Number: RFQ-1001394
Title: TRANSPORTATION AND DISPOSAL OF NON-RADIOACTIVE CHEMICAL WASTE, DISPOSAL OF COMPRESSED GAS CYLINDERS AND STABILIZATION OF POTENTIALLY EXPLOSIVE AND REACTIVE COMPOUNDS
Type: Request for Proposal (Public)
Issue Date: 6/19/2026
Question Deadline: 7/19/2026 12:00 PM (CT)
Response Deadline: 8/14/2026 12:00 PM (CT)
Notes: Iowa State University of Science and Technology (ISU) is soliciting information from qualified companies for removal, transportation and disposal of non-radioactive chemical waste, removal, transportation and disposal or recycling of compressed gas cylinders, stabilization of reactive and potentially explosive compounds for Iowa State University (ISU), The University of Iowa (UI), The University of Northern Iowa (UNI), The Iowa Department of Transportation (IDOT) the Iowa Department of Administrative Services (DAS), and the Iowa Department of Natural Resources (IDNR).

Contractors should read all materials carefully and note the due date.

Any inquiry must be directed to the listed Procurement Agent via email.
Contractors must submit all questions in the "Questions" tab related to this bid opportunity.

Provide a sample invoice with a minimum of the following criteria: Summary page document; line item details that include manifest number, line number on the manifest, disposal code and unit of measure.

Bid Attributes

1 Background and Objectives

Iowa State University (ISU) in Ames, Iowa, is soliciting proposals from qualified companies for removal, transportation and disposal of non-radioactive chemical waste, removal, transportation and disposal or recycling of compressed gas cylinders, stabilization of reactive and potentially explosive compounds for Iowa State University (ISU), The University of Iowa (UI), The University of Northern Iowa (UNI), The Iowa Department of Transportation (IDOT) the Iowa Department of Administrative Services (DAS), and the Iowa Department of Natural Resources (IDNR).

Iowa State University will be the lead agency for this RFP process and the contract administrator for any contract or contracts that result from this RFP. Any reference to Iowa State University or ISU in this RFP document and any contract(s) resulting from this RFP should be understood as pertaining equally to all the agencies listed in this RFP.

It is most desirable to the agencies to contract with one vendor for all of these services, the RFP review team will determine the most economically effective award of the contract, or contracts and will award separate contracts for each service or combination of services as fits the best interest of the agencies. At a maximum, only one contract will be awarded for each type of service.

The RFP will have three "Scope of Work" sections listed in the Line Item portion of this bid which represent each type of service that is requested. Bidders may propose to provide any or all of the services in this RFP. Each service will be evaluated separately. The agencies concerned will evaluate if separate awards for each service or one provider offers the best value for all agencies.

For bidding purposes, the value of the contract for the named agencies, is estimated at approximately \$1,000,000 +/- per year. This figure is based on past business, along with projections for the next five years, and is not guaranteed.

2 Evaluation Criteria

The evaluation of this RFP/RFQ may be based upon, but not limited to the following:

- Regulatory compliance record (fines, violations, etc.)
- Demonstrated experience providing services to agencies similar to those in this RFP.
- Exceptions to terms and conditions.
- Cost/Scenario pricing/Pricing schedules.
- Ability of bidder to provide all or most services.
- Response times.
- DOT security plan (outline).
- Demonstrated experience with proper handling, transportation, and disposal methods.

☐ Read and understood

(Required: Check if applicable)

3 The Agreement

The Agreement (or Contract) is the Contractual Agreement entered in to between the Agencies and the Company for the services described herein. This Agreement will be signed by the Company and, at minimum, representatives from the ISU, UI, UNI, IDOT, DAS and IDNR.

☐ Read and understood
(Required: Check if applicable)

4 Agency Information

Agency: Iowa State University

Place: Environmental Health and Safety Services Building, 2408 Wanda Daley Drive, Ames, Iowa 50011-3602

Time: During normal business hours, Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: Every 90 days or less.

Quantity: See waste estimate under ATTACHMENTS #5

Agency: The University of Iowa

Place: Environmental Management Facility, 2260 Old Farmstead Road, Coralville, IA, located on The University of Iowa Research Campus (previously known as the Oakdale Campus), approximately 8 miles northwest of Iowa City, Iowa. The University of Iowa also has clinics and locations throughout the state that will also have the ability to utilize these services as needed.

Time: During normal business hours, Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: Every 60 days.

