Friday after Thanksgiving	Acutal Service Day
Christmas Eve	Acutal Service Day
Christmas Day	Acutal Service Day
Christmas Day Observed	Acutal Service Day
New Year's Eve	Acutal Service Day

### NOTE:

ACRS does not have separate holiday runtimes—only weekday, Saturday, and Sunday. For holidays, the hours and miles should reflect the service day that is scheduled to operate. For example, if the holiday operates on a Saturday schedule, please use Saturday stats; if it operates on a Sunday schedule, use Sunday stats.

#### **SUPPLEMENTAL REPORTING REQUIREMENTS**

In addition to the reporting requirements specified within this proposal, the following information will be supplied by the Carrier to NJ TRANSIT's Department of Private Carrier Affairs:

- Daily Report of Operations (form to be provided)
- Monthly Report of Operations (form to be provided)
- Monthly Reconciliation of Ridership, Revenue & Deposits All Routes (If Applicable)
- Monthly Summary of Ridership & Revenue By Route (If Applicable)
- Contractor's Monthly SBE/DVOB Report Requirements via B2G (If Applicable)

In addition to the reports required above, the following reports should be completed and forwarded to NJ TRANSIT's Department of Private Carrier Affairs, not later than 30 days after each NJ TRANSIT fiscal year end (June 30).

### **OPERATOR REQUIREMENTS**

Prior to the Carrier's hiring, training, or utilizing any employee in revenue service, the Carrier will ensure that all revenue vehicle operators have met the following minimum requirements.

#### **A. OPERATOR REQUIREMENTS**

The operators' requirements set forth herein establish the minimum requirements for any new hire of the Carrier to the position of revenue vehicle operator and for any existing employee of the Carrier transferring to the position of revenue vehicle operator.

1. Pre-employment substance/drug screening will be required by the Carrier of all employees in safety-related positions. Such testing, at a minimum level, will include a "substance abuse screen IV" level test at a facility approved by NJ TRANSIT. Any positive test resulting from this screen will cause the applicant to be rejected by the Carrier.
2. The Carrier will also have in force a substance abuse policy and guidelines which comply with the November 1988 and subsequent FTA regulations for substance abuse testing.
3. Each revenue vehicle operator of the contractor engaged in the provision of revenue service shall possess a valid Commercial Drivers License, with both a large bus endorsement and passenger endorsement. In New Jersey a Class B license with a passenger endorsement (B-P2) is required.
4. Each revenue vehicle operator of the contractor engaged in the provision of revenue service shall complete Carrier provided training on the operation of all ADA related systems of the vehicle he/she will be operating. (I.e. Wheelchair Lift System, Kneeling System, Wheelchair Securement System, Public Address System, etc.) The Carrier will also provide training on any system changes for additional equipment the driver may operate while providing service under this agreement.
5. All drivers utilized by the Carrier in the operation of this service must be capable of speaking, reading, writing and understanding the English language. If a driver is found to be incapable of speaking, reading, writing and understanding the English language, NJ TRANSIT may require that the driver be removed from providing service on the contracted routes.

### MAINTENANCE STANDARDS AND REQUIREMENTS

#### A. General Standards

All equipment operated pursuant to this Agreement will be maintained both mechanically and physically in accordance with NJ TRANSIT standards. Failure to adhere to these standards may be cause for termination of this Agreement.

#### B. General Maintenance Requirements

At all times, the Carrier will cause all components of each vehicle including its body, frame furnishings, mechanical, electrical, hydraulic, wheelchair lift (if so equipped), air conditioning, ancillary equipment, or other operating systems or components to be maintained in proper working condition free from damage and malfunction. The Carrier will cause any significant vehicle damage incurred in any accident or otherwise to be repaired immediately when it is determined such damage impairs the proper and safe mechanical operation of the bus. All other damage will be repaired in a reasonable time. In no event, will NJ TRANSIT be required to repair, replace or maintain any vehicle. The Carrier, at its sole cost and expense, will maintain stores of and provide fuel, lubricants, repairs, filters, fluids, parts and supplies required for routine maintenance and unscheduled service/maintenance and operation of all vehicles utilized in providing bus services associated with this agreement.

