1 Introduction and Purpose of IFB

The Texas Health and Human Services Commission (HHSC) is an agency within the Texas Health and Human Services (HHS) system. The Procurement and Contracting Services (PCS) division of HHSC administers IFBs for HHS.

HHSC PCS is seeking competitive bids to establish contract(s) for REMISOL Advance software services.

Both HHS Agencies, HHSC and DSHS, will be entitled to use any contract awarded as a result of this IFB.

These specifications are being advertised under Section 2155.067 of the Texas Government Code. Only bids on items conforming exactly to these specifications, which include proposing only the brand name(s), make and model number(s) specified, will be considered in determining an award.

To be considered for award, Bidders must submit a comprehensive Response which includes all required information and documentation as outlined in this IFB to ensure the Bidder meets all requirements, possesses the required experience and qualifications, and has the capacity to provide the services described in this IFB. See Appendix A, Submission Instructions and Response Checklist.

Negotiations are prohibited under the IFB procurement method under most circumstances, and even then, the scope of permissible negotiations is limited and may not result in a material change to the scope of work or specifications as advertised in this IFB.

Bidders should NOT submit exceptions to this IFB which could result in disqualification of a Response. No changes to a Response can be made after the submission deadline.

No assumptions should be included in a Response. The inclusion of assumptions could result in disqualification of a Response. Instead, a Bidder should advance assumptions and seek

clarification of a section of this IFB, any Exhibits or attachments, in the form and manner required in **Section 6.7 IFB Questions or Clarifications**.

9 Pricing Information

9.1 Pricing Structure

Prices offered, as part of the Bidder's response, must be firm, fixed prices for the life of the Contract.

The pricing must be submitted only using **Exhibit C - Pricing Sheet** based on the description and the unit of measure(s) provided for each line item. The unit prices must include all IFB requirements, including, but not limited to, labor, equipment, materials, supplies and all related expenses.

9.2 Price Adjustments

Contractors are required to immediately implement any price decrease that become available during the Contract term. Contractor must notify the designated HHSC Contract Manager in

writing so that a Purchase Order Change Notice or Contract Amendment may be processed. The Contractor will be provided the HHS Agency Contract Manager contact information upon award.

9.2.1 Price Adjustment Index

HHSC may permit price adjustments when correlated with the index as specified below and as published by the Bureau of Labor Statistics (BLS), Region VI, Washington, DC 20212.

[BLS Website](https://data.bls.gov/cgi-bin/srgate): <https://data.bls.gov/cgi-bin/srgate>

<https://data.bls.gov/timeseries/CUUR0000AA0>

When using the most recent monthly information from the index, the following applies:

A = Index from the month of the Response Deadline of this IFB, OR

The effective date/month of the last approved price increase or renewal option exercised, whichever is later.

B = Current or latest baseline index

The allowable percent change must be calculated as follows:

$$B - A \div A \times 100\% = \text{Percent of allowable price increase or decrease}$$

Failure by the Contractor to calculate this formula and provide any supporting documentation will not be considered a properly submitted price increase request and will result in rejection of the price increase request.

The Contractor may offer price decreases in excess of the allowable percent change at any time during the term of the Contract.

9.2.2 Price Adjustment Requests

The Contractor must provide, in writing to the HHS Agency Contract Manager, a request for a price adjustment. The adjustment request must use the index and formula identified in **Section 9.2.1 (Price Adjustment Index)**. **Only contracts with renewals are eligible for CPI increases and must be completed prior to the start of the renewal period.**

Contractor must provide supporting documentation to justify any price adjustment. Any request submitted that fails to use the formula above for calculating a price adjustment will not be considered a complete, properly submitted request and will be rejected. Additionally, any

request submitted that does not include supporting documentation will not be considered a complete, properly submitted price adjustment request and will be rejected.

The HHS Agency reserves the right to accept or reject the request for a price adjustment. The Contractor will receive written notification, through a Purchase Order Change Notice or Contract Amendment, from the HHS Agency Contract Manager documenting action taken, to include effective dates, for any adjustments approved.

