32. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. ANTITRUST: In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR NON-CONFLICT: Neither Vendor nor its representatives are permitted to have any interest, nor shall they acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. NO DEBT CERTIFICATION: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. By submitting a bid, or entering into a contract with the State, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.

38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

☒ Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

☐ Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.division@wv.gov.

40. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the Vendor must submit to the Agency a disclosure of interested parties prior to beginning work under this Contract. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

45. VOID CONTRACT CLAUSES: This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.

46. ISRAEL BOYCOTT: Bidder understands and agrees that, pursuant to W. Va. Code § 5A-3-63, it is prohibited from engaging in a boycott of Israel during the term of this contract.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

SPECIFICATIONS

1. **PURPOSE AND SCOPE:** The West Virginia Purchasing Division is soliciting bids on behalf of the West Virginia Office of Technology (WVOT) to establish an open-end contract for Advanced Email Security layered on top of the Agency's existing Google Workspace environment. The Agency's primary objective is the detection and prevention of phishing attacks, business email compromise (BEC), and related email-based threats that bypass native security controls.
2. **Current Environment**

The Agency currently operates Google Workspace as its primary email platform across approximately 22,000 mailboxes spanning multiple departments and geographic locations. The Agency seeks a complementary security layer that significantly improves phishing detection rates without disrupting existing email operations. While the current environment is Google Workspace, the proposed solution must be capable of supporting Microsoft 365 natively to ensure future flexibility. The Agency also utilizes SIEM/SOAR functions, and any solution deployed must be capable of exporting threat event data for analysis.
3. **DEFINITIONS:** The terms listed below shall have the meanings assigned to them below. Additional definitions can be found in section 2 of the General Terms and Conditions.
 - 3.1 **"Contract Item" or "Contract Items"** means the list of items identified in Section 3.1 below and on the Pricing Pages.
 - 3.2 **"Pricing Pages"** means the schedule of prices, estimated order quantity, and totals contained in wvOASIS or attached hereto as Exhibit A, and used to evaluate the Solicitation responses.
 - 3.3 **"Solicitation"** means the official notice of an opportunity to supply the State with goods or services that is published by the Purchasing Division.

4. GENERAL REQUIREMENTS:

- 4.1 Contract Items and Mandatory Requirements:** Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

4.1.1 Core Detection Requirements.

- 4.1.1.1.1** Advanced phishing detection: The solution must detect phishing emails that successfully pass Google Workspace's native spam and phishing filters
- 4.1.1.1.2** AI/ML detection engine: The solution must employ an AI-based or machine-learning-based detection methodology that goes beyond rule-based pattern matching and signature comparison.
- 4.1.1.1.3** Behavioral Detection & Look-Back Baselineing: The solution must utilize a dedicated look-back period (e.g., analyzing historical mailbox data upon deployment) to build tenant-specific behavioral baselines for every user, vendor, and communication pattern, rather than relying solely on global threat intelligence.
- 4.1.1.1.4** Intent-based analysis: The platform must evaluate email content for attacker intent—what the sender is attempting to accomplish—not solely for the presence of known malicious indicators.
- 4.1.1.1.5** Business Email Compromise (BEC) detection: Identification of financial fraud attempts, executive impersonation, vendor impersonation, and payment redirection schemes.
- 4.1.1.1.6** Zero-day threat detection: The solution must be capable of identifying previously unseen attack variants without requiring prior exposure to that specific attack pattern or sender.
- 4.1.1.1.7** Internal and compromised account threat detection: Identification of threats originating from within the Agency's own domain, including emails sent from compromised accounts.
- 4.1.1.1.8** Malicious attachment analysis: Detection of weaponized attachments including documents with embedded macros, obfuscated payloads, and executable content.
- 4.1.1.1.9** Sub-second Auto-Remediation (API Retraction): Detected threats must be automatically removed, hidden,

or quarantined from the user's inbox immediately upon delivery (target sub-second response time) before the user can interact with them.

- 4.1.1.1.10** QR Code Phishing (Quishing): The solution provides computer vision analysis of QR codes embedded in email messages or attachments to detect QR-based phishing attacks.
- 4.1.1.1.11** Account Takeover (ATO) Artifacts: The solution automatically detects and flags hidden inbox rules, forwarding rules, and other mailbox manipulations that indicate account compromise.
- 4.1.1.1.12** Email Bombing Prevention: The solution detects anomalous volume spikes (email bombing campaigns) designed to overwhelm inboxes and obscure malicious activity.

4.1.2 Detection Performance and Transparency

- 4.1.2.1** Explainable verdicts: The solution must provide analysts with the reasoning behind each detection decision—not only a verdict or confidence score.
- 4.1.2.2** Low false positive rate: Vendors must provide documented false positive rates from comparable deployments. High false positive rates that disrupt legitimate business communications are unacceptable.
- 4.1.2.3** MITRE ATT&CK mapping: Detected threats should be mapped to MITRE ATT&CK technique IDs to support analyst workflows.

4.1.3 Investigation and Incident Response

- 4.1.3.1** Detailed investigation view: Each flagged email must be reviewable with full analysis detail accessible from a central analyst console.
- 4.1.3.2** Retroactive remediation: Administrators must be able to initiate mailbox-wide searches and quarantine actions for threats identified after delivery.
- 4.1.3.3** Organization-wide threat sweep: Following identification of a suspicious email, the platform must support searching across all monitored mailboxes to identify and remediate similar threats.