Quantity: See waste estimate under ATTACHMENTS #5

Agency: The University of Northern Iowa

Place: The University of Northern Iowa, Main Campus, Risk Management/ Environmental Health and Safety 8106 Jennings Drive, Cedar Falls, IA 50614-0197

Time: During normal business hours, Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: Every 180 to 270 days

Quantity: See waste estimate under ATTACHMENTS #5

Place: The University of Northern Iowa, Foundry 4.0 Center, Techworks, 400 Westfield Ave, Waterloo, Iowa 50701

Time: During normal business hours, Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: As Needed

Quantity: 225 lbs of flammable liquids per year

Agency: Iowa Department of Transportation- Ames location

Place: 800 Lincoln Way, Ames, Iowa 50010

Time: 7:00 a.m. to 3:30 p.m., Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: Quarterly.

Quantity: See waste estimate under ATTACHMENTS #5

Agency: Iowa Department of Transportation-Remote locations (see attachments for DOT locations)

Place: 110 maintenance garages and 6 district material labs across the state

Time: 7:00 a.m. to 3:30 p.m., Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: As needed.

Quantity: See waste estimate under ATTACHMENTS #5

Agency: Department of Natural Resources Parks Facilities (see attachments for DNR locations)

Place: 64 Parks facilities across the state

Time: 7:00 a.m. to 3:00 p.m., Monday through Friday, excluding legal holidays. Specific time and date to be prearranged by mutual agreement between Agency and Company.

Frequency: As needed. (Normal pick-ups are once a month during peak season and every other month during the months of Nov-April.)

Quantity: See waste estimate under ATTACHMENTS #5

☐ READ & UNDERSTOOD

(Required: Check if applicable)

5 Term of the Contract

The Contract(s) will commence on October 1st, 2026 and continue through September 30th, 2030 with the option for three (3) additional one-year periods upon written mutual agreement for the possibility of a contract through September 30th, 2033.

6 Political/Governmental Subdivisions

Department of Administrative Services (DAS) contracts follow Iowa Code 11—117.13(8A) which dictates the availability of the Master Agreements. 117.13(1) Contracts entered into by the department may be extended to, and made available for the use of, other governmental entities as defined in Iowa Code Supplement section 8A.101.

(see <https://www.legis.iowa.gov/docs/iac/rule/06-10-2015.11.117.4.pdf> and <https://www.legis.iowa.gov/docs/iac/rule/03-14-2018.11.117.13.pdf>)

☐ Read and understood

(Required: Check if applicable)

7 Pricing Availability

Bidder is making quoted pricing available to all of the following entities:

- The University of Iowa
- Iowa State University
- The University of Northern Iowa
- Iowa Department of Transportation Ames offices
- Iowa Department of Transportation statewide remote locations
- Iowa Department of Administrative Services (Political Subdivisions)
- Iowa Department of Natural Resources

☐ Yes ☐ No

(Required: Check only one)

8 Escalation Clause

Notice of escalation must be received 30 days prior to any price increase. Can you comply?

☐ Yes ☐ No

(Required: Check only one)

9 TSDF Ownership

Bidders wishing to submit proposals on chemical waste and cylinder disposal must own and operate at least one Treatment Storage and Disposal Facility (TSDF) and must maintain ownership over Contract duration. Bidders wishing to bid on explosive and reactive stabilization do not need to comply with this stipulation if those portions of the Contract are awarded separately.

☐ Read and understood
(Required: Check if applicable)

10 Permits

The Company shall secure and pay for all permits, governmental fees and licenses necessary for the proper execution and completion of The Work.

11 Safety

The Company shall take all necessary precautions for the safety of and shall provide all necessary protection to prevent damage, injury or loss to:

- a. all employees on The Work and all other persons who may be affected thereby;
- b. all The Work and all materials and equipment to be incorporated therein, whether in storage on or off the site, under the care, custody or control of the Company or any of the subcontractors or sub-subcontractors; and
- c. other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities.
- d. The Company shall comply with all applicable laws, ordinances, rules, regulations and lawful orders of any public authority having jurisdiction for the safety of persons or property to protect them from damage, injury or loss and shall promulgate such safety regulations in the performance of The Work.

12 Work on Agency's Premises

Agency agrees to provide Company, its employees and subcontractors, a safe working environment for any work in performance of this Agreement, which must be undertaken on premises owned or controlled by the Agency. Company, its employees and subcontractors shall comply with the Agency's safety procedures while on the Agency's premises, provided such procedures are conspicuously and legibly posted in the work area or have been delivered, in writing, to Company prior to the commencement of work on the Agency's premises.