As a result of the required vehicle repairs, the Carrier will ensure that all the reassembly tasks are performed in such a manner that the vehicle remains in the OEM configuration. This includes, but is not limited to, wiring configurations and clamping, power train components, and body assembly.

The Carrier will notify NJ TRANSIT each time an accident, an incident where any property is damaged in any way or any injury is reported by any person, occurs involving a vehicle assigned to this service. The Carrier will institute repairs to any damaged vehicle prior to its return to service. **At no time will a damaged vehicle be placed in service.** All repairs made relative to vehicle damage will be performed by component repair facilities which are capable of repairing these type vehicles back to their original configuration, appearance and structural integrity. Failure to comply with this provision will result in NJ TRANSIT having all required vehicle repairs performed by a company expressly designated by NJ TRANSIT and subsequently leading to NJ TRANSIT invoicing the Carrier for the costs of the repairs. This cost will be deducted from any current monies owed the Carrier. Alternately, NJ TRANSIT, at its sole discretion, may terminate this Agreement as provided for elsewhere in the Agreement.

**Cleanliness of Vehicles:**

The Carrier will submit to NJ TRANSIT a vehicle cleaning schedule and sample inspection form. The schedule and inspection form will show what operations are performed on a daily, weekly and monthly basis. The Carrier will cause each vehicle to be maintained in a clean condition throughout, both interior and exterior, at all times. The Carrier will inspect the cleanliness of each vehicle prior to the commencement of each day of service and will take all action necessary in order to cause such vehicle to be free from dirt, trash and debris prior to the commencement of each such day. The exterior of each vehicle will be kept clean from road dust, mud and grime and will be washed a minimum of two (2) times during each week of service on non-consecutive days and within twenty-four 24 hours after each rainfall or any other condition affecting vehicle exterior cleanliness. The interior of each vehicle will be cleaned by the Carrier, including washing the vehicle's windows and cleaning the floors prior to the commencement of each service day. The interior will be maintained free from roaches and other vermin at all times. The Carrier is expressly prohibited from using any vermin control product, or application procedure for such product, that would be hazardous to the health and well-being of the passengers and the driver of such vehicle. The interior passenger compartment of each vehicle will be maintained free of noxious odors from cleaning products, vermin control products and exhaust fumes emitted by the engine of such vehicle. Any vehicle found by NJ TRANSIT, or its designated appointee, to not be in compliance with these cleaning provisions will be removed from service without limiting the Carrier's service obligations. Once all required actions have been completed to correct any deficiencies found within this provision, NJ TRANSIT must inspect and approve all actions taken prior to the vehicle being eligible for use in scheduled service.

**Vehicle Fuel:**

The Carrier will use and provide fuel grades which ensure proper function of all vehicle emissions equipment, minimize smoke, and comply with all State and Federal Regulations concerning emission control. The type and grade fuel used will comply with the vehicle manufacturer's recommended guidelines.

The Carrier will utilize "Low Sulphur Diesel" fuel for all diesel operated buses utilized for the performance of the scheduled service under this agreement.

**Americans with Disabilities Act Compliance:**

The Carrier will insure that all vehicles are in full compliance with the Americans with Disabilities Act specific to vehicle systems. The Carrier will insure that all vehicles equipped with wheelchair lifts, kneelers, internal/external public address systems, wheelchair restraint systems, passenger flip seats, and all related signage and safety systems are properly maintained in accordance with the O.E.M. recommendations and are fully functional during all contracted service operation. Failure of the Carrier to maintain such equipment in operable, reliable

and safe condition will permit NJ TRANSIT to have the equipment repaired at the expense of the Carrier.

**Clean Air Act Compliance:**

The Carrier will insure that all vehicles are maintained and operated in accordance with the Federal Clean Air Act of 1990. This includes, but is not limited to, fuel quality, emission regulations and retrofit/rebuild requirements for 1993 and earlier model year urban buses effective May 21, 1993. The Carrier will maintain adequate records throughout the contract term which support compliance.

**C. Preventive Maintenance Programs:**

The Carrier will submit to NJ TRANSIT, a complete and comprehensive preventive maintenance program relative to the vehicle(s) for review and approval by NJ TRANSIT.

The preventive maintenance program submitted by the Carrier for the vehicles will meet or exceed the manufacturer's recommended or specified guidelines including all ancillary items installed on the vehicle. When two service categories are provided by the manufacturer such as "normal service" and "severe service," the severe service category guidelines will be used in establishing the Preventive Maintenance program by the Carrier.

