**Bid No. 10533**  
**Correctional Food Services**  
**Addendum No. 1**

This Addendum consists of four (4) pages total and maintenance invoices as requested.

1. **BID DUE DATE:**

The RFP Response due date and time will remain the same: March 16, 2016 **prior to 5:00:00 PM.**

2. **QUESTIONS AND ANSWERS:**

The following questions were asked on Pubic Purchase. Because the responses may be beneficial to all prospective proposers, the responses are hereby provided as an addendum. In cases where this addendum may conflict with the original specifications, this addendum shall prevail.

	QUESTION	ANSWER
1.	What are the calorie requirements for all meals at all adult, juvenile and senior locations?	All food meals require compliance with Title 15. It is not a specific caloric count as that could change in Title 15.
2.	Are all meals produced using cook-serve or cook-chill process?	All regular meals are currently cook-chill, with the exception of sack lunches.
3.	What is the total number of staff break rooms at each location?	We have one break room at each of the two Jail facilities, and one break room at the Juvenile Detention facility.
4.	Page 9 concerning the Spirit lifter meals, you have identified 7 in the RFP. Because the RFP states "as determined by the Contract Administrator, would the county consider putting a cap on the number of these meals?	No, at this time the County is not willing to place a cap on the number of Spirit lifter meals.
5.	Page 9 concerning the preference special "no soy" diets, what criteria is utilized to decide if these diets are a necessity?	Our medical provider, makes a determination on all special diets, including "no soy" diets.
6.	What types of meals are provided for Kosher and Halal diets?	Kosher and Halal diets consist of a rotating variety of items all of which are compliant with Title 15.

7.	How many Kosher and how many Halal diets are there?	Currently we have 3 Kosher diets.
8.	Page 9 concerning transport, please confirm that the vendor will be transporting the meals in a private vehicle driven by contractor employees?	The vendor will be responsible for transporting the meals.
9.	Page 12 concerning Maintenance of Equipment, please provide us with copies of all maintenance and repair invoices and costs for the past 12 months?	Please see the attached PDF file for the invoices requested.
10.	Please provide us with copies of all the invoices for <u>preventative</u> maintenance for kitchen equipment/fixed assets and the hoods and ducts for the past 12 months	These are included in the attached PDF.
11.	Would the County consider putting a cap on this expense?	No, the Food Service provider will be responsible for all of the preventative maintenance charges.
12.	Will the contractor bill/collect applicable CA sales tax and make the payments?	Currently we do not collect sales tax because it is an internal government function. It is possible the contractor will bill/collect applicable CA sales tax. We are following up with a sales tax consultant for confirmation.
13.	Page 12 concerning Utilities, are the kitchen utilities separate from the rest of the facility's? If yes, can you provide copies of each utility invoices for the past 12 months?	The Kitchen area is metered separately from the rest of the facility for electrical, gas and water usage. The electrical meter serving the kitchen is being replaced to meet this requirement.
14.	If no, how will the county calculate the kitchen utility cost? Would the county consider putting a cap on this expense?	Please see the response in question 13. At the time the County is not inclined to cap these expenses.
15.	Regarding the end of 4.11 at the top of page 13, is the question referring to the building fixtures like the drive in refrigerators and freezers?	This requirement is addressing all the fixed assets included in Attachment B.
16.	Has the new jail's ODR (officer's Dining room) equipment been used in the past 12 months?	The warming and cooling tables have not been used in the last twelve months. All other equipment is used on a regular basis.