1
3 **Company Warranties**

Company warrants:

a. it understands the currently known hazards, which are presented to persons, property and the environment in the handling, transportation, storage and disposal of the described waste materials; it will transport, store, handle and dispose of such material in full compliance with all governmental laws, regulations, and others; it will provide properly trained employees for the safe handling, transport and disposal of described hazardous materials and assumes complete responsibility for the competency, judgment, and actions of said employees at all times; the storage, disposal, transport, and handling facilities used by Company are properly permitted and licensed under federal, state and local laws to conduct activities agreed to; it will not make assignment of services, duties, responsibilities, or liabilities to any other party without agreement and consent from the Agency; it will promptly notify Agency of any change or loss of permitted status in transportation, storage, or disposal facilities.

b. The Company must make adequate arrangements to transport the Agency's waste during each scheduled pickup event. Company is expected to provide adequate personnel and transportation. If wastes are not collected during a regularly scheduled pickup due to fault of Company, it will become the Company's responsibility to absorb any additional costs necessary to remove the waste from the Agency's facility as soon as can be arranged. If removal is not done in a reasonable time frame, Agency reserves the right to contract for removal through another source at the expense of the Company.

c. Company must arrive at Agency's facility with adequate supplies and materials (vermiculite, drums, etc.) to perform services.

☐ Yes ☐ No

(Required: Check only one)

1
4 **Company Services**

Company agrees to provide Agency the following services:

a. Packing and loading of described waste material onto Company's transportation vehicles at Agency's facilities. Company will assume all responsibility for waste once contact is made. In the event of a spill, leak, or discharge, on or off the Agency's premises, the Company will be responsible for cleanup, including all equipment, materials, and personnel. Company will assume all associated costs resulting from the incident.

b. Transportation in secure vehicles from Agency's facilities to Company's EPA permitted facilities in accordance with all applicable DOT regulations. NOTE: Overpack barrels will only be provided or purchased from vendor by Agency if barrel(s) are identified as showing signs of leakage at time of pick-up.

c. Incineration of mixed chlorinated solvents in an EPA permitted facility, or fuel blending if appropriate and cost effective.

d. Incineration of Polychlorinated Biphenyls (PCB's) is required. A certificate of destruction must be provided prior to payment of invoice by Agency. No payment will be made for disposal of PCBs in any other manner.

e. Completion of all necessary paperwork and records including, but not limited to the Uniform Hazardous Waste Manifest, Land Disposal Restriction Notification Form, and Certificates of Destruction or Disposal.

f. If Agency requests, Company shall provide barrels, containers, and packing materials. (Bidders shall identify these costs in their bid.)

g. Items that cannot be transported at the time of waste shipment must be retrieved within 30 days of the discovery of non-transportable items. Company will absorb the cost of subsequent pickup(s) if Company has previously agreed to handle the types of waste unable to be transported.

☐ Read and understood

(Required: Check if applicable)

1
5

Transfer of Wastes and Title

Agency's waste material will primarily be transferred to Company at the following places, times, frequencies and quantities listed below. Waste removal from other locations throughout the State of Iowa will occur at that Agency's requested time and place. If company is unable to provide service for an Agency, the Agency reserves the right to contract for service with another vendor.

☐ Read and understood
(Required: Check if applicable)

1
6

Transport Consolidation

It is desired that ISU and the IDOT both being located in Ames, Iowa can be picked up in the same time frame to minimize transportation and mobilization costs. Any other ideas that bidders have to aid the entities in this RFP in adding efficiency to the waste pickup are appreciated and will be considered as part of the award process.

☐ Read and understood
(Required: Check if applicable)

1
7

Compressed Gas Cylinders

1.Compressed Gas Cylinders Required Services. The following services will be required for assessment and disposal of compressed gas cylinders:

- a.Recycle cylinders whenever possible to ensure waste minimization and reduce costs.
- b.Pickup and recycling/disposal of gases and cylinders at least twice per year or with hazardous waste shipments (if applicable).
- c.Provide EPA hazardous waste codes for cylinders, when applicable.
- d.Provide DOT descriptions, packaging and transportation procedures for cylinders.
- e.Provide information on disposition (treatment technologies, recycling, end-use) of products.
- f.Provide container labeling, paperwork and manifesting of materials.
- g.Assessing and disposing of cylinders of unknown contents.