All repair work must be performed by maintenance personnel who have demonstrated experience and skills in the work to be performed. The Carrier's maintenance personnel will have knowledge of engines, transmissions, diagnostic procedures, electrical systems, and related mechanical parts, methods, and procedures used in servicing mechanical equipment for transit buses, over the road buses and vans, chassis and bodies.

**Preventive Maintenance of Air Conditioning System:**

The Carrier will provide a separate preventive maintenance program for the vehicle air-conditioning system that meets or exceeds the manufacturer's recommended or specified preventive maintenance program. This P.M. program will be submitted within the same time frame as the vehicle P.M. program of this section.

**D. Required Maintenance Documentation:**

The Carrier will be responsible for maintaining a vehicle file, by vehicle number, documenting all vehicle maintenance to include preventive scheduled maintenance and inspections, parts usage, unscheduled maintenance, fuel and oil usage, warranty work and labor expended on each vehicle by date of action. The Carrier is responsible for keeping the vehicle file current throughout the term of the contract. Complete copies of all work orders must be maintained as a permanent part of the vehicle maintenance file.

NJ TRANSIT will have immediate access to all vehicle maintenance records during planned or unannounced visits or inspections of the Carrier's facility(s) for the duration of the contract.

**Vehicle Defect Reports:**

The Carrier will be responsible for ensuring that a vehicle defect report is completed daily, by the vehicle operator for each vehicle operated, and filed chronologically by vehicle number. **All noted defects affecting the safe operation of the vehicle must be repaired prior to the vehicle's return to service.** Such corrective repairs will be signed off, by a supervisory employee of the Carrier authorized and trained to inspect repairs, as to their correction by a qualified representative of the Carrier. A sample of these reports will be submitted to NJ TRANSIT as part of the carrier's Technical Proposal. The vehicle defect reports will be kept on file for the duration of the contract term.

**Vehicle Mileage Reports:**

The Carrier will compile and maintain records of all vehicle mileage data for services rendered and operated pursuant to this contract, and will submit a written report of such vehicle mileage in accordance with any specific request, interval, policy or procedure which NJ TRANSIT may adopt.

**Fuel Usage Reports:**

The Carrier hereby agrees to submit such documentation and information of fuel usage as NJ TRANSIT may require, including, for example, copies of delivery receipts, charge slips, fuel supplier or vendor names and addresses, vehicular mileage figures and test results confirming the quality of fuel being utilized are equal to that required by this contract.

**Vehicle Manuals:**

The Carrier will maintain all relative maintenance/warranty information which is received with the vehicle, including manuals, books procedural guidelines, etc.

**E. Operations and Maintenance Facilities:**

The Carrier will provide adequate facility(s) for the support of the operation and maintenance of all revenue vehicles. This facility(s) will include, but not be limited to, inside garage maintenance area (including a vehicle bay with hydraulic lifts or a pit), parts storage area, fuel storage, revenue vehicle cleaning and servicing area, administrative offices, vehicle parking area and a driver report area.

The Carrier will provide adequate space for storage of all vehicles and such space will be adequately enclosed/fenced and secured to prevent vandalism.

The maintenance area will be fully equipped with all equipment required to maintain the vehicles being operated in accordance with NJ TRANSIT's specifications, manufacturer warranties and preventive maintenance programs.

The Carrier will be responsible for obtaining and complying with all required building, occupancy or other governmental permits or codes.

**F. Inspections and Audit:**

NJ TRANSIT inspectors and its designated agents and representatives will, upon presentation of valid identification, have the unimpeded right to enter upon the Carrier's premises, and to enter and travel upon, or inspect any and all equipment utilized in providing the Contracted Service, for the purpose of conducting inspections to determine whether the Carrier is in compliance with the terms of this Agreement. NJ TRANSIT will make a reasonable effort not to unduly interfere with the operations or maintenance schedules of the Carrier. NJ TRANSIT inspectors will, however, be allowed on the premises of the Carrier without the necessity of written permission, but they will not enter onto the premises of the Carrier without first identifying to the Carrier their status as NJ TRANSIT employees, agents, or representatives, and after confirming that they are in no way acting for or on behalf of the Carrier. All inspections will begin promptly upon presentation of each unit of equipment, and will be carried through to completion as expeditiously as feasible.