9.2.3 Discounts

If Contractor at any time during the term of the Contract provides a discount on the final contract costs, Contractor will notify HHSC in writing at least ten (10) calendar days prior to the effective date of the discount. HHSC will generate a Purchase Order Change Notice or other Contract Amendment and send a revised Purchase Order or amended Contract to Contractor.

9.2.4 Federal Minimum Wage Adjustments

Contractor may request a price adjustment based on an increase in the Federal Minimum Wage Rate, published by the U.S. Department of Labor (USDOL), if applicable.

The request must be submitted to the HHS Agency Contract Manager in writing and include supporting documentation from the USDOL reflecting the increase and the effective date of the increase. HHSC reserves the right to accept or reject the request for an increase.

The effective date for an increase, if approved, will be based on the date of approval by the HHS Agency. Retroactive increases will not be allowed or approved if the USDOL effective date is prior to the date the written request is received by HHSC. Notification of an approved increase in the Contract rate will be provided through a Purchase Order Change Notice or Contract Amendment from the HHS Agency Contract Manager to include the new unit price and effective date for the increase.

10 Changes to The Contract

Following award, additional services or changes, within the scope, or parameters of this IFB, will be added/removed via Purchase Order Change Notice (POCN) or Contract Amendment approved by the HHS Agency and the Contractor.

Renewal(s), if exercised, shall be subject to all the requirements and terms and conditions of the Contract.

11.4 Extension Option

The HHS Agency, at its sole option and subject to availability of funding, may extend the term of the Purchase Order or other Contract beyond the initial term and all exercised renewal periods for up to one (1) year as necessary to ensure continuity of service, to process a new IFB, to secure a new contract, for purposes of transition to a new Contractor, or as otherwise determined by the HHS Agency.

This extension, if exercised, will require the Contractor to continue performing services in accordance with the Purchase Order Change Notice (POCN) or other Contract Amendment, Contract requirements and all terms and conditions.

12 Contract Administration/ Purchase Order Administration

12.1 Contract Manager/Program Lead

An HHS Agency Contract Manager or Program Lead will be designated, and the contact information will be provided to the Contractor.

12.2 Performed Services Monitoring

- a) The HHS Agency Contract Manager or designee will monitor all work performed by Contractor and shall regularly communicate with the Contractor to address questions, concerns or progress.

The Contractor shall take immediate action to correct the service or portion of a service at no additional cost to the HHS Agency. The Contractor shall notify the HHS Agency Contract Manager or designee upon completion for HHS Agency inspection and acceptance, as applicable.

12.3 Performance Reporting

The HHS Agency Contract Manager is required to report vendor performance for purchases over \$25,000 through the Texas Comptroller of Public Accounts (CPA) Vendor Performance Tracking System (VPTS). The VPTS reporting is required throughout the life of a contract and not just at its conclusion. HHSC PCS, at its sole discretion, may submit reports in the VPTS on Contracts under \$25,000. The [VPTS information and report](https://www.txsmartbuy.gov/vpts) search may be accessed at: <https://www.txsmartbuy.gov/vpts>

Performance Notification – Non-Material Deficiency

The HHS Agency may notify Contractor in writing of specific areas of the Contractor's performance that fail to meet performance expectations, standards, or schedules, but that, in the determination of the HHS Agency, do not result in a material deficiency or delay in the implementation or operation of the services.

12.4 Contractor Response to Notification of Non-Material Deficiency

The Contractor shall, within three (3) business days (or another date approved by the HHS Agency) of receipt of written notice of a non-material deficiency, provide the HHS Agency Contract Manager a written response that:

- a) Explains the reasons for the deficiency, the Contractor's plan to address or cure the deficiency, and when the deficiency will be cured.

The Contractor's noncompliance or failure to timely correct the deficiency may result in delayed payment or non-payment as determined by the HHS Agency.

12.5 Corrective Action Plan (The Plan)

At its discretion, the HHS Agency may require the Contractor to submit a detailed written Corrective Action Plan and include how the Contractor will correct or resolve a performance issue, deficiency, or a breach of this Contract.