2.Preferred Services. The following services are desired, but not required:

- a.Able to provide emergency response (i.e. valve replacement/repair, encapsulation, on-site treatment of non-transportable items).
- b.Allow self-packing of cylinders by Agency (if desired).
- c.Able to dispose/recycle all gas cylinders Agencies accumulate in own facility or through subcontractor.

3.Additional Requirements.

- a.Company must provide the Agency with appropriate paperwork necessary to demonstrate compliance with all applicable federal, state and local regulations.
- b.Company must provide notice of any violations of State or Federal environmental regulations occurring during the contract period.
- c.The Agencies shall have the right to inspect and obtain copies of all written licenses, permits or approvals, issued by any governmental entity or agency, which are applicable to the performance of this work.

4.Transfer of Cylinders and Title. Agency's cylinders will primarily be transferred to Company at the Agency/sites listed in this this RFQ. Cylinder removal from other locations throughout the State of Iowa will occur at that Agency's requested location. At the time Company takes possession of, and removes cylinders from the Agency's place of transfer, title, risk of loss and all other incidents of ownership to the cylinders shall be transferred from Agency and vested in Company.

☐ Read and understood
(Optional: Check if applicable)

18 **POTENTIAL EXPLOSIVES AND REACTIVE STABILIZATION**

1. Potentially Explosive and Reactive Compound Stabilization Scope of Services.
- a. Provide on-location stabilization, reducing the need to transport potentially explosive materials.
 - b. Provide remote opening capabilities for materials, when needed, to reduce the potential hazard to technical and civilian personnel.
 - c. Provide location specific contingency plans when servicing hazardous materials.
 - d. Be available on short term notice (preferably less than five days) in the event dangerous materials are found on campus.
 - e. Provide service for all materials Agency deems potentially explosive.
 - f. Provide technical support for all stabilization procedures.
2. Additional Requirements.
- a. The Company must provide the Agency with appropriate paperwork necessary to demonstrate compliance with all applicable federal, state and local regulations.
 - b. The Company must provide notice of any violations of State or Federal Regulations occurring during the contract period.
 - c. The Agency shall have the right to inspect and obtain copies of all written licenses, permits or approvals, issued by any governmental entity or agency, which are applicable to the performance of this work
 - d. Company shall check in with Agency representative upon arrival at a worksite prior to beginning any work.

(Optional: Check if applicable)

19 **Chemical Exemptions**

Company has chemical exemptions.
If so, please upload a list of the exemptions.

☐ Yes ☐ No
(Required: Check only one)

20 **Invoices**

Invoices/manifests will be written in a format that detail the amount and types of the hazardous waste disposed and also list the itemized fees-

☐ Yes ☐ No
(Required: Check only one)

21 **Invoicing After Services Rendered**

Invoice periods should be monthly and must not be sent for service dates prior to the services being rendered. Invoices may only be sent after the service period has ended and all services within those service dates have been provided. Can you comply?

☐ Yes ☐ No
(Required: Check only one)

22 **Payment Terms**

Please select the payment terms for this offer. (This is how many days the University has to pay an invoice once received.)

☐ Net 30 ☐ Other
(Required: Check only one)

23 **Payment Term Options - If "Other" is selected briefly explain.**

Payment Term Options - If "Other" is selected briefly explain.

(Optional: Maximum 1000 characters allowed)

2
4**Late Fees**

Per §8A.514 of the Iowa Code, late interest may only be charged at the rate of 1% per month after 60 days. Can you comply with this code section on invoicing?

☐ Yes ☐ No

(Required: Check only one)

2
5**Tax Exemption**

The Regents listed in this bid are state educational institutions and business entities that are exempt from paying state or local option sales tax on goods or services purchased in the state of Iowa. Payment of state excise tax and hotel/motel taxes is still required. Can you comply with applicable tax exemptions?

☐ No ☐ Yes

(Required: Check only one)

2
6**Insurance Requirements**

Contractor can comply with the attached insurance requirements.

☐ Yes ☐ No

(Required: Check only one)

2
7**Compliance Violations**

Does Company have any compliance violations in the last five years?
If so, upload a brief summary of the violations and fines or penalty received.

☐ Yes ☐ No

(Required: Check only one)

2
8**Reference #1 Name. Company, Contact Information (Phone & Email)**

1**Exceptions to Regents Terms and Conditions**

Do you have any exceptions to the Regents Terms and Conditions (under the Attachments tab)? If YES, please list exceptions below.