**Maintenance Inspections:**

The Carrier will provide and maintain a maintenance inspection system acceptable to NJ TRANSIT covering the services under this contract. Complete records of all inspection work performed by the Contractor will be maintained and made available to NJ TRANSIT during contract performance and in the duration of the contract. All records will be kept by the Carrier for no less than 24 months after the contract has lapsed or been terminated, and NJ TRANSIT will have unimpeded access to such records.

NJ TRANSIT has the right to inspect and test all repair work required by the Agreement, to the extent practicable, at all times and places during the term of the contract. NJ TRANSIT will perform inspections and tests in a manner that will not unduly delay the work.

If any of the necessary repair work does not conform with contract requirements, NJ TRANSIT may (1) require the Carrier to perform the repair work again in conformity with contract requirements, at the Carrier's expense. When the defects in services cannot be corrected by re-performance, NJ TRANSIT may (1) require the Carrier to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed or to recover any liquidated damages stemming from such nonconformity.

If the Carrier fails promptly to perform the necessary repair work again or take the necessary action to ensure future performance in conformity with contract requirements, NJ TRANSIT may (1) perform the necessary repair work, or have an authorized outside vendor perform the repair work, and charge to the Carrier

any cost incurred by NJ TRANSIT that is directly related to the performance of such repairs; or (2) terminate the contract for default.

**Quality Assurance Inspections and Audits:**

NJ TRANSIT or its representative will be entitled, at all times, to conduct inspection of any vehicle in order to determine compliance with the provisions hereof. NJ TRANSIT will establish with each Carrier a schedule for the inspection of vehicles to insure compliance. Carrier will, upon request by NJ TRANSIT and at NJ TRANSIT's sole discretion, immediately remove from operation any vehicle which is determined by NJ TRANSIT to not be in compliance herewith and will repair, clean or take any other actions reasonably requested by NJ TRANSIT in order to cause such vehicles to be in compliance herewith. Nothing in this provision or in any inspection or approval by NJ TRANSIT of any vehicle will relieve Carrier of its obligation to maintain and operate each bus in strict compliance with the provisions hereof. Any deficiencies found during the course of inspection will require repair and written acknowledgment by the Carrier that all repairs have been properly completed. As a result of non-compliance with these specifications, NJ TRANSIT reserves the right to remove from service any vehicle which is not maintained in accordance with the stated guidelines.

**State Inspections:**

The Carrier will be responsible for payment of all fees in connection with the inspection of all vehicles by any and all government authorities/agencies during the life of the contract. The Carrier will also be responsible for the cost associated with the repair of all vehicles which may result from inspection by any governmental authority/agency.

#### **GOODS, GENERAL SERVICE AND PROFESSIONAL SERVICES CONTRACTS**

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union of the contractor's commitments under this chapter and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to make good faith efforts to meet targeted county employment goals established in accordance with N.J.A.C. 17:27-5.2.

The contractor or subcontractor agrees to inform in writing its appropriate recruitment agencies including, but not limited to, employment agencies, placement bureaus,

colleges, universities, and labor unions, that it does not discriminate on the basis of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job related testing, as established by the statutes and court decisions of the State of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

In conforming with the targeted employment goals, the contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and layoff to ensure that all such actions are taken without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor shall submit to the public agency, after notification of award but prior to execution of a goods and services contract, one of the following three documents:

- Letter of Federal Affirmative Action Plan Approval;
- Certificate of Employee Information Report; or
- Employee Information Report Form AA302 (electronically provided by the Division and distributed to the public agency through the Division's website at [http://www.state.nj.us/treasury/contract\\_compliance](http://www.state.nj.us/treasury/contract_compliance)).

The contractor and its subcontractors shall furnish such reports or other documents to the Division of Purchase and Property, CCAU, EEO Monitoring Program as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Purchase and Property, CCAU, EEO Monitoring Program for conducting a compliance investigation pursuant to N.J.A.C. 17:27-1 et seq.

