall not be locked, encrypted, or otherwise contain barriers to opening the file(s). The Government is under no obligation to seek clarification regarding electronic quote submissions if submissions cannot be opened or accessed. **The Government reserves the right not to consider for award any quote that does not adhere to the administrative requirements of this RFQ.**

(b) Options-Not Applicable

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

52.212-4 TERMS AND CONDITIONS--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (FEB 2026)

(a) Definitions. The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference.

(b) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights—

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(c) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(d) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(e) Disputes. This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal, or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause FAR 52.233-1, Disputes, which is incorporated in this contract by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs, the Contractor shall—

(1) Notify the Contracting Officer in writing as soon as possible;

(2) Remedy the delay as quickly as possible; and

(3) Notify the Contracting Officer when the occurrence is over.

(g) Invoice. The Government will handle invoices according to the Prompt Payment Act (31 U.S.C. 3903) and 5 CFR part 1315. The Contractor shall submit invoices to the address designated in the contract to receive invoices. An invoice must include the information required by 5 CFR part 1315.9(b).

(h) Patent indemnity. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

G2 LINE ITEM AND CONTRACT/ORDER CLOSEOUT (OCT 2021)

Dormant and/or excess funds consist of funds that are primarily in “expired” or “cancelled” status. Expired funds are no longer available for new obligations, but are available for upward adjustments and payments on prior obligations to include payments on contractor invoices. Cancelled funds are no longer available for upward

adjustments to obligations or to pay contractor invoices.

Timely contract closeout of the entire contract/order and of completed individual contract line item number(s) (CLIN) and/or sub line item number(s) (SLIN) is a priority under this contract/order. As such, the Contractor shall submit a final invoice no later than ninety (90) calendar days after the expiration of this contract/order and/or at the expiration of any individual CLIN(s)/SLIN(s) that expire before the final expiration of the contract/order (i.e., end item(s) was scheduled to be delivered or the period of performance (base or option year) was completed), unless the Contractor requests and is granted a written extension by the Contracting Officer. In addition, and concurrent with the submission of the final invoice for a specific CLIN/SLIN or for the contract/order in its entirety, the Contractor shall notify the Contracting Officer of the amount of excess funds that can be deobligated from the CLIN/SLIN or contract/order so the deobligation of any excess funds can be completed as soon as possible.

After ninety (90) days from expiration of a CLIN/SLIN, end item delivery, or contract/order in its entirety, unless an extension had been requested and granted by the Contracting Officer in writing, a bilateral contract/order modification to deobligate excess funds and/or closeout the contract/order in its entirety will be forwarded to the Contractor by the Contracting Officer. The modification must be signed and returned to the Contracting Officer within thirty (30) calendar days of receipt. A Contractor's failure to respond and/or sign the bilateral modification within thirty (30) calendar days of receipt will constitute approval of the terms of the modification and the modification will subsequently be processed unilaterally by the Contracting Officer to deobligate excess funds and/or closeout the contract/order.

For cost reimbursement CLINs/SLINs, contracting officers will use FAR 42.708, Quick-closeout procedures to the maximum extent possible after the contract/order is physically complete. Should the contract/order require audit/review (e.g., audits conducted by the Defense Contract Audit Agency), excess funds/balances from CLIN(s)/SLIN(s) that are not required to satisfy potential adjustments as a result of the review/audit will be removed from the CLIN(s)/SLIN(s) through a bilateral modification. The modification will be forwarded by the Contracting Officer and must be signed by the Contractor and returned within thirty (30) calendar days of receipt. A Contractor's failure to respond within thirty (30) calendar days of receipt will constitute approval of the terms of the modification and the modification will subsequently be processed unilaterally by the Contracting Officer to remove the excess funds/balances on the associated CLINs/SLINs. If the Contractor disagrees with amount for deobligation they will notify the Contracting Officer promptly with the proposed amount and rationale for deobligation.

Communications with the Contractor will be conducted with the identified Point(s) of Contact (POC) identified in G1 of this contract/order. Should a change in POC be required, the Contractor shall immediately notify the Contracting Officer.

G4 SUBMITTING CREDITS TO DISA – WAWF CONTRACTS (DEC 2023)

If the contractor owes DISA money, the following methods shall be used to process the credit. These are the only methods approved for processing credits; checks will not be accepted.

1. Include Credit in Current Invoice in Wide Area Work Flow (WAWF). The contractor may only use this method if the total invoice amount (current charges minus credit amount) is greater than \$0.
2. Submit a Stand-alone Credit Invoice in WAWF. The contractor may only use this method if a future WAWF invoice(s) will be submitted, and the total of the future invoice(s) exceeds the credit amount. DISA will offset the payment of the future invoice(s) by the credit amount.

3. Zero Dollar Invoice in WAWF. The contractor may only use this method to move a previously paid amount on a CLIN/ACRN to a different CLIN/ACRN. The \$0 invoice in WAWF shall include a credit to the incorrect CLIN/ACRN and a positive amount to the correct CLIN/ACRN. An alternative method to moving a previously paid amount on a CLIN/ACRN to a different CLIN/ACRN is to submit two invoices: one credit invoice for the incorrect CLIN/ACRN and one invoice for the correct CLIN/ACRN.
4. Pay.gov. The contractor may only use this method if none of the above credit methods are feasible. To submit a credit via Pay.gov, the contractor shall complete the form at <https://www.pay.gov/public/form/start/999077677>.

When submitting a credit line on an invoice in WAWF, the contractor shall ensure the 4-digit CLIN is listed in the Item Number field and the ACRN is listed in the ACRN field. Invoices referencing an infoSLIN or invoices missing an ACRN for every CLIN will be rejected.

If the contractor or a subcontractor breaches any of the OCCI restrictions of the contract, to include any OCCI mitigation plan submitted with its offer, or does not disclose or misrepresents any relevant facts concerning its conflict of interest, the government may take appropriate action, including terminating the contract, in addition to any remedies that may be otherwise permitted by the contract or operation of law.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 3 weeks after 10 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans'

Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) **COMPUTER EMPLOYEES:** This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) **AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard**

Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