The Plan, at a minimum, must include, but is not limited to:

- a) A detailed explanation of the reasons for the cited deficiency;
- b) The Contractor's assessment or diagnosis of the cause; and
- c) A specific proposal to cure or resolve the deficiency to include a timeline for implementation.

The Plan must be submitted by the deadline set forth in the HHS Agency's request.

The Plan is subject to HHS Agency approval.

12.6 Performance Issues

The Contractor shall be required to correct all performance issues reported by the HHS Agency Contract Manager within 48 business hours. The Contractor shall provide a written report detailing the performance issue(s) and resolution. The HHS Agency's Contract Manager will report/discuss performance deficiencies with the Contractor and seek to achieve resolution of the issues.

12.7 Public Information Act – Bidder Requirements Regarding Disclosure

Proposals and contracts are subject to the Texas Public Information Act (PIA), [Texas Government Code Chapter 552](#), and may be released to the public upon request. The HHS Agency also is required to post certain contracts and IFB responses on its public website and to provide such information to the Legislative Budget Board for posting on its website.

If Bidder asserts that information provided in its IFB Response is exempt from disclosure under the PIA, Bidder must:

a) Mark Original Proposal

1. Mark the Original Proposal, on the top of the front page, with the words **"CONTAINS CONFIDENTIAL INFORMATION"** in large, bold, capitalized letters (the size of, or equivalent to, 12-point Times New Roman font or larger); and
2. Identify, adjacent to each portion of the IFB Response, that Bidder claims is exempt from public disclosure, the claimed exemption from disclosure (NOTE: no redactions are to be made in the Original IFB Response).

b) Certify in Original IFB Response - HHS Solicitation Affirmations (attached as Exhibit A to this IFB)

Certify, in the designated section of the HHS Solicitation Affirmations, Bidder's confidential information assertion and the filing of its Public Information Act Copy; and

c) Submit Public Information Act Copy of Response

- i. Submit a separate "Public Information Act Copy" of the Original Response (in addition to the original and all copies otherwise required under the provisions of this IFB). The Public Information Act Copy must meet the following requirements:
- ii. The copy must be clearly marked as **"PUBLIC INFORMATION ACT COPY"** on the front page in large, bold, capitalized letters (the size of, or equivalent to, 12-point Times New Roman font or larger);

- iii. Each portion Bidder claims is exempt from public disclosure must be redacted (blacked out); and
- iv. Bidder must identify, adjacent to each redaction, the claimed exemption from disclosure. Each identification provided as required in Subsection (c) of this section must be identical to those set forth in the Original Response as required in Subsection (a)(2), above. The only difference in required markings and information between the Original Response and the "Public Information Act Copy" of the response will be redactions - which can only be included in the "Public Information Act Copy." There must be no redactions in the Original Response.

By submitting a response to this IFB, Bidder agrees that, if Bidder does not mark the Original IFB Response, provide the required certification in Exhibit A: HHS Solicitation Affirmations, and submit the Public Information Act Copy, Bidder's IFB Response will be considered to be public information that may be released to the public without notice to the Bidder in any manner including, but not limited to, in accordance with the Public Information Act, posted on the HHS Agency's public website, and posted on the Legislative Budget Board's public website.

If any or all Bidders submit partial, but not complete, information suggesting inclusion of confidential information and fail to comply with the requirements set forth in this section, HHSC, in its sole discretion, reserves the right to (1) disqualify all Bidders that fail to fully comply with the requirements set forth in this section, or (2) to offer all Bidders that fail to fully comply with the requirements set forth in this section additional time to comply.

Bidder should not submit a Public Information Act Copy indicating that the entire proposal is exempt from disclosure. Merely making a blanket claim that the entire proposal is protected from disclosure because it contains any amount of confidential, proprietary, trade secret, or privileged information is not acceptable, and may make the entire IFB Response subject to release under the PIA.

IFB Responses should not be marked or asserted as copyrighted material. If Bidder asserts a copyright to any portion of its proposal, by submitting a proposal, Bidder agrees to reproduction and posting on public websites by the State of Texas, including HHSC and all other state agencies, without cost or liability.

