Description

The United States Marine Corps (USMC) Program Acquisition Executive Marine Corps (PAE MC) Project Manager Marine Air Ground Task Force Command & Control (PM MAGTF C2) is requesting interested sources to provide information in the form of a white paper which describes an approach to providing Hardware as a Service (HaaS). PM MAGTF C2 is soliciting industry input on new and innovative approaches to contract for, provisioning, maintaining, and sustaining the Commercial Off-The-Shelf and Government Off-The-Shelf (COTS/GOTS) infrastructure (software and software centric systems) needed to support Marine Corps command and control (C2) across all echelons in all possible operational environments, including home station operations, exercises, testing, supporting establishment and training, and overseas operational deployments in denied, degraded, intermittent, and low-bandwidth (DDIL) environments.