**ATLANTIC CITY RAIL SHUTTLE SERVICE**

**I. METHOD OF CALCULATING PAYMENT TO CARRIER**

**Components of Payment**

Payment to the Carrier by NJ TRANSIT will be based on the following three (3) components: Cost Per Contract Mile; Cost Per Contract Hour; and Cost per Days of Operation (Other Costs). Such cost components are noted below. The monthly payment will be calculated by adding items (a) plus (b) plus (c) and said items (a),(b) and (c) are to be computed as follows: (a) multiplying the Actual Monthly Hours times the Cost Per Contract Hour; (b) multiplying the Actual Monthly Miles times the Cost Per Contract Mile; and (c) the Actual Days of Operation times the Cost per Day of Operation (Other Costs). The three components together form the total monthly payment.

"Actual Monthly Hours" and "Actual Monthly Miles" shall be the actual scheduled hours and scheduled miles as certified to have been operated by the Carrier and then adjusted as provided for by this Agreement for Operating Motor Bus Passenger Service. Carrier shall report all variations from the schedule with related explanations on a daily and monthly basis.

**COST COMPONENTS**

**(based on current schedules and subject to future change)**

Components	01/01/27 06/30/27	07/01/27 06/30/28	07/01/28 06/30/29	07/01/29 06/30/30	07/01/30 06/30/31	07/01/31 12/31/31	
Cost Per Mile	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	---
Cost Per Hour	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	---
Cost Per Days of Operation	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	---

Service as of December 19, 2020

**EXHIBIT M-1**  
**ATLANTIC CITY RAIL SHUTTLE SERVICE**

**II. PROJECTED ANNUAL CONTRACT AMOUNTS (based on current schedules)**

These amounts are guaranteed by NJ TRANSIT only if the Carrier fulfills its obligations in operating the complete service as specified in Exhibits A and B and also provides timely and accurate statistical reports as required by this agreement. These amounts constitute a maximum amount for which the Carrier may be entitled if it operates in accordance with the statistics below and pursuant to this Agreement.

**ALL CONTRACTORS AND CARRIERS**

NJ TRANSIT is an instrumentality of the State of New Jersey and its employees and officers, including members of the NJ TRANSIT Board of Directors, are public servants. NJ TRANSIT, its employees and officers are governed by a number of civil and criminal laws which control how NJ TRANSIT and its personnel do business with contractors and consultants. These provisions include the Conflicts of Interest Law, N.J.S.A. 52:13D-12 and contain unequivocal and stringent restrictions relating to gifts and gratuities.

Be advised that the law prohibits the receipt of gifts and gratuities by any NJ TRANSIT employee or officer from any person, company or entity doing business - or wanting to do business - with NJ TRANSIT. Concomitantly, NJ TRANSIT's own Code of Ethics and Code of Ethics for Vendors, prohibits NJ TRANSIT employees from accepting gifts and prohibits you, the contractors and consultants, from offering any gifts to any NJ TRANSIT employee.

The term "gift" is broadly and widely defined. It includes all things and objects, tangible or intangible, including services, gratuities, meals, entertainment, tickets to events, access to membership clubs, travel costs, and lodging. Simply put, a "gift" is any thing of value.

Do not, under any circumstance, tempt or put an NJ TRANSIT employee in the awkward position of having to refuse a gift or return a gift, no matter how well intentioned or innocuous the gift may be in your eyes.

The bright line rule for you and your staff in doing business with NJ TRANSIT is simple: Offer nothing and give nothing to any NJ TRANSIT employee or officer. It is your responsibility to circulate this Notice in your company and educate accordingly all personnel who do business with NJ Transit.

**52:13D-24. Solicitation, receipt or agreement to receive, thing of value for service related to official duties; exceptions**

a. No State officer or employee, special State officer or employee, or member of the Legislature shall solicit, receive or agree to receive, whether directly or indirectly, any compensation, reward, employment, gift, honorarium, out-of- State travel or subsistence expense or other thing of value from any source other than the State of New Jersey, for any service, advice, assistance, appearance, speech or other matter related to the officer, employee, or member's official duties, except as authorized in this section.

b. A State officer or employee, special State officer or employee, or member of the Legislature may, in connection with any service, advice, assistance, appearance, speech or other matter related to the officer, employee, or member's official duties, solicit, receive or agree to receive, whether directly or indirectly, from sources other than the State, the following:

(1) reasonable fees for published books on matters within the officer, employee, or member's official duties;