17.	May we have a copy of your Pest Control contractor invoices for the past 12 month?	Current service cost for this location is as follows: Service provided Bi-Monthly at \$52.00 per service. Specific invoices are not available.
18.	What is the anticipated start date for the contract?	The anticipated start date for the new contract would be sometime between June and September of 2016. A transition period will be negotiated.
19.	Are any of the current food service employees not in the Probation Department?	No. Currently the Probation Department has 13 kitchen staff employees that all reside within Probation.
20.	Will the contractor be allowed to interview the current kitchen staffing onsite?	Yes. The contractor will be allowed, to interview all current kitchen staff.
21.	What type and model # trays are being used?	Currently we utilize a laminated, molded pulp 3 compartment food tray.
22.	What type of baskets are the meals placed in?	Meals are typically transported inside insulated Cres Cor carts.
23.	Who is your trash removal company?	City of Roseville.
24.	Are any disposable trays being used for any of the entities meal service? If so, for what customer and how many meals per week are they used for?	Yes. They are utilized in the Senior's First contract as well as all meal services.
25.	Are cups and/or Sporks issued to the Inmates by the County?	Yes, by the current Food Service program.
26.	Will contractor transport vehicles be given assigned parking spaces at the South Placer Jail kitchen and the Auburn Jail?	Yes, one box truck can park in front of loading dock bay door #1. The other truck can park next to the trash dumpster storage enclosure across from the loading dock.
27.	Will the Contractor deliver Officer meals to the old jail kitchen in Auburn Jail ODR?	Yes
28.	How many Officer meals are served in the Auburn Jail ODR and how many at the new South Jail ODR annually?	The Sheriff's Office currently has a contract in place with an outside vendor for staff dining of its officers. Staff meals for Sheriff and Probation total approximately 64,000 annually.
29.	When could the current Staff Meals contract end?	The current County service model would end between June and September, 2016. A transition period will be negotiated. (see question #18.)

30.	What equipment in the kitchen might stay operational?	All equipment listed on the asset list is currently operational and available to the contractor.
31.	Will the contractor be able to use any storage space at the kitchen?	Additional information is needed to fully understand and respond to this question.
32.	4.8 MEALS AND MENUS: May the contractor serve a Cold Sack meal at breakfast or at dinner? As long as proposed services meet Title 15.	The meals served in the juvenile hall must remain at three hot meals per day.
33.	How long does a background clearance take for potential contractor new hires?	Typically 2 weeks

With the exception of the above noted items, all other requirements, terms, and conditions of this Bid and previous addendums remain in full force and effect. Your response shall consider and/or address the clarifications addressed herein.

WALK-IN, This is a Service call to assess, repair [if needed] then adjust temp control on refer unit #6. The unit temp on the unit should be above freezing point. The unit is located in the kitchen Ingredient Room Area. I SENT AN EMAIL TO GET A BETTER DESCRIPTION WHAT IS WRONG WITH THE BOX, TOO COLD OR TOO HOT. CALL WAS EMAILED TO SERVICECALL. JMUC

7/1/15, NEW RATES FOR P.M. WORK AND FOR EMERGENCY REPAIRS. WE HAVE A 2 HOUR RESPONSE TIME. SEE JMUC FOR MORE INFO. NTE OF \$1000 PER S/O. JMUC. Roseville Jail Access ? Central Control will let Tech thru the gate and the tech will wait at ?Door 1000? until escorted inside. The tech may use ?house phone? at Door 1000 to contact facility staff if necessary..

**Service Performed:**

11.17.15 FLAN..

Check out the #6 walk in refer. Found the bottom 1/3 of the coil is frozen up. Inspect the txv and solenoid valve. Looks like the coil is starving because only the bottom rows are iced up. Need to order a TXV and liquid line solenoid

12.15.15.. FLAN..

Arrived on site and get access to roof. Isolate all the refrigerant in the rack and then remove and replace the txv and solenoid in walk-in #6 as needed. Start the system back up again and will follow up on it in a couple of days.

12.18.15 FLAN

Follow up on walk in. Coil is clear and temps are good..

12.24.15 FLAN.. As I was driving home Joel called me and said the #11 and #12 walk ins were not working. I returned to the site and found both not working. Get access to the roof and check the refer condensing unit. Found the #1 breaker was tripped. When I reset it the compressors started to come on but then tripped the breaker again.. I Reset it again but nothing came on. Found there was no voltage at the main power supply. Evidently the main tripped in the building.

The kitchen staff does not have access to the maintenance rooms to check the breakers. Joel called Kitchell to have a maintenance person come out. Passed call to the on-call tech.

Kitchell did not come out. They had the Sgt on duty come over to open the maintenance and roof access doors. Found that the left compressor is tripping the mains when powered. S#2579136613

12/24 thor

Assisted Flan in troubleshooting walk in refer system 3.

12.28.15 FLAN.. Get all info for parts and quote out the repair..

1.08.16 FLAN.. Arrived onsite, unload and prep new compressor, unbolt and remove old compressor. Crane arrived and swap out compressors. Install new compressor as needed, test and works. Will return on Monday to follow up on unit.