4.1.4 Policy Management and Governance

- 4.1.4.1** Centralized policy management: Allow list, block list, and quarantine policy management must be available within the email security platform.
- 4.1.4.2** Zero-trust allow listing: Emails from allow-listed senders or domains must continue to be analyzed by the detection engine. Allow listing must not bypass threat detection.
- 4.1.4.3** Time-limited rules: Allow rules and exceptions must support configurable expiration dates (Time-to-Live / TTL). The platform must alert administrators before rule expiration and require affirmative renewal decisions.
- 4.1.4.4** Rule governance: All policy exceptions must be documented with justification. Every rule creation, modification, and expiration must be captured in an audit log with user attribution.

4.1.5 Platform Integration and API Access

- 4.1.5.1** API integration: The solution must integrate natively via APIs for both Google Workspace and Microsoft 365. MX record changes or mail routing modifications must not be required.
- 4.1.5.2** No end-user software installation: Protection must be applied at the platform level without requiring software installation on user devices.
- 4.1.5.3** Organizational unit (OU) support: The solution must support scoped deployment to specific OUs or groups, enabling phased rollout.
- 4.1.5.4** Platform API Access (Mandatory): The solution must provide documented API access (e.g., RESTful API) for administrative tasks, programmatic data retrieval, and custom alert management integrations.

4.1.6 SEIM and SOAR Integration

- 4.1.6.1** Event Export Capabilities: The solution must be capable of exporting detection events and log data to a standard SIEM or SOAR platform.
- 4.1.6.2** Flexible Ingestion: Data export can be accomplished via native integration, STIX-formatted JSON webhook, REST API, or by routing data through a parsing engine Virtual Machine (VM).
- 4.1.6.3** XSOAR Integration: The Agency needs solutions capable of integrating with Palo Alto XSOAR to ingest and manage alerts. This may be accomplished natively or by leveraging the solution's API.

**REQUEST FOR QUOTATION
Advanced Email Security (OT26077)**

4.1.7 Compliance and Technical Requirements

- 4.1.7.1 Role-Based Access Control (RBAC):** The solution must support granular role-based access controls to restrict platform privileges. The system must allow the creation of distinct roles (e.g., Read-Only or Analyst roles that can view dashboards, investigate threats, and export logs, versus Full Administrator roles with the authority to revise policies, modify rules, or release quarantined emails).
 - 4.1.7.2 US data residency:** All customer data must be stored and processed within the United States.
 - 4.1.7.3 Cloud-native deployment:** No on-premises hardware or appliances required.
- 5.0** Any Vendor submitting an alternate 'or equal' product must provide data sheets showing product compatibility with the State-owned Palo Alto Next-Generation Firewall. Vendor shall assume all costs associated with the installation and training of the new licenses.
- 6.0** Vendor should provide pricing for Optional Annual Renewal Years 2, 3, and 4. Optional Annual Renewals will be initiated by the State, agreed to by the Vendor, and executed via Change Order.

**REQUEST FOR QUOTATION
Advanced Email Security (OT26077)**

7.0 CONTRACT AWARD:

- 7.1 Contract Award:** The Contract is intended to provide Agencies with a purchase price on all Contract Items. The Contract shall be awarded to the Vendor that provides the Contract Items meeting the required specifications for the lowest overall total cost as shown on the Pricing Pages.
- 7.2 Pricing Pages:** Vendor should complete the Pricing Pages by providing the license cost. Vendor should complete the Pricing Pages in their entirety as failure to do so may result in Vendor's bids being disqualified.

The Pricing Pages contain a list of the Contract Items and estimated purchase volume. The estimated purchase volume for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.

Vendor should electronically enter the information into the Pricing Pages through wvOASIS, if available, or as an electronic document.

8.0 ORDERING AND PAYMENT:

- 8.1 Ordering:** Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written form of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.
- 8.2 Payment:** Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia.

9.0 DELIVERY AND RETURN:

- 9.1 Delivery Time:** Vendor shall deliver standard orders within ten (10) working days after orders are received. Vendor shall deliver emergency orders within five (5) working day(s) after orders are received. Vendor shall ship all orders in accordance with the above schedule and shall not hold orders until a minimum delivery quantity is met.
- 9.2 Late Delivery:** The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered from a third party.

Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.

REQUEST FOR QUOTATION
Advanced Email Security (OT26077)

- 9.3 Delivery Payment/Risk of Loss:** Standard order delivery shall be F.O.B. destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders provided that Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.
- 9.4 Return of Unacceptable Items:** If the Agency deems the Contract Items to be unacceptable, the Contract Items shall be returned to Vendor at Vendor's expense and with no restocking charge. Vendor shall either make arrangements for the return within five (5) days of being notified that items are unacceptable, or permit the Agency to arrange for the return and reimburse Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the purchase price, at the Agency's discretion.
- 9.5 Return Due to Agency Error:** Items ordered in error by the Agency will be returned for credit within 30 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

10.0 VENDOR DEFAULT:

10.1 The following shall be considered a vendor default under this Contract.

- 10.1.1 Failure to provide Contract Items in accordance with the requirements contained herein.
- 10.1.2 Failure to comply with other specifications and requirements contained herein.

10.2.2 Immediate cancellation of one or more release orders issued under this Contract.

10.2.3 Any other remedies available in law or equity.

11.0 MISCELLANEOUS:

11.1 No Substitutions: Vendor shall supply only Contract Items submitted in response to the Solicitation unless a contract modification is approved in accordance with the provisions contained in this Contract.

11.2 Vendor Supply: Vendor must carry sufficient inventory of the Contract Items being offered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Contract Items contained in its bid response.