(2) reimbursement or payment of actual and reasonable expenditures for travel or subsistence and allowable entertainment expenses associated with attending an event in New Jersey if expenditures for travel or subsistence and entertainment expenses are not paid for by the State of New Jersey;

(3) reimbursement or payment of actual and reasonable expenditures for travel or subsistence outside New Jersey, not to exceed \$500.00 per trip, if expenditures for travel or subsistence and entertainment expenses are not paid for by the State of New Jersey. The \$500 per trip limitation shall not apply if the reimbursement or payment is made by (a) a nonprofit organization of which the officer, employee, or member is, at the time of reimbursement or payment, an active member as a result of the payment of a fee or charge for membership to the organization by the State or the Legislature in the case of a member of the Legislature; or (b) a nonprofit organization that does not contract with the State to provide goods, materials, equipment, or services.

Members of the Legislature shall obtain the approval of the presiding officer of the member's House before accepting any reimbursement or payment of expenditures for travel or subsistence outside New Jersey.

As used in this subsection, "reasonable expenditures for travel or subsistence" means commercial travel rates directly to and from an event and food and lodging expenses which are moderate and neither elaborate nor excessive; and "allowable entertainment expenses" means the costs for a guest speaker, incidental music and other ancillary entertainment at any meal at an event, provided they are moderate and not elaborate or excessive, but does not include the costs of personal recreation, such as being a spectator at or engaging in a sporting or athletic activity which may occur as part of that event.

c. This section shall not apply to the solicitation or acceptance of contributions to the campaign of an announced candidate for elective public office, except that campaign contributions may not be accepted if they are known to be given in lieu of a payment prohibited pursuant to this section.

d. (1) Notwithstanding any other provision of law, a designated State officer as defined in paragraph (2) of this subsection shall not solicit, receive or agree to receive, whether directly or indirectly, any compensation, salary, honorarium, fee, or other form of income from any source, other than the compensation paid or reimbursed to him or her by the State for the performance of official duties, for any service, advice, assistance, appearance, speech or other matter, except for investment income from stocks, mutual funds, bonds, bank accounts, notes, a beneficial interest in a trust, financial compensation received as a result of prior employment or contractual relationships, and income from the disposition or rental of real property, or any other similar financial instrument and except for reimbursement for travel as authorized in subsections (2) and (3) of paragraph b. of this section. To receive such income, a designated State officer shall first seek review and approval by the Executive Commission on Ethical Standards to ensure that the receipt of such income does not violate the "New Jersey Conflicts of Interest Law," P.L.1971, c. 182 (C.52:13D-12 et seq.) or any applicable code of ethics, and does not undermine the full and diligent performance of the designated State officer's duties.

(2) For the purposes of this subsection, "designated State officer" shall include: the Governor, the Adjutant General, the Secretary of Agriculture, the Attorney General, the Commissioner of Banking and Insurance, the Secretary and Chief Executive Officer of the Commerce and Economic Growth Commission, the Commissioner of Community Affairs, the Commissioner of Corrections, the Commissioner of Education, the Commissioner of Environmental Protection, the Commissioner of Health and Senior Services, the Commissioner of Human Services, the Commissioner of Labor, the Commissioner of Personnel, the President of the State Board of Public Utilities, the Secretary of State, the Superintendent of State Police, the Commissioner of Transportation, the State Treasurer, the head of any other department in the Executive Branch, and the following members of the staff of the Office of the Governor: Chief of Staff, Chief of Management and Operations, Chief of Policy and Communications, Chief Counsel to the Governor, Director of Communications, Policy Counselor to the Governor, and any deputy or principal administrative assistant to any of the aforementioned members of the staff of the Office of the Governor listed in this subsection.

e. A violation of this section shall not constitute a crime or offense under the laws of this State.

**52:13D-14. State officer or employee or member of legislature; acceptance of thing of value to influence public duties**

No State officer or employee, special State officer or employee, or member of the Legislature shall accept from any person, whether directly or indirectly and whether by himself or through his spouse or any member of his family or through any partner or associate, any gift, favor, service, employment or offer of employment or any other thing of value which he knows or has reason to believe is offered to him with intent to influence him in the performance of his public duties and responsibilities. This section shall not apply to the acceptance of contributions to the campaign of an announced candidate for elective public office.
