

Notice of Request for Proposals

Grant Development and Administration Services

The Physical Plant of Southern Arkansas University, Arkansas is soliciting proposals from qualified firms or individuals to provide professional grant development and administration services. The successful proposer will assist Southern Arkansas University in identifying, applying for, and administering federal and state grants in support of its public safety, infrastructure, and development priorities.

Proposals will be accepted until 2:00pm on July 9, 2026. The complete Request for Proposal is available on the University's website at www.saumag.edu or by contacting Kyle Newton, Director for Facilities at kylenewton@saumag.edu.

Southern Arkansas University reserves the right to reject any and all proposals. Selection will be based on qualifications, experience, references, approach, and fee structure.

Southern Arkansas University is an Equal opportunity Employer
