

Addendum 2: RFP for Website/Mobile Application
February 17th, 2016

Is Town of Slave Lake more flexible with the project budget or overall budgeted amount of \$35,000 is firm and if it is USD or Canadian Dollars.

- The Town of Slave Lake will accept all proposals over the \$35,000 Canadian budget, but it will score lower when evaluating the RFP Price criteria.

Is there any timeline in mind for deployment of the application?

- As specified on Page 11 of the RFP, we hope to have the Website launched by September of this year, with an expected launch for the Mobile application shortly after, potentially an October date. In the quotation from bidders please specify if this is achievable if not please state how you would see the deployment of the application.

Is Town of Slave Lake looking to create the mobile app for iOS platform only or the app should work on Android device also.

- The Mobile Application should work on all platforms, Tablets, iOS platforms, and Android Devices.

Will the mobile application developed be done using Native SDK or Hybrid deployment using tools like Phonegap can be used?

- We are looking for the best way to reach as many residents in the Slave Lake area as possible. We want to leave the development of the application up to you. We are looking for a unique look for the application, how a bidder designs it, and creates the app, is up to them.
