6.2 Special Rules Applicable to Joint Ventures

Generally, applications submitted through eContract Philly from Applicants that purport to be filing an application on behalf of another individual or business entity will not be considered, even if the other business entity is an affiliate of the Applicant. In the case of multiple business entities that, if awarded a contract, have formed, or intend to form a joint venture to perform the contract, a single business entity *may* file an application on behalf of all such business entities, so long as: (i) the filing business entity is or will be a member of the joint venture, (ii) the application is made in the name of the existing or proposed joint venture, (iii) documentation is submitted with the application identifying all business entities that will comprise the joint venture, and demonstrating a binding agreement among those business entities to perform the contract as the joint venture identified in the application (for a joint venture that has not yet been formed, documentation signed by each identified business entity evidencing a commitment to form the joint venture if awarded the contract is sufficient), and (iv) the non-filing business entities are eligible for award of a City contract and make the [disclosures](#) required by [Chapter 17-1400](#) of the Philadelphia Code (described in greater detail below) within fourteen (14) days after the joint venture receives notice that it has been awarded the contract.

6.3 Mandatory Political Contribution Disclosures and Penalties

Pursuant to [Chapter 17-1400](#) of the Philadelphia Code, Applicants are required to disclose the following as part of their required online application:

- their direct and indirect campaign contributions to:
 - political candidates and incumbents who are nominated for, running for, or serving in, a local Philadelphia elected office; and
 - political committees/parties that are operating in Philadelphia¹
- any consultants used in responding to the RFP and political contributions those consultants have made as described above; and
- whether the Applicant or any representative of the Applicant has received from any City employee a request for money or other items of value.

Applicants who make material misstatements or omissions in required disclosures may be prohibited from entering into contracts resulting from this or any other RFP of the City for one to three years and subjected to fines of up to three-times (3x) the amount that a contribution exceeded the [political contribution limits](#), up to \$2,000 for each contribution, pursuant to [Section 20-1302](#) of the Philadelphia Code

For more information, please consult the text of [Chapter 17-1400](#), the “[Disclosure/Eligibility](#)” tab on [eContract Philly](#), e-mail econtractphilly@phila.gov, or call 215-686-4914.

6.4 Political Contribution Limits for City Contractors

The current contribution limits are adjusted every four years (starting in 2008) and are posted on the [eContract Philly](#) home page. The limits are established by law, apply continuously throughout the life of an awarded contract and for as long as the official benefiting is in office. Applicants are advised that individuals and businesses that make campaign contributions in excess of the amounts set forth in [Section 17-1404\(1\)](#) of the Philadelphia Code are ineligible to enter into a City contract or subcontract at any tier in excess of \$10,000 for individuals or \$25,000 for businesses. Contributions are attributed according to [Section 17-1405](#) of the Philadelphia Code and Applicants should take this into consideration in electing to apply for this opportunity and in selecting subcontractors, if any.

Applicants certify that their subcontractors are eligible to work on City contracts and will be responsible for any consequence if that later proves untrue. To assist Applicants, the City has provided disclosure forms under the “[Disclosure/Eligibility](#)” “[Subcontractor Disclosure](#)” tab on [eContract Philly](#) for subcontractors to complete and provide to the Applicant at their option. These forms do not need to be submitted to the City.

¹ State and federal campaign contributions do not have to be disclosed unless the subject/candidate in the campaign is also running for, or currently serving in a local Philadelphia elected office.

6.5 City Employee Conflict Provision

City of Philadelphia employees and officials are prohibited from submitting a proposal in response to this RFP. No proposal will be considered in which a City employee or official has a direct or indirect interest.

6.6 Reservation of Rights

By submitting a response to this contract opportunity, the Applicant accepts and agrees to the [City's Standard Reservation of Rights](#), linked and incorporated in this document by reference, and to the terms of this contract opportunity, including all information contained in this RFP and information posted or accessible by link from the [eContract Philly "Opportunity List"](#) page, accessible under the "[New Contract Opportunities](#)" tab on the [eContract Philly](#) homepage.

6.7 Confidentiality and Public Disclosure

Each Applicant shall treat all information obtained from the City as a result of this opportunity or any resultant contract, which information is not generally available to the public, as confidential and/or proprietary to the City in accordance with the terms of any resultant contract. The Applicant shall exercise all reasonable precautions to prevent any information derived from such sources from being disclosed to any other person. The Applicant agrees to indemnify and hold harmless the City, its officials and employees, from and against all liability, demands, claims, suits, losses, damages, causes of action, fines and judgments (including attorney's fees) resulting from any use or disclosure of such confidential and/or proprietary information by the successful Applicant or any person acquiring such information, directly or indirectly, from the successful Applicant.

By submission of a proposal, Applicants acknowledge and agree that the City, as a municipal corporation, is subject to state and local public disclosure laws and, as such, is legally obligated to disclose to the public documents, including proposals, to the extent required thereunder. Without limiting the foregoing sentence, the City's legal obligations shall not be limited or expanded in any way by an Applicant's assertion of confidentiality and/or proprietary data.