HHSC will strictly adhere to the requirements of the PIA regarding the disclosure of public information. As a result, by participating in this IFB process, Bidder acknowledges that all information, documentation, and other materials submitted in the Response to this IFB may be subject to public disclosure under the PIA. HHSC does not have authority to agree that any information submitted will not be subject to disclosure. Disclosure is governed by the PIA and by rulings of the Office of the Texas Attorney General. Bidders are advised to consult with their legal counsel concerning disclosure issues resulting from this process and to take precautions to safeguard trade secrets and proprietary or otherwise confidential information. HHSC assumes

no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by Bidders.

For more information concerning the types of information that may be withheld under the PIA or questions about the PIA, refer to the most current Public Information Act Handbook published by the Office of the Texas Attorney General or contact the attorney general's Open Government Hotline at (512) 478-OPEN (6736) or toll-free at (877) 673-6839 (877-OPEN TEX). 13.5 Disputed Invoice(s)

In accordance with Title [34 Texas Administrative Code, Rule §20.487\(b\)](#), the HHS Agency will immediately return disputed invoices to the Contractor but in no event later than the 21st day after the HHS Agency receives the invoice. The HHS Agency reserves the right to dispute any portion of an invoice and will attempt to resolve the dispute with the Contractor in good faith. The HHS Agency shall not be required to pay any disputed portion of an invoice until the dispute is resolved. Notwithstanding any such dispute, the Contractor must continue to perform the services and/or produce deliverables in compliance with the terms of the Contract. Pending resolution of a dispute, the HHS Agency will continue to process payments for undisputed amounts and invoices to the Contractor.

14 Insurance Requirements

Contractor may be required to submit bond documentation and current certificates of insurance or other proof acceptable to the HHS Agency at the time of notification of a potential award and such proof must be received by the HHS Agency Contract Manager prior to execution by the HHS Agency of any contract. The HHS Agency, in its sole discretion, may request additional evidence of insurance or bonds coverage as deemed necessary.

The HHS Agency may designate a deadline for submission of proof of required insurance or bonds. Failure to timely submit acceptable proof may result in the HHS Agency's revocation of the award.

Contractor shall maintain the required insurance during the initial Contract term and any renewal or extension period exercised. Contractor shall be responsible for ensuring its subcontractors are in compliance with all applicable insurance and bond requirements.

- a) Contractor shall carry insurance in the types and amounts indicated for the duration of the Contract. Upon request, HHS, and/or its agents, shall be entitled to receive, without expense, copies of the policies and all endorsements.

- c) Contractor shall provide and maintain all insurance coverage with the minimum amounts described throughout the life of the Contract.
- d) Failure to maintain insurance coverage, as required, may be grounds for suspension of work for cause, termination of contract, or other remedies.
- e) Contractor shall deliver to HHS true and complete copies of certificates and corresponding policy endorsements within 10 days following award.
- f) Failure of HHS to demand such certificates or other evidence of Contractor's full compliance with these insurance requirements or failure of HHS to identify a deficiency in compliance from the evidence provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.
- g) The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to HHS in the Contract.
- h) The insurance coverage and limits established below shall not be interpreted as any representation or warranty that the insurance coverage and limits necessarily will be adequate to protect Contractor.
- i) Coverage shall be written on an occurrence basis by companies authorized and admitted to do business in the State of Texas and rated A or better by A.M. Best Company or similar rating company or otherwise acceptable to HHS.

The Health and Human Services Commission, its officials, directors, employees, representatives, and volunteers shall be added as additional insureds as respects operations and activities of, or on behalf of the named insured performed under Contract with HHS. The additional insured status must cover completed operations as well. This is not applicable to workers' compensation policies.
- l) A waiver of subrogation in favor of the Health and Human Services Commission shall be provided in all policies.