1.11.15 FLAN.. Follow up on new compressor, found oil reservoir low on oil. Run up to parts house for more oil, return and refill with 2 gallons of oil. Replace both compressor contactors as needed. Test operation again and checks ok at this time.

11-12-15- Food bank door needs gasket replaced, see file room. Door is 53" x 87", made by Edey, m#shs-p-88, s#18220. Called Edey @ 800-333-9634 they were closed, left message. Food bank door switch needs power supply cords replaced, cord jacket is deteriorating, see file room. Approx 13' 2 wire, 14 awg, sjow cord. One piece approx 3", to door switch box, 1 piece approx 10' hangs from door heater terminals to j box. approx labor 1.5 hour Anne would like us to fabricate a guard to prevent food carts from damaging interior door switch j box, see file room. Fasten guard to interior wall in wall.

12/29/15 / DRIS / Arrived on site and checked in with Anne. Shut off power to door motor at circuit breakers 1, 3, and 5 in Panel ELKB and to door heater at circuit breaker 13 in Panel ELKA in Electrical Room next to Staff Dining. Removed door heater cord, installed new door heater cord with new ring terminals, restored power at circuit breakers, test ok. Removed broken top door gasket, installed new top door gasket with stiff ridges in, test ok. Returned unit to service and informed Anne we will need to return to complete repair. / DRIS /

1/6/16 / DRIS / Arrived on site and checked in with Anne, found door top gasket had been pulled out of gasket holder to the right, entire length of gasket surface rough from door rubbing. Called Edey, spoke with lady in parts who advised that gasket should be installed with stiff ridges out for these older doors. Reversed door top gasket, test ok. Removed both door side gaskets, installed new door side gaskets, test ok. Removed damaged wire to door lockout switch, installed new conduit with 14 gauge heat wire, test ok. Delays due to meal prep and Food Bank restocking. Still need to replace one damaged 15' cord over top of unit for door lockout switch, very thick wiring or heat wiring with conduit will not work. Returned unit to service and informed Anne of findings. / DRIS /

1/7/16 / DRIS / Arrived on site and checked in with Anne, turned off power to the unit, disassembled and removed damaged cord for door lockout switch, installed new cord, reassembled unit, restored power, test ok. Returned unit to service and informed Anne repair is complete. / DRIS /

FREEZER RACK.. THE LOW PRESSURE CONTROLL FOR THE LEFT COMPRESSOR IS TRIPPING. FOUND DURING REPAIRS ON THE REFER RACK

1.11.16 FLAN.. During repairs on the refer rack system we noticed that one of the compressors for the freezer rack was not coming on. Determined that the low pressure controll is tripping the reset when the cut out happens.

Advise Danny of the problems. He approved the repair but wants a quote sent. He also wants us to schedule it for a Monday or Tuesday in the AM so we can see one of the mixers in operation that has a noise. \*\*\*must sched with Danny\*\*

1.22.16 FLAN.. Arrived onsite and check in with Daniel. Get access to roof, replace the low pressure controll as needed and test. Unit still tripping on low pressure and will not reset. Need to check with United Refrigeration on this part, may have got the wrong one. Put in continue for Monday.

No travel already onsite..

1.25.16 FLAN.. New part in hand.. Need to return to finish.

1.29.16 FLAN.. Remove and replace the low pressure controll as needed. Cycle the compressors on/off using the outputs from the Einstein controll boards to set the cut in and cut out pressures as needed. Operation of both compressor looks good..

Created a new service order for the Gemini mixer..

**Service Performed:**

2/11/16 / DRIS / Arrived on site and checked in with Daniel, confirmed complaint of no operation, light indicates In Cycle. Opened relay cover, found ladder logic controller display indicating Pump Motor Overcurrent Fault and IMCP fault and IMCP relay in tripped position. Reset IMCP relay and ladder logic controller, turned power switch Off and On, pressed Cycle Start button, both faults reoccurred immediately. Reset both, verified water level ok and both doors shut, retried, ran complete Light Cycle then complete Medium Cycle, all tests ok. Operator stated that he had removed small plastic bag full of debris from sump and water spray jets after unit went down and that wash heater was left On overnight with no water in sump. Returned unit to service and informed Daniel of findings and corrective action taken. No parts replaced today. / DRIS /