☐ Yes ☐ No

(Required: Check only one)

3
2**Exception to Regents Terms and Conditions or to attachment included in this bid**

Include page number, section, and reason for exception.

Note: Exceptions taken to the RFP/RFQ documents may cause the Proposal to be rejected at the sole discretion of University. Any terms to which Contractor does not take exception shall be binding, and any subsequent objections to those terms shall have no effect.

(Optional: Maximum 1000 characters allowed)

3
3**Confidential or Proprietary Information**

Contractor identifies portions of this Proposal listed as confidential under the Iowa Open Records Law.

☐ Yes ☐ No

(Required: Check only one)

3
4**Description of Confidential Information**

If YES, provide the description of the confidential information including the specific subsection of Iowa Code §22.7 that is believed to be applicable.

Note: Contractor's name, pricing information and other financial offers must be released pursuant to Iowa Administrative Code §681-8.1(h) and cannot be identified as confidential.

(Optional: Maximum 500 characters allowed)

3
5**Contractor Certification**

In response to this RFP/RFQ and after carefully reviewing all instructions, scope of work/specifications, and terms in the RFP/RFQ documents, submits this Proposal as an offer to enter into a mutually acceptable contractual agreement with University. If this Proposal is accepted by University, Contractor agrees to provide goods and/or furnish services in accordance with this Proposal.

Contractor certifies that: **(a)** this Proposal is genuine and is not made on behalf of any undisclosed person or entity; **(b)** Contractor is not a "Conflict of Interest Vendor"; **(c)** any prices or hourly rates in the Proposal have been arrived at independently, without consultation, communication, or agreement with any competitor for the purpose of restricting competition; **(d)** any prices or hourly rates which have been provided in this Proposal have not been knowingly disclosed by Contractor, directly or indirectly, to any competitor; **(e)** Contractor has not attempted to induce any person or entity to submit or refrain from submitting a proposal for the purpose of restricting competition; and **(f)** Contractor has not offered or made a gift to a University employee in violation of Iowa law.

(Optional: Numbers only)

24. Transportation cost PER MILE of - "Milk-run" from large Agency to UNI, Cedar Falls, Iowa

(Optional: Numbers only)

25. Transportation cost PER MILE of - "Milk-run" state agencies or DOT county facilities

(Optional: Numbers only)

26. Transportation cost PER MILE of - "Milk-run" state agencies or DNR Parks facilities

(Optional: Numbers only)

27. Transportation cost PER MILE of - "Milk-run" Regional Collection Center facilities

(Optional: Numbers only)

28. Please Refer to attached Cylinders- Exhibit One. Please download, complete and upload in Excel format with bid response.

Pricing, EPA waste codes, DOT descriptions, disposition, and pricing are to be provided for the scenario listed in Cylinders- Exhibit One. Provide pricing with the assumption that entity will pre-pack (if allowed) and add in price for bidder packing in the appropriate space. Scenarios will be given for each entity and one remote DOT location.

Upload/include any additional disposal/treatment methods for this scenario.

29. Labor

Per employee/per hour on site if not included in rates listed in Exhibit One. Bidder shall clearly indicate if labor must be calculated as an additional cost. Note: All Regional Collection Center Facilities will lab pack their own materials providing inventory to contractor before pick up. Chemists are not expected to be needed for pick up, and bids should reflect this cost as an addition, not a routine charge.

(Optional: Numbers only)

30. Is Pricing is firm for the duration of the contract?

☐ Yes ☐ No

(Optional: Check only one)

31. If pricing is not firm, please indicate the years of the contract the price will be firm.

(Optional: Numbers only)

32. After firm pricing expires, please list the percent increase per year thereafter.

 %

(Optional)

33. Describe any items your firm is not authorized/permitted to accept or treat on-site. Describe alternate disposal methods for these items including possible sub-contractors or designated facilities not owned or operated by your company.

(Optional: Maximum 1000 characters allowed)

34. Does your firm provide treatment of compressed gases on-site?

☐ Yes ☐ No

(Optional: Check only one)

35. If Yes, generally describe the treatment processes, including possible regulatory/permitting concerns. (Iowa does not have a state EPA program)

(Optional: Maximum 1000 characters allowed)

36. Can Iowa State ship unknown cylinders as samples to your facility for analysis and disposal?

☐ Yes ☐ No

(Optional: Check only one)

37. If Yes, describe the procedure.

(Optional: Maximum 1000 characters allowed)