- m) Without limiting any of the other obligations or liabilities of Contractor, Contractor shall require each Subcontractor performing work under the Contract to maintain, at Subcontractor's own expense, during the term of the Contract, the same stipulated minimum insurance including the required provisions and additional policy conditions as shown above.
- n) As an alternative, Contractor may include its Subcontractors as additional insureds on its own coverage as prescribed under these requirements. Contractor's certificate of insurance shall note in such event that Subcontractors are included as additional insureds and that Contractor agrees to provide workers' compensation for Subcontractors and their employees. Contractor shall obtain and monitor the certificates of insurance from each Subcontractor in order to assure compliance with the insurance requirements. Contractor must retain the certificates of insurance for the duration of the Contract plus seven (7) years and shall have the responsibility of enforcing these insurance requirements among its Subcontractors. Owner shall be entitled, upon request and without expense, to receive copies of these certificates.

15 Screening of Responses

Neither issuance of this IFB nor retention of Responses constitutes a commitment on the part of HHSC to award a Contract. HHSC reserves the right to reject any or all Responses and to

cancel this IFB if HHSC, in its sole discretion, considers it to be in the best interests of HHSC to do so.

Retention of Responses by HHSC confers no legal rights upon any Bidder.

HHSC reserves the right to select qualified Bidders to this IFB with or without discussion of the Response with Bidders.

15.1 Administrative Screening

An administrative screening of Responses timely received will be conducted by HHSC PCS to determine which Responses meet all IFB minimum requirements and are deemed responsive and qualified for further consideration and evaluation.

Appendix A – Submission Instructions and Response Checklist will be used to conduct the screening process.

HHSC reserves the right to ask questions or request clarification from any Bidder at any time during the screening process.

15.2 Irregularities

HHSC reserves the right to waive irregularities in a Response. An irregularity is an omission or error that, in HHSC's determination if waived or modified when screening Responses, would not give a Bidder an unfair advantage over other Bidders or result in a material change in the Response or IFB requirements.

HHSC, at its sole discretion, may give a Bidder the opportunity to submit missing information or make corrections. The missing information or corrections must be emailed to the Sole Point of Contact, **Section 6.1 (Sole Point of Contact and Communications)** by the deadline set by HHSC. Failure to respond before the deadline may result in HHSC's rejecting the Response and the Bidder not being considered for award.

Note: Any disqualifying factor set forth in this IFB does not constitute an irregularity (e.g., Submission of Exhibit A HHS Solicitation Affirmations, which must be completed, signed and submitted with the IFB Response) and will not be waived.

16 Evaluation

16.1 Evaluation of Responses

It is understood that all Responses will become a part of HHSC PCS' official procurement files and will be available for public inspection in accordance with the Texas Public Information Act after Contract award or the procurement has been cancelled.

HHSC reserves the right to conduct studies and other investigations as necessary to evaluate any Response.

16.2 Conformance with State Law for Evaluation

Responses shall be evaluated in accordance with [Title 10, Subtitle D, Chapter 2155, Sections 2155.074, 2155.075\(a\), and 2155.144](#); and [Chapter 2156, Section 2156.007](#), Texas Government Code; and [Chapter 2157, Section 2157.003](#).

Sections 2155.074, 2156.007, and 2157.003 provide the Best Value Standard for the purchase of goods or services and for the award, which includes consideration of the purchase price and whether the Bidder meets all requirements of this IFB.

16.3 Specific Evaluation Criteria

HHSC shall not be obligated to select the Bidder with the lowest price but shall make an award to the Bidder who provides the best value to the State of Texas.

All Responses will be evaluated according to the following criteria:

- a) Bidder meeting or exceeding the requirements and specifications in accordance with this IFB;
- b) Bidder's ability to meet performance delivery requirements; and
- c) Price.

16.3.1 Required Pricing

The **Pricing Sheet, Exhibit C**, identifies the pricing requested and required for services and related products, if applicable, outlined in this IFB. The pricing is significant in the overall evaluation of the Responses. HHSC PCS is not obligated to select the lowest priced Response. The pricing will be evaluated across all Bidders to determine the Response with the lowest price per line item or lowest total for all line items on Exhibit C – Pricing Sheet.

The award will be made to the Bidder whose Response offers the best value to the State based on all factors considered, including price.

16.3.2 Verification of Past Vendor Performance

By submitting a Response, the Bidder generally releases from liability and waives all claims against any party providing information about the Bidder at the request of HHSC.

Bidders may be rejected as a result of unsatisfactory past performance under any contract(s) as reflected in vendor performance reports, reference checks, or other sources.

The Bidder's past performance may be considered in the evaluation process and prior to making an award determination.

Reasons for which a Bidder may be denied a contract include, but are not limited to:

- a) Bidder has unfavorable reports or grade less than a "C" on the [CPA Vendor Performance Tracking System \(VPTS\)](#),

OR,

- b) Bidder is currently under a corrective action plan through HHSC, OR,
- c) Bidder has had repeated, negative vendor performance reports for the same reason, OR,
- d) Bidder has a record of repeated non-responsiveness to vendor performance issues, OR,
- e) Bidder has contracts or purchase orders that have been cancelled in the previous 12 months for non-performance or sub-standard performance.

In addition, HHSC may examine other sources of vendor performance, which may include information provided by any governmental entity, whether an agency or political subdivision of the State of Texas, another state, or the federal government.

The performance information may include, but is not limited to:

- a) Notices of termination,
- b) Cure notices,
- c) Assessments of liquidated damages,
- d) Litigation,
- e) Audit reports, and
- f) Non-renewals of contracts.

Further, HHSC, at its sole discretion, may initiate investigations or examinations of vendor performance based upon media reports. Any negative findings, as determined by HHSC in its sole discretion, may result in HHSC's removing the Bidder from further consideration for award.

16.3.3 Ability to Perform

Evaluation will be based upon Bidder's demonstrated experience and ability to provide services and related goods. The evaluation may also consider the Bidder's demonstrated financial capability, financial solvency, and capacity to fulfil the requirements of this IFB.

17 Award

All awards are contingent upon approval of the HHSC Executive Commissioner or designee.

HHSC, at its sole discretion, reserves the right to make a single award or multiple awards to achieve the best value for the state.

18 Standards of Conduct for Vendors

Pursuant to [Title 1 Texas Administrative Code \(TAC\), Part 15, Chapter 391, Subchapter D, Rule §391.405\(a\)](#), contractors, respondents, and vendors interested in working with HHS are required to implement standards of conduct to apply to all matters involving, or related to, those solicitations and contract(s) between themselves and HHS. These standards must adhere to ethics requirements adopted in rule, in addition to any ethics policy, or code of ethics approved by the HHSC Executive Commissioner and must be at least as restrictive as those applicable to HHS personnel in the applicable ethics law and policy provisions.

The standards of conduct must include the ten standards of ethical conduct set forth in Section I of the HHS Ethics Policy and requirements to comply with ethical standards set forth in federal and state law (including, but not limited to, [Title 1 TAC, Part 15, Chapter 391, Subchapter D](#)).

The standards of conduct, together with the responsibilities and restrictions incorporated herein, also apply to subcontractors of contractors, respondents and vendors.

Standards of conduct of any contractor, respondent or vendor may be reviewed and/or audited by the State Auditor and HHSC. Additionally, pursuant to [Title 1 TAC, Part 15, Chapter 391, Subchapter D, Rule §391.405\(a\)](#), HHS may examine a respondent's standards of conduct in the evaluation of a bid, offer, proposal, quote, or other applicable expression of interest in a proposed purchase of goods or services.

Any vendor or contractor that violates a provision of [Title 1 TAC, Part 15, Chapter 391, Subchapter D](#) may be barred from receiving future contracts or have an existing contract canceled. Additionally, HHSC may report the vendor's actions to the Comptroller of Public Accounts for statewide debarment, or law enforcement.

19 Disclosure of Interested Parties

Subject to certain specified exceptions, [Texas Government Code Section 2252.908](#), Disclosure of Interested Parties, applies to a contract of a state agency that has a value of at least \$1 million or a contract that requires an action or vote by the governing body of the agency before the contract may be signed or a Purchase Order can be issued.
